Eric. J Evans, 2014-06-11 In the years 1815-1832 Britain came close to revolution Fewer than twenty years separate the Battle of Waterloo from the passing of the Great Reform Act but during this period Britain's political elite was challenged as never before In rising to that challenge the political elite attempted with considerable success to ensure that Britain engineered that most perilous of transitions from a less complex and more deferential society into a modern urban and industrial one while avoiding political revolution In this extensively revised 2nd edition Evans engages with a welter of new material and fresh interpretations The book sheds light both on the challenges to existing political and social authority and why those challenges were seen off Evans examines The composition of Britain's political elite and how this elite coped with the problems thrown up by a society urbanising and modernising at an unprecedented rate How Britain reacted to the longer term implications of the French Revolution including the development of a more cohesive national identity How the elite attempted to maintain public order in this period and with what success The extent of change in Britain's political system brought about by political religious and administrative reforms Written in accessible style with a rich collection of documents chronology glossary a guide to further reading and a Who's Who which summarises the careers and contributions of the main figures this new edition is essential for all those interested in understanding Britain at this most crucial turning point in its history

**Anger, Revolution, and Romanticism** Andrew M. Stauffer, 2005-08-11 The Romantic age was one of anger and its consequences revolution and reaction terror and war Andrew M Stauffer explores the changing place of anger in the literature and culture of the period as English men and women rethought their relationship to the aggressive passions in the wake of the French Revolution Drawing on diverse fields and discourses such as aesthetics politics medicine and the law and tracing the classical legacy the Romantics inherited Stauffer charts the period's struggle to define the relationship of anger to justice and the creative self In their poetry and prose Romantic authors including Blake Coleridge Godwin Shelley and Byron negotiate the meanings of indignation and rage amidst a clamorous debate over the place of anger in art and in civil society This innovative book has much to contribute to the understanding of Romantic literature and the cultural history of the emotions

**Statesmen in Caricature** N. G. Howe, 2019-02-21 The years 1780 to 1820 have long been seen as the Golden Age of the English satirical print This period witnessed a number of changes in style which had far reaching consequences including an increase in the effectiveness of the caricature as visual propaganda William Pitt the Younger and Charles James Fox were the leading politicians of the age continuing a family rivalry begun by their fathers They were amongst the most caricatured men of their time and became emblems of the two sides of the political debate whilst gathering personal followings based upon personality rather than filial or political patronage Fox and Pitt the Younger came to represent a more modern notion of the party leader in an age before formalized political parties and structures Neil Howe here shows how stock images came to the fore and examines the central role they played within the visual representation of politicians during the late eighteenth century His book also chronicles how the biggest political rivalry of the age played out

within contemporary caricature from the emergence of Fox and Pitt as big political beasts in the wake of the American Revolution through the East India Bill Crisis Regency Crisis and French Revolution to the death of both men in 1806
