Regimes Of Language Ideologies Politics Identities:

Regimes of Language Paul V. Kroskrity, 2000 In this text ten linguistic anthropologists integrate two often segregated domains politics and language It addresses the role of language ideologies in state formation nationalism and the maintenance of ethnic groups as well as the creation of national ethnic and professional identities **Sign Language Ideologies in Practice** Annelies Kusters, Mara Green, Erin Moriarty, Kristin Snoddon, 2020-08-10 This book focuses on how sign language ideologies influence manifest in and are challenged by communicative practices Sign languages are minority languages using the visual gestural and tactile modalities whose affordances are very different from those of spoken languages using the auditory oral modality *Language in the Trump Era* Janet McIntosh, Norma Mendoza-Denton, 2020-09-03 Early in his campaign Donald Trump boasted that I know words I have the best words yet despite these assurances his speech style has sown conflict even as it has powered his meteoric rise If the Trump era feels like a political crisis to many it is also a linguistic one Trump has repeatedly alarmed people around the world while exciting his fan base with his unprecedented rhetorical style shock tweeting and weaponized words Using many detailed examples this fascinating and highly topical book reveals how Trump s rallying cries boasts accusations and mockery enlist many of his supporters into his alternate reality From Trump s relationship to the truth to his use of gesture to the anti immigrant tenor of his language it illuminates the less obvious mechanisms by which language in the Trump era has widened divisions along lines of class gender race international relations and even the sense of truth itself **Language Variation - European Perspectives IV** Peter Auer, Javier Caro Reina, Göz Kaufmann, 2013-05-28 The eighteen contributions in this volume are based on papers presented at the 6th International Conference on Language Variation in Europe ICLaVE 6 which was held at the University of Freiburg Germany from June 29 to July 1 2011 The volume includes plenaries by Sjef Barbiers Where is syntactic variation and Arnulf Deppermann Stefan Kleiner Deppermann Kleiner and Kn bl Katerbow Moosm ller and Scheutz Sch tzler Schleef West Zeller Ziegler but morphological variation Cornips and Hulk Dal Negro morphosyntactic variation Melissaropoulou Themistocleous Tsiplakou and Tsolakidis and syntactic variation Barbiers H kansson Rothmayr are also represented Additional papers deal with code switching **Language Policy and Planning in Universities** Anthony J. Liddicoat, 2018-10-18 In a world where higher education is increasingly internationalised questions of language use and multilingualism are central to the ways in which universities function in teaching research and administration Contemporary universities find themselves in complex linguistic environments that may include national level language policies local linguistic diversity an internationalised student body increasing international collaboration in research and increased demand for the use and learning of international languages especially English The book presents a critical analysis of how universities are responding these complexities in different contexts around the world The contributions show that language issues in universities are complex and often contested as universities try to negotiate the national and the international in

their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of Current Issues in Language Planning

Language and Materiality Jillian R. Cavanaugh, Shalini Shankar, 2017-10-19 Aimed at interdisciplinary audiences and tailored especially to scholars of linguistic and cultural anthropology sociolinguistics and cultural studies the book argues for the importance of analyzing language use with an eye toward new materialisms semiotics and ideology

Social Class and Education Lois Weis, Nadine Dolby, 2012-04-27 Social Class and Education Global Perspectives is the first empirically grounded volume to explore the intersections of class social structure opportunity and education on a truly global scale Fifteen essays from contributors representing the US Europe China Latin America and other regions offer an unparalleled examination of how social class differences are made and experienced through schooling By underscoring the consequences of our new global reality this volume takes seriously the transnational migration of commerce capital and peoples and the ramifications of such for education and social structure Moving beyond national confines internationally recognized scholars Lois Weis and Nadine Dolby offer a set of emblematic essays that break new theoretical and empirical ground on the ways class is produced and maintained through education around the world

Language, Education, and Identity Chaise LaDousa, Christina P. Davis, 2021-07-08 This book examines medium of instruction in education and studies its social economic and political significance in the lives of people living in South Asia It provides insight into the meaning of medium and what makes it so important to identity aspiration and inequality It questions the ideologized associations between education and social and spatial mobility and discusses the gender and class based marginalization that comes with vernacular medium education The volume also considers how policy measures such as the Right to Education RTE Act in India have failed to address the inequalities brought by medium in schools and investigates questions on language access inclusion and rights Drawing on extensive fieldwork and in depth interviews the book will be indispensable for students and scholars of anthropology education studies sociolinguistics sociology and South Asian studies It will also appeal to those interested in language and education in South Asia especially the role of language in the reproduction of inequality

Language Ideologies and the Globalization of 'Standard' Spanish Darren Paffey, 2012-09-06 This book examines how language ideologies are manifested in newspaper media Using the Spanish press as a case study it considers how media discourse both from and about the Real Academia Espa ola constitutes a set of language ideological debates in which the institution represents a vision of what the Spanish language is and what it should be like Paffey adopts a Critical Discourse Analysis approach to a large corpus of texts from Spain s best selling daily newspapers El Pa s and ABC More generally the book sheds light on how institutions produce

and maintain visions of standard language in the contemporary context A global language such as Spanish is by nature more widely used outside of the nation state in question than in it The book covers recent research on language ideologies standardization and CDA and considers the application of these to three core discursive themes language unity and a concept of a panhispanic speech community the RAE s construction of its authority and institutional ideologies and management of language on a global scale *Language and Political Subjectivity* Miki Makihara, Juan L. Rodríguez, 2025-07-01 Politics and power are understood as interconnected yet opposed forms of agency that do not exist without each other and depend on transgressions and the upholding of social boundaries Language and Political Subjectivity is an ethnographic and historical piece of research that considers how Indigenous and diasporic communities with their political subjectivities expand over significant sociohistorical changes debates and struggles in the transformation of Chilean democracy and Venezuela s Bolivarian Revolution It offers an innovative approach to stancemaking as a rhetorical semiotic process that produces truth beliefs and certainties about social realities and relations

Embracing the Song of Appearance: An Mental Symphony within **Regimes Of Language Ideologies Politics Identities**

In a world consumed by displays and the ceaseless chatter of instantaneous connection, the melodic splendor and emotional symphony developed by the prepared word usually fade in to the back ground, eclipsed by the constant sound and disruptions that permeate our lives. However, nestled within the pages of **Regimes Of Language Ideologies Politics Identities** a marvelous literary prize filled with organic emotions, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, that interesting masterpiece conducts readers on a psychological journey, well unraveling the concealed tunes and profound affect resonating within each carefully constructed phrase. Within the depths of the emotional review, we can discover the book is main harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
