From El Dorado to Lost Horizons Ken Windrum, 2019-03-25 Investigates how musicals war films sex comedies and Westerns dealt with contentious issues during a time of change in Hollywood The era known as the Hollywood Renaissance is celebrated as a time when revolutionary movies broke all the rules of the previous classical era as part of the ferment of the late 1960s and early 1970s Yet many films during this era did not overtly smash the system but provided more traditional entertainment based on popular genres for a wider audience than the youth culture who flocked to more transgressive fare Ken Windrum focuses on four genres of traditionalist movies big budget musicals war spectacles naughty sex comedies and Westerns *From El Dorado to Lost Horizons* shows how even seemingly innocuous family oriented films still participated in the progressive aspects of the time while also holding a conservative point of view Windrum analyzes representations of issues including gender roles marriage sexuality civil rights and Cold War foreign policy revealing how these films dealt with changing times and reflected both status quo positions and new attitudes He also examines how the movies continued or deviated from classical principles of structure and style Windrum provides a counter history of the Hollywood Renaissance by focusing on a group of important films that have nevertheless been neglected in scholarly accounts This book is detailed and insightful in discussing the traditional classical and maverick but ultimately recuperative qualities of the mainstream films of the period Windrum's discussion of the narrative structure and stylistic elements of the films both classical and innovative is a highlight of the book Glenn Man author of *Radical Visions American Film Renaissance 1967-1976*

Desert War Jean Paul Pallud, 2022-09-21 A study of the North Africa campaign of World War II featuring a plethora of battlefield photographs from during the war and now Following Mussolini's declaration of war in June 1940 initially Italy faced only those British troops based in the Middle East but as the armed confrontation in the Western Desert of North Africa escalated other nations were drawn in Germany Australia India South Africa New Zealand France and finally the United States to wage the first major tank versus tank battles of the Second World War First tracing the history of the very early beginnings of civilisation in North Africa and on through the period of Italian colonisation Jean Paul Pallud begins his account when the initial shots were fired at the 11th Hussars as they approached Italian outposts near Sidi Omar in Libya It proved to be the opening move of a campaign which was to last for three years When the Afrikakorps led by Rommel joined the battle in February 1941 the Germans soon gained the upper hand and recovered the whole of Cyrenaica minus Tobruk in the summer The campaign then swung back and forth across the desert for another year until Rommel finally captured Tobruk in June 1942 and then moved eastwards into Egypt With British fortunes at their lowest ebb changes in command led to Montgomery launching his offensive at El Alamein the following November This began the advance of the Eighth Army over a thousand miles to Tunisia resulting in the final round up of the German and Italian forces in May 1943 Jean Paul and his camera retraced the route just prior to the recent civil war in Libya and the uprisings in Tunisia and Egypt in 2011 so he was fortunate to capture the locations before yet another war left its trail of death and destruction Although the campaign in 1940-43 was dominated largely by armour nevertheless the Allies lost over 250 000 men killed wounded missing and captured and the Axis 620 000 Those that never came home lie in cemeteries scattered across the barren landscape of a battlefield that has changed little in over 70 years

Hollywood Director is a must read for anyone interested in the enduring work of this unheralded but no less noteworthy master of American cinema **Discovering the Rommel Murder** Charles F. Marshall, 2017-09-15 Field Marshal Erwin Rommel's heroic opposition to Hitler in 1944 cost him his life In this intriguing well paced tale of a journalistic coup Marshall the first to discover the real events behind Rommel's death tells how he learned the facts from Rommel's widow and delves into the great general's background and death He arrived at his conclusions based on his intimate knowledge of men on Rommel's staff and his access to Rommel's papers including letters from the general to his wife Here for the first time in paperback is the exciting story of how the world learned about the way the Desert Fox met his death *Miscellaneous Publications* Great Britain. Ministry of Information, 1941 [Kill Rommel!](#) Gavin Mortimer, 2014-02-20 In November 1941 a small party of British Commandos landed by submarine in Libya tasked with the assassination of General Erwin Rommel commander of the German forces in North Africa who was believed to be staying in a villa near the coast Three men Lt Col Geoffrey Keyes Capt Robin Campbell and Sgt Jack Terry stormed the villa but the German general was nowhere to be found In the confused fighting Keyes was killed and Campbell wounded only two raiders would escape one of whom was Terry The raid made headlines round the free world and Keyes was awarded a posthumous Victoria Cross Yet in truth the raid had been a glorious failure a mission bedevilled by bad planning and poor intelligence Even so crucial lessons were learned particularly by the Special Air Service who carried out their first mission on the same night as the raid on Rommel's HQ

