Regional Great Powers In International Politics:

Regional Great Powers in International Politics Iver B. Neumann, 1992-01-01 This book illuminates the complex interplay between specifically regional concerns and the wider international context which together define the regional hierarchy of states On top of that hierarchy is the regional great power Building on seven case studies of Brazil India Indonesia Israel Poland South Africa and Vietnam the authors demonstrate how this status cannot be attained simply by building up a huge military or economic power base The attitudes and ambitions of the aspiring state its regional neighbours and the great powers with global interests and reach must all be taken into consideration The sheer number of factors which sustain regional great powerhood makes that status a precarious one Although the end of the cold war may open up new regional space for regional great powers to exploit and so make them more important in providing for regional order the autonomy of regions may still easily be overestimated

Regional Great Powers in International Politics Iver B. Neumann, 1992 This book illuminates the complex interplay between specifically regional concerns and the wider international context which together define the regional hierarchy of states On top of that hierarchy is the regional great power Building on seven case studies of Brazil India Indonesia Israel Poland South Africa and Vietnam the authors demonstrate how this status cannot be attained simply by building up a huge military or economic power base The attitudes and ambitions of the aspiring state its regional neighbours and the great powers with global interests and reach must all be taken into consideration The sheer number of factors which sustain regional great powerhood makes that status a precarious one Although the end of the cold war may open up new regional space for regional great powers to exploit and so make them more important in providing for regional order the autonomy of regions may still easily be overestimated

Regional Great Powers in International Politics Iver B. Neumann, 1992-06-18 Illuminates the interplay between regional concerns and the international context which together define the hierarchy of states Building on case studies this book demonstrates that this status cannot be attained solely by building a military or economic power base

The United States and the Great Powers Barry Buzan, 2004-10-15 Arguing that we live in a world where great powers such as China and the EU are not helpless in the face of the United States this text contends that the other major nations of the world must work alongside the US in order to counter balance America's current dominance of the international political scene

International Politics G Berridge, 2014-01-21 A new Edition of this well established introduction to international politics As with the previous two editions the book's emphasis is on states the conflicts that divide them the instruments they employ to pursue their ideals and secure their interests and the systems of precepts and practices through which conflicts are worked out

Iran-Turkey Relations, 1979-2011 Suleyman Elik, 2013-03-01 Both Turkey and Iran are large and important countries in the Middle East how these two countries relate to each other is of crucial importance both for the region and for the wider world This book explores the diplomatic security and energy relations of these two middle power states since 1979 analysing the impact of religious political and social

transformation on their bilateral relationship It considers the nature of Turkey Iran relations in the context of middle power relations theory and goes on to look at diplomatic crises that have taken place between Turkey and Iran since 1979 The author analyses Turkey and Iran s security relations with the wider Middle East including the Kurdish Turkish War the Kurdish Iranian War and the Kurdish Arab War and their impact on regional politics **Routledge Handbook of Brazilian Politics** Barry Ames,2018-10-25 With contributions from leading international scholars this Handbook offers the most rigorous and up to date analyses of virtually every aspect of Brazilian politics including inequality environmental politics foreign policy economic policy making social policy and human rights The Handbook is divided into three major sections Part 1 focuses on mass behavior while Part 2 moves to representation and Part 3 treats political economy and policy The Handbook proffers five chapters on mass politics focusing on corruption participation gender race and religion three chapters on civil society assessing social movements grass roots participation and lobbying seven chapters focusing on money and campaigns federalism retrospective voting partisanship ideology the political right and negative partisanship five chapters on coalitional presidentialism participatory institutions judicial politics and the political character of the bureaucracy and eight chapters on inequality the environment foreign policy economic and industrial policy social programs and human rights This Handbook is an essential resource for students researchers and all those looking to understand contemporary Brazilian politics **The International Politics of EU-China Relations** Liu Fei,2007-12-13 The EU China relationship is fast developing in its own context and in the wider context of international politics In these essays major scholars from Europe and China debate the nature problems and potential of the emerging strategic relationship between these two international actors *Syria and Iran* Anoushiravan Ehteshami,Raymond A. Hinnebusch,2002-01-31 The experienced authors provide an innovative study of Iranian and Syrian foreign policy showing how the policies can be understood through the realist and rational actor frameworks **Order of East Asia** Honghua Men,2020-06-05 This book describes the past present and future of East Asian order and analyzes how China Japan the U S and ASEAN play important roles in the transformation of East Asian order and discusses the new logic of regional order formation in the era of globalization and regional integration The book analyzes China s relationship with East Asian order great powers and regional institutions involved especially bilateral relations between China and Japan China and the U S China and ASEAN and explores how China could improve its regional strategy Addressing a hot topic in world politics from the angle of regional order and using methods such as historical analysis comparative analysis quantitative analysis and case study this readable book enables readers to develop an understanding of the history and status quo of East Asia and China s role in the region
