Regents Reformers And Revolutionaries Indonesian Voices Of Colonial Days Selected Historical Readings 1899 1949:

Regents, Reformers, and Revolutionaries Greta O. Wilson, 1978 *Regents, Reformers, and Revolutionaries* Miriam Sharma, 1978 Bibliography of the Indonesian Revolution H.A.J. Klooster, 2024-12-09 Interest in the Indonesian Revolution a period of crucial importance in the history of modern Indonesia continues unabated as reflected in this bibliography The bibliography lists more than 6 000 titles related to the Indonesian Revolution 1945 1949 the West Irian issue 1950 1962 and the South Moluccan question 1950 1951 and its aftermath It is the first bibliography of such depth and scope and purports to offer a complete listing of scholarly works including unpublished theses as well as journalistic accounts pamphlets memoirs and fictional works Most of the works listed are in Indonesian Dutch or English but relevant works in French German Russian Japanese and other languages have also been included An introduction allows a first acquaintance with the mass of publications listed The titles are arranged by period and subdivided by language Indexes of authors of subjects of persons and of geographical names make it possible to access the titles in more detail **Historical Dictionary of Indonesia** R. B. Cribb, Audrey Kahin, 2004 Indonesia is Asia's third largest country in both population and area a sprawling tropical archipelago of some 180 million people from hundreds of ethnic groups with a complex and turbulent history One of Asia's newly industrializing countries it is already a major economic powerhouse In over 800 clear and succinct entries the dictionary covers people places and organizations as well as economics culture and political thought from Indonesia's ancient history up until the recent past Includes a comprehensive bibliography maps chronology list of abbreviations and appendix of election results and major office holders This second edition has been thoroughly updated and expanded to cover the events that have occurred in Indonesia's history in the past fifteen years Historical Dictionary of Indonesia Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world's most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of *Historical Dictionary of Indonesia* contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone

wanting to know more about Indonesia *The Cavern-Mystery Transmission* Charles D. Benn, 2019-03-31 Very little scholarly research has been done on the institutional structure of Taoism in medieval times With this study of investiture Benn attempts to fill that void He describes the mechanism by which the Taoist priesthood ordered and perpetuated itself as revealed in a rare account of an ordination rite for two T'ang princesses He examines the lives of the participants the hierarchy of the clergy the liturgy and the significance of the altar and its furnishings and discusses other works of Chang Wan-fu who authored this account *Nationalists, Soldiers and Separatists* Richard Chauvel, 2008-01-01 On 25 April 1950 the Republic of the South Moluccas was proclaimed in Ambon Town Not until December after a breakdown in negotiations and a protracted battle did the Indonesian army take control of Ambon Island In remote parts of inhospitable Ceram RMS remnants held out until 1962 This book examines the revolt of the Republic of the South Moluccas in the context of the social and economic changes experienced in Ambonese society during the last century of colonial rule **The Origins of Japan's Modern Forests** Conrad Totman, 2019-09-30 The woodlands of Japan vary substantially from north to south and the patterns of their use and abuse differed from area to area during the Edo or early modern period 1600-1868 Nevertheless the basic characteristics and rhythms of forest history were common to all of Japan except the sparsely populated northern island of Hokkaido It is possible therefore to illuminate the general experience by scrutinizing a section of the whole The section selected here is Akita a prefecture of northern Japan whose forests are among the nation's most famous Three considerations make this choice attractive The topic has clearly delineated boundaries largely because the Akita region was a single coherent political unit during the Edo period the documentation on the early modern forest situation there is extensive and accessible finally and as a consequence of the second factor Japanese scholars have already published excellent studies on key aspects of Akita forestry These factors have made this a relatively convenient area to examine and discuss in the short compass of this study *Torn Between America and China* Daniel Novotny, 2010 How can a developing democratic and predominantly Muslim country like Indonesia manage its foreign relations while facing a myriad of security concerns and dilemmas in the increasingly complex post-Cold War international politics without compromising its national interests and sacrificing its independence Approaching this problem from the vantage point of the Indonesian foreign policy elite this book explores the elite's perceptions about other states and the manner in which these shape the decision-making process and determine policy outcomes The combined qualitative and quantitative research strategy draws on a unique series of in-depth interviews with 45 members of the Indonesian foreign policy elite that included the country's present and/or former presidents cabinet ministers high-ranking military officers and senior diplomats Among all state actors Indonesian relations with the United States and China are the highest concern of the elite The leaders believe that in the future Indonesia will increasingly have to manoeuvre between the two rival powers While the United States during George W. Bush's presidency was seen as the main security threat to Indonesia China is considered the main malign factor in the long run with power

capabilities that need to be constrained and counter balanced **Thailand in Transition** Ross Prizzia, 2019-03-31 Thailand in Transition goes beyond the conventional approach to Thai politics present in most of the literature which concentrates on the traditional institutions in Thailand the monarchy the military and the bureaucracy The objective here has been rather to examine the more contemporary emergent oppositional forces struggling to play a permanent and significant role in the broader context of Thai politics Oppositional forces in Thailand are many and varied ranging from the outlawed Communist Party of Thailand CPT which seeks to overthrow the Thai government to the Thai Parliament which is usually legitimized as part of the the government for brief periods between military coups The book focuses on the CPT workers students and Parliament by presenting in historical perspective the origins nature and influence of each as an oppositional force in Thai politics Special attention is given to the transitional role of these oppositional forces during and after the dramatic shifts in Thai politics precipitated by the student revolution of 1973 the military coup of 1976 the increased hostilities between the People s Republic of China PRC and Vietnam in 1979 and the abortive coup by the Thai Young Turk military faction in 1981
