**Regional Integration and Cooperation in West Africa** Real Lavergne, 1996      *Regional Integration and Cooperation in West Africa* Réal Lavergne (ed), 1997      Inter-African Development and Development Fund (Iadf) I. Isaac I. I. Isaac, I. I. Isaac, 2009-12

**SYNOPSIS FOR INTER AFRICAN DEVELOPMENT VOL 1**

Inter African development is possible through an array of alternative strategies

**CHAPTER 1** Addresses land use and management in Africa In Africa land use has become one of the most seriously contested problems ever to be reckoned in the history of Africa Land is both security and economic confidence for the many landless or marginalized persons in the world African governments concerns should be obligatory in finding lasting solutions to resolve issues of land degradation resulting from human activities and land management How then do we frame land issues The issues that can be addressed are such as ecological foot prints and tragedy of the commons Therefore African countries need to harness reforestation programs in order to subdue the ever increasing risks posed by global warming and desert encroachment

**CHAPTER 2** addresses the history of grabbing fertile lands The history of land extortion dates back to Europe and continued in Africa through colonial era Land grabbing has its economic implications Access to land and violent conflicts in Africa have economic as well as political implications Thus because of the economic and political implications Land represents security and economic confidence Therefore reforms in land ownership must be implemented so that the landless may also have a share in land tenureship

**CHAPTER 3** addresses democracy and economic development issues towards sustainability as well as identifying culprits of development retardation

**CHAPTER 4** addresses IADF strategies for regional economic development

**CHAPTER 5** addresses development modalities Modalities that need to be adopted by African governments are such as import substitution model strategies export led growth industrialization emulation of Chile's example Mexico's example the adoption of India's software industry style Japan's Export Growth Model importance of an industry's location and other infrastructural development modalities

**CHAPTER 6** addresses issues arising from economies that are driven without democracy and security

**CHAPTER 7** addresses the importance of approaching sustainable development with single currency

**CHAPTER 8** addresses the benefits of single currency

**CHAPTER 9** addresses the importance of printing single currency within Africa

**CHAPTER 10** lays emphasis upon how assets for banking system through IADF should be implemented

**CHAPTER 11** addresses how establishing free trade can impact economic growth in neighbouring countries One of the modalities of approaching such trading policies is the Harmonization of consumer price indices

**CHAPTER 12** addresses harmonization of continental trade indices with emphasis on Terms of trade which is an index of the price of a country's exports in terms of its imports The terms of trade are said to improve if that index rises

**CHAPTER 13** addresses modalities for harmonizing trade indices Trade harmonization is an equal treatment among trading partners

**CHAPTER 14** addresses how world trade affects poor nations economy and how to avert from goods dumping

**CHAPTER 15** addresses how trade imbalances defined by unfair trade

**CHAPTER 16** addresses issues pertaining to trade related

intellectual property rights TRIPS CHAPTER 17 addresses Political issues with emphasis on Governance issues and Guidance CHAPTER 18 addresses theories behind the Inter African development fund IADF CHAPTER 19 addresses issues as to whether an all African senate political system will help solve Africa's political instabilities CHAPTER 20 lays emphasis on infrastructure development and how this will impact economic development CHAPTER 21 addresses as to whether governments are part of the problems and solutions CHAPTER 22 addresses how disparate and desperate are African nations How disparity can be narrowed between the rich and the poor or whether other alternatives can be applied CHAPTER 23 makes analysis on how adopting Ricardo's comparative advantage may impact manufacturing and then how it may lead to sustainable economic development of the regions CHAPTER 24 addresses post colonial issues and Africa in post colonial era CHAPTER 25 addresses natural resources as conflicting resources CHAPTER 26 addresses what are the factors and ambivalence to African problems CHAPTER 27 lays emphasis on health crisis in Africa with the advent of HIV AIDS CHAPTER 28 encourages new ideas and discoveries in health sciences in which claims for cure of HIV AIDS have been pronounced which is something Africa could take pride in The major challenges are the issues of globalization and the internal self inflicted oppressive forces of bad politics Also whether or not blocs of nations can envision solidarity economics implement political union and economic independence through economic democratization as there are some economic blocs that already exist