Filmfacts , 1971 **"A" Force** Whitney Bendeck, 2013-10-15 June 1940 The Italians declared war on the British Completely unprepared for war the British had only 35 000 troops to defend Egypt Opposing them the Italian army in Libya numbered at least 215 000 in East Africa the Italians could muster another 200 000 men against a meager 19 000 British and commonwealth troops positioned in the Sudan and East Africa Out numbered and unlikely to receive sizable reinforcements of men or desperately needed supplies it is surprising that the British survived But they did How They got creative Under the leadership of General Archibald P Wavell the commander in chief of the Middle East the British set out to greatly exaggerate the size of their forces supply levels and state of battle readiness When their deceitful charades proved successful Wavell turned trickery into a profession and created an entirely new agency dedicated to carrying out deception A Force The Origins of British Military Deception during the Second World War looks at how and why the British first employed deception in WWII More specifically it traces the development of the A Force organization the first British organization to practice both tactical and strategic deception in the field Formed in Cairo in 1941 A Force was headed by an unconventional colonel named Dudley Wrangel Clarke Because there was no precedent for Clarke's A Force it truly functioned on a trial and error basis The learning curve was steep but Clarke was up for the challenge By the Battle of El Alamein British deception had reach maturity Moreover it was there that the deceptionists established the deception blueprint later used by the London planners used to plan and execute Operation Bodyguard the campaign to conceal Allied intentions regarding the well known D day

landing at Normandy In contrast to earlier deception histories that have tended to focus on Britain's later deception coups Bodyguard thus giving the impression that London masterminded Britain's deception efforts this work clearly shows that British deception was forged much earlier in the deserts of Africa under the leadership of Dudley Clarke not London Moreover it was born not out of opportunity but out of sheer desperation A Force explores an area of deception history that has often been neglected While older studies and documentaries focused on the D day deception campaign and Britain's infamous double agents this work explores the origins of Britain's deception activities to reveal how the British became such masterful deceivers

Hitler and the Occult Ken Anderson, 2010-10-05 Journalist Ken Anderson analyzes claims made by historian Trevor Ravenscroft and others that the Holy Lance which is said to have pierced the side of Jesus Christ took center stage in Hitler's life and was the focal point of Hitler's ambitions to conquer the world In addition to pointing out the flaws in this theory Anderson questions the veracity of the biblical story of the lance Was there some meaning behind the flight of Hitler deputy Rudolf Hess to Britain Hitler's supposed extrasensory perception his choice of the swastika as the Nazi symbol the superman who haunted the Fuhrer the use of Nostradamus in propaganda the way Americans were taken in by the astrological propaganda war and strange similarities between Hitler and Charlie Chaplin Anderson offers rational explanations for these alleged strange events and powers demonstrating that they cannot be attributed to Hitler

In the Shadows Michael Ashcroft, 2022-11-08 Winner of the Best Non Fiction by a Parliamentarian category at the Parliamentary Book Awards 2023 With a Foreword by Lord Hague of Richmond The Intelligence Corps is one of the smallest and most secretive elements of the British Army It has existed in various guises since the early twentieth century but it was only formally constituted in July 1940 In this book Michael Ashcroft tells the astonishing stories of some of its most courageous and ingenious figures who have operated all over the world from the First World War to the present day Whether carrying out surveillance work on the street monitoring and analysing communications working on overseas stakeouts receiving classified information from a well placed contact or interrogating the enemy in the heat of war a hugely diverse range of people have served in the Corps often supplementing their individual professional skills with original thinking and leadership in the name of the Crown This book pays tribute to them and shows why in the words of the 1st Duke of Marlborough No war can be conducted successfully without early and good intelligence

The Raid on Rommel Richard Bluel, Harry Tatelman, George Peppard, Rock Hudson, Universal City Studios, 1968

'Strafer' N. S. Nash, 2013-09-18 Unexpectedly selected by Churchill to command 8th Army in 1942 in place of the sacked Auchinleck Strafer Gott was targeted by German intelligence as he flew to Cairo to take up his new post Six ME109s intercepted his aircraft and after shooting it down deliberately machine gunned the crash scene Gott became the only Allied general to be successfully targeted by the Germans and as a result Montgomery was given command and the rest is history But as this long overdue and well researched biography reveals Strafer deserves to be remembered for his exceptional talents meteoric career and record of gallantry As a

young officer in The Great War he won the Military Cross many thought a VC would have been more appropriate and he repeatedly attempted to escape In 1939 he was commanding his Battalion as a Lieutenant Colonel and two years later he became a Lieutenant General He was recognised as a superb Desert General whose aggression originality and leadership qualities were supported by charm warmth and compassion While it is fascinating if unproductive to surmise what would have happened had Gott and not Monty fought Rommel it can be confidently said that relations with our allies would have benefitted Drawing on primary source material this first biography of an outstanding soldier and commander is not only a rewarding and revealing read but an important addition to the bibliography of the Second World War As featured in the Dover Express Ashford Herald and Folkestone Herald
