

## General Background

- implosion of the Soviet Regime → NIS freed of FP directives of isolationist Soviet bloc → they developed bi- & multilateral ties with both West and East → post-Soviet territory much more complex picture than before.
- Still, several developments along distinct lines
  - **Central Europe** made unambiguous Western choice --> by striving to become part of the Euro-Atlantic security structures e.g. EU bid
  - **Eastern Europe** more complicated. region with divergent domestic and FP choices.  
e.g.: CIS (1991) --> conjoins countries with diverse policy goals in 1 organisation
  - Some member states (e.g. Ukr): CIS = elegant solution (civilised divorce)
  - Other members (e.g. Rus&Bel): main purpose: co-ordinating econ & secur. policies among Soviet successor states. Russia: CIS = framework to re-assert leading role in post-Soviet region.  
--> after 10 yrs : instit development of CIS has stalled - integration efforts dissipated over CIS area. Members involved in host of sub-regional initiatives: GUUAM, Eurasian Econ Community, Union Rus & Bel, Common Econ Zone.
- Some countries are profiling themselves clearly (Belarus), some pretend to do so (Ukraine)

## **Regional Foreign Policies In Rus:**

*Russian Foreign Policy* Eric Shiraev, Konstantin Khudoley, 2018-12-12 Written by two leading scholars this cutting edge textbook provides a comprehensive re evaluation of Russian foreign policy in the 21st century covering its historical development key institutions and actors and processes principles and strategies It integrates domestic and global perspectives to give a more rounded and balanced assessment of Russia s place in the world This text will be essential reading on Russian foreign policy modules as well as on broader courses on Russian government and politics It can also be used as supplementary reading on more general comparative politics and foreign policy modules which use Russia as a key case study

**Russian Foreign Policy** Nikolas K. Gvosdev, Christopher Marsh, 2013-08-22 In a truly contemporary analysis of Moscow s relations with its neighbors and other strategic international actors Nikolas K Gvosdev and Christopher Marsh use a comprehensive vectors approach dividing the world into eight geographic zones Each vector chapter looks at the dynamics of key bilateral relationships while highlighting major topical issues oil and energy defense policy economic policy the role of international institutions and the impact of major interest groups or influencers demonstrating that Russia formulates multiple sometimes contrasting foreign policies Providing rich historical context as well as exposure to the scholarly literature *Russian Foreign Policy Interests Vectors and Sectors* offers an incisive look at how and why Russia partners with some states while it counter balances others

*Russia's Foreign Policy* Andrei P. Tsygankov, 2013-02-14 Now fully updated and revised this clear and comprehensive text explores the past quarter century of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Putin and Medvedev Drawing on an impressive mastery of both Russian and Western sources Andrei P Tsygankov shows how Moscow s policies have shifted with each leader s vision of Russia s national interests He evaluates the successes and failures of Russia s foreign policies explaining its many turns as Russia s identity and interaction with the West have evolved The book concludes with reflections on the emergence of the post Western world and the challenges it presents to Russia s enduring quest for great power status along with its desire for a special relationship with Western nations

**Russian Foreign Policy and the CIS** Nicole J. Jackson, 2003-09-04 This book provides a systematic study of Russian foreign policy and the separatist and civil military conflicts in the former Soviet republics following the collapse of the Soviet Union

*Eurasian Regionalisms and Russian Foreign Policy* Mikhail A. Molchanov, 2016-03-03 Bridging foreign policy analysis and international political economy this volume offers a new look at the problem of agency in comparative regional integration studies It examines evolving regional integration projects in the Eurasian space defined as the former Soviet Union countries and China and the impact that Russian foreign policy has had on integration in the region Mikhail Molchanov argues that new regionalism in Eurasia should be seen as a reactive response to contemporary challenges that these developing states face in the era of globalization Regional integration in this part of the world treads the unknown waters and may not simply repeat the early steps in the

evolution of the European Union The question of a hegemonic leadership in particular as exercised by a country that spearheads regional integration efforts animates much of the discussion offered in the book Moreover Eurasian regionalisms are plural phenomena because of complementary and competing projects that engage the same or partially overlapping groups of countries By combining foreign policy studies with an examination of the international political economy of regionalism in Eurasia the author furthers our understanding of new regionalism both theoretically and empirically