Regional Financial Cooperation Jose Antonio Ocampo, 2007-08-29 A Brookings Institution Press and Economic Commission for Latin America and the Caribbean ECLAC publication Using the experience of postwar Western Europe as a benchmark Jos Antonio Ocampo and his colleagues assess how regional financial institutions can help developing countries often at a disadvantage within the global financial framework finance their investment needs counteract the volatility of private capital flows and make their voices heard The 1997 Asian financial crisis generated extensive debate on the international financial architecture Through this discussion it became clear that services by financial institutions including adequate mechanisms for preventing and managing financial crises and instruments for safeguarding global macroeconomic and financial stability are undersupplied Furthermore private international capital markets provide finance to developing countries in a way that effectively reduces the ability of those nations to undertake countercyclical macroeconomic policies International capital markets ration out many developing countries particularly the poorest from private global capital markets While these deficiencies in the financial architecture are clear the post 1997 debate has done little to evaluate the role that regional institutions could play in improving global financial arrangements Regional Financial Cooperation aims to fill that important gap Contributors include Ernest Aryeetey Institute of Statistical Social and Economic Research University of Ghana Georges Corm Saint Joseph University Beirut Roy Culpeper North South Institute Ottawa Ana Teresa Fuzzo de Lima Institute of Development Studies University of Sussex Stephany Griffith Jones Institute of Development Studies University of Sussex Julia Leung Hong Kong Monetary Authority Jos Luis Machinea ECLAC Jae Ha Park Korean Institute of Finance Yung

integration and co ordination are not a panacea but they could hold the key to African countries long awaited participation in the world economy This was one of the conclusions of the second International Forum on African Perspectives Climate Change and Africa Pak Sum Low,2006-11-02 At the beginning of the twenty first century no environmental issue is of such truly global magnitude as the issue of climate change The poorer developing countries are the least equipped to adapt to the potential effects of climate change although most of them have played an insignificant role in causing it African countries are amongst the poorest of the developing countries This book presents the issues of most relevance to Africa such as past and present climate desertification biomass burning and its implications for atmospheric chemistry and climate energy generation sea level rise ENSO induced drought and flood adaptation disaster risk reduction the UNFCCC and Kyoto Protocol especially the Clean Development Mechanism capacity building and sustainable development It provides a comprehensive and up to date review of these and many other issues with chapters by the leading experts from a range of disciplines Climate Change and Africa will prove to be an invaluable reference for all researchers and policy makers with an interest in climate change and Africa

### **Nation-states and the challenges of regional integration in West Africa**

Kwame A. Ninsin,2009 Since the Treaty establishing the Economic Community of West African States ECOWAS was signed in 1975 several protocole have been adopted providing the legal and institutional framework for implementing the integration of the West African sub region Ail social and political stakeholders agree that regional integration is a major challenge for development in West Africa Yet the regional integration process has been affected by many delays even failures Member states have pursued a seemingly contradictory dual objective build a Nation state within colonial Borders and achieve regional integration to fight against under development Can national planning priorities be reconciled with the demands and objectives of regional integration processes in West Africa Since 2005 under the auspices of the Management of Social Transformations MOST Programme initiative the Social and Human Sciences Sector of UNESCO has organized a series of national seminars on West African regional integration in the ECOWAS region Four seminars have so far been organized in Senegal Mali Benin and Ghana This anthology publishes papers presented at Ghana s national seminar on Nation states and the Challenge of Regional Integration in West Africa the Case of Ghana held in Accra from 8 to 9 November 2005 The contributors suggest that Ghana s reluctance to relinquish its sovereignty stemmed from a lack of commitment in the first 20 years of ECOWAS existence and preoccupation with its own security and survival against internai and externat threats The state has currently demonstrated renewed commit ment by establishing a Ministry of Regional Cooperation and the New Agenda for Africa s Development NEPAD to coordinate and manage the sub regional integration programme In spite of positive developments results have been disappointing The new ministry remains isolated and is constrained by limited resources in finance and manpower Its approach to integration issues has been elitist and technocratic concentrating on format trade and ignoring the importance of the informai trade that has been the traditional means of popular participation

in the integration of West African economies Borderland communities with economic and social ties continue to engage in exchanges across political boundaries in defiance of national and state security concerns Empowerment of Ghanaians involved in small scale informal cross border trade in majority women would not only increase the levels of social and economic integration but would make the benefits of integration available to large sections of the population *West Africa's Security Challenges* Adekeye Adebajo, Ismail O. D. Rashid, 2004 Provides a context for understanding West Africa's security dilemmas highlighting the link between failures of economic development governance and democratization on the one hand and military insecurity and violent conflicts on the other
