**Rainey** Lloyd J. Guillory, 2001-06 Rainey was born during the great depression in a rural country in Arkansas She was born of a sickly prostitute mother who lived with a grandmother on a small hard scrabble piece of farmland Their situation was so dire with the mother knowing she had not long to live and the grandmother too old to attempt to raise a child under such difficult circumstances the mother reluctantly offers Rainey up for adoption This was not uncommon during the depression when children were shunted off to relatives or neighbors Given first to another farm family which by today's standards would be considered dysfunctional she runs away at the age of six She eventually ends up with a group of women mostly old maid schoolteachers who make some attempt to restore a degree of normalcy to the child's life This is the nearest thing to a functional family she would ever know but an unfortunate and ill advised wartime marriage once again turns her on the wrong road of life She goes through a series of misfortunes including a jail term before she eventually meets the love of her life But once again fate is cruel to her because he is married She has an illegitimate child by him and knowing he cannot marry her leaves him with no forwarding address She returns to the area of her childhood where he now single eventually finds her and in true romance fashion they are brought together and supposedly live happily ever after

*Egypt's Golden Couple* John Darnell, Colleen Darnell, 2022-11-01 Two celebrated Egyptologists bring to vivid life the intriguing and controversial reign of King Tut's parents Akhenaten. Akhenaten has been the subject of radically different even contradictory biographies. The king has achieved fame as the world's first individual and the first monotheist but others have seen him as an incestuous tyrant who nearly ruined the kingdom he ruled. The gold funerary mask of his son Tutankhamun and the painted bust of his wife Nefertiti are the most recognizable artifacts from all of ancient Egypt. But who are Akhenaten and Nefertiti? And what can we actually say about rulers who lived more than three thousand years ago? November 2022 marks the centennial of the discovery of the tomb of Tutankhamun and although King Tut is a household name his nine year rule pales in comparison to the revolutionary reign of his parents Akhenaten and Nefertiti. They became gods on earth by transforming Egyptian solar worship, innovating in art and urban design and merging religion and politics in ways never attempted before. Combining fascinating scholarship, detective suspense and adventurous thrills *Egypt's Golden Couple* is a journey through excavations, museums, hieroglyphic texts and stunning artifacts. From clue to clue, renowned Egyptologists John and Colleen Darnell reconstruct an otherwise untold story of the magnificent reign of Akhenaten and Nefertiti.

Cravey, author of *Women and Work in Mexico's Maquiladoras*. In recent decades, Latino immigration has transformed communities and cultures throughout the southeastern United States and become the focus of a sometimes furious national debate. *Global Connections and Local Reception* is one of the first books to provide an in-depth consideration of this profound demographic and social development. Examining Latino migration at the local, state, national and binational levels, this book includes studies of southeastern locales and a statewide overview of Tennessee. Leading migration scholar Alejandro Portes offers a national analysis while Raquel Delgado Wise provides a Mexican perspective on the migration issue and its policy implications for both the United States and Mexico. This collection contains a broad base of contributions from legal scholars, sociologists, anthropologists, geographers and political scientists. Readers will find demographic data, charting trends in immigration, descriptions of organizing and of individual experiences, a quantitative comparison of new and old destinations, a critical history of U.S. immigration policy in recent decades, a report on access to housing and efforts to enact anti-immigrant laws, an assessment of how mass outmigration currently affects the national economy and communities in Mexico, analysis of the way dominant ideology frames black-brown relationships in southern labor markets and a concluding essay with detailed recommendations for making U.S. immigration policy just and humane.

**Resisting History** Barbara Ladd,2012-01-02 In a major reinterpretation Resisting History reveals that women as subjects of writing and as writing subjects themselves played a far more important role in shaping the landscape of modernism than has been previously acknowledged Here Barbara Ladd offers powerful new readings of three southern writers who reimagined authorship between World War I and the mid 1950s Ladd argues that the idea of a new woman released from some of the traditional constraints of family and community more mobile and participating in new contractual forms of relationality precipitated a highly productive authorial crisis of gender in William Faulkner As new women themselves Zora Neale Hurston and Eudora Welty explored the territory of the authorial sublime and claimed for themselves and other women new forms of cultural agency Together these writers expose a territory of female suffering and aspiration that has been largely ignored in literary histories In opposition to the belief that women s lives and dreams are bound up in ideas of community and pre contractual forms of relationality Ladd demonstrates that all three writers Faulkner in As I Lay Dying Welty in selected short stories and in The Golden Apples and Hurston in Tell My Horse place women in territories where community is threatened or nonexistent and new opportunities for self definition can be seized And in A Fable Faulkner undertakes a related project in his exploration of gender and history in an era of world war focusing on men mourning and resistance and on the

insurgences of the masses the feminized others of history in order to rethink authorship and resistance for a totalitarian age Filled with insights and written with obvious passion for the subject *Resisting History* challenges received ideas about history as a coherent narrative and about the development of U S modernism and points the way to new histories of literary and cultural modernisms in which the work of women shares center stage with the work of men **Feminisms and**

**Womanisms** Althea Prince, Susan Silva-Wayne, 2004 *Feminisms and Womanisms* brings together theory and practical application so that feminist discourse interacts as a partner with the lived experience of women s social action The selections combine classics in feminist thought with work from modern theorists and offer a solid foundation in international feminism The conceptual understanding embedded in the terms feminism and womanism contributes to feminist discourse a carefully differentiated focus on the ideological uses of language to define relationships that have been historically mired in domination The terms also define the way gender often has been used to signify and support domination Given that feminism and womanism are interpretive concepts there is always a sense that knowledge making is in progress for there is nothing static or stagnant about feminism feminist theory and feminist action The formative nature of the feminist movement has of necessity a parallel interpretive theory This reader embraces both the formative nature of the movement and the accompanying interpretive theories It also pays attention to the chronological cultural geopolitical racial and ethnic landscapes and sites where women live carry out social action and theorize issues of equality For both the general and academic reader this book will be edifying while providing exposure to the feminist womanist voices that inform the scholarship [A Nation of Outsiders](#) Grace Elizabeth Hale, 2014 A broad cultural history of the postwar US this book traces