**Russian Foreign Policy** Olga Olikier, Keith Crane, Lowell H. Schwartz, Catherine Yusupov, 2009-03-09 As Russia's economy has grown so have the country's global involvement and influence which often take forms that the United States neither expects nor likes The authors assess Russia's strategic interests and goals examining the country's domestic policies economic development security goals and worldview They assess implications for U.S. interests and present ways that Washington could work to improve its relations with Moscow

**The Emergence of Russian Foreign Policy** Leon Rabinovich Aron, Kenneth Martin Jensen, 1994 The emergence of a new Russia a post communist European state with a vast store of nuclear arms raises many complex questions What kind of foreign and defense policies will Russia pursue into the 21st century What will be the impact of the loss of the former empire And what are the implications for western policymakers This volume attempts to answer those questions by examining Russia's relations with the Near Abroad the newly independent states on its borders the Commonwealth of Independent States CIS and its Pacific neighbors as well as its peacekeeping role in the former Soviet states In addition the book explores the historic patterns of Russian foreign policy issues of internationalism accommodation Soviet Russia the Soviet legacy institutional mechanisms for policymaking and the effects of domestic policy The Emergence of Russian Foreign Policy concludes with a discussion of western perceptions of Russia's evolving national security doctrine and the future of Russian American strategic relations

**Understandings of Russian Foreign Policy** Ted Hopf, 2010-11-01 Scholars from Asia Europe and North America working with the support of the Finnish Institute of International Affairs combine their efforts to bring us new insights into how Russia has conducted its foreign affairs since the fall of Communism Drawing on both archival sources and interviews they cover such major issues as Russia's decision to use military force in Chechnya its reactions to NATO expansion and its emergent relations with Japan and East Asia The contributors are Eunsook Chung Henrikki Heikka Ted Hopf Andrea Lopez Hiroshi Kimura Sergei Medvedev and Christer Pursiainen

**Palestine in EU and Russian Foreign Policy** Malath Alagha, 2016-10-04 The establishment of a Palestinian state has long been a strategic objective of EU and Russian foreign policy in the Middle East However over a decade after the creation of the road map the establishment of an independent Palestinian state has still not been achieved Palestine in EU and Russian Foreign Policy uses the school of constructivism to provide a new understanding of EU and Russian foreign policy It explores the failure of these global actors to speed up the process of establishing a Palestinian state despite this being a strategic objective and top priority of their involvement in the Middle East peace

process The book then analyses the role of identity and self other perception in the making of EU and Russian foreign policy towards the Middle East peace process It is argued that Palestinian statehood provides a telling empirical example of how and to what extent the search for global actorness as a matter of international identity informs foreign policy making by global actors The book then proceeds to discuss why the EU and Russia are so eager to be involved in initiating a peace settlement Offering a new understanding of foreign policy making by global players in Middle Eastern politics this book will appeal to students scholars and policymakers working in International Relations and European Russian and Middle Eastern studies

**Russian Foreign Policy under Dmitry Medvedev, 2008-2012** Valerie Pacer, 2015-11-19 Although the presidency of Dmitry Medvedev is often seen as a continuation of Vladimir Putin s presidency with the same policies applied in the same way this book disagrees arguing that Medvedev s foreign policy was significantly different from Putin s The book considers especially the relationship between Russia and the Euro Atlantic security configuration including both NATO and the Organisation for Security and Co operation in Europe a relationship of great importance to Russia given constant attention It discusses a wide variety of issues including frozen conflicts security co operation and nuclear weapons reductions highlights the different tone and approach under Medvedev exemplified especially by his draft European Security Treaty and shows how after Putin s return to the presidency there has been a shift in foreign policy with much great emphasis on influencing Russia s immediate neighbours and on Eurasian union and less emphasis on rapprochement and co operation
