Regionalism In Canada:

Regionalism and Supranationalism Institute for Research on Public Policy, Policy Studies Institute, 1981 A Social Geography of Canada Guy M. Robinson, 1991-01-01 This collection of essays focus on subjects which formed the basis of his life's work the changing character of Canadian landscape and society and the urbanization of that society including aspects of its historical evolution its present spacial forms and current social issues **Regionalism in Canada** Robert J. Brym, 1986 **Regionalism and Party Politics in Canada** Keith Archer, Lisa Young, 2002 Arising from a conference held at the University of Calgary in honour of Mildred Schwartz Regionalism and Party Politics in Canada brings together current scholarship on regionalism and parties in order to make sense of the transition of the party system Canada's party system is clearly in a state of flux we are moving from the two and a half party system that has dominated the country for most of the past century to something new A look at the current Parliament suggests that regionalism has become the most dominant and important cleavage in Canada Divided into four sections the text first examines different approaches to the study of regionalism It then moves on to the place of regionalism in Canadian society before turning towards regionalism's relationship to the Canadian party system The volume concludes with an examination of how Canada compare with the rest of the world in terms of the regionalism of its parties and party systems Perspectives on Regions and Regionalism in Canada Association for Canadian Studies. Conference, 1983 Includes papers on the human geography of regions regions and regionalism development class and culture technology politics and federalism Asian Regionalism, Canadian and Indian Perspectives Charan D. Wadhwa, Yuen Pau Woo, 2005 Canada and India are in many ways natural partners two middle powers sharing a common political and legal tradition derived from the British Commonwealth as well as a commitment to multiculturalism democracy and international institutions India's founding Prime Minister Jawaharlal Nehru had a personal friendship with Canadian Prime Ministers Trudeau and Pearson Despite this promising start bilateral relations never took flight a function of Cold War politics India's relative isolation through much of the post independence period the enormous distance between the two countries and deep disagreements over India's testing of nuclear weapons in 1974 and 1998 By the start of the new millennium India and Canada were ready to embark on a new phase in bilateral relations one defined not only by trade and investment interests but also by a contemporary understanding of their standing in the world and the potential contribution that both countries can make to issues of regional and global significance **Regionalism in Canada** George A. Rawlyk, Bruce W. Hodgins, Richard P. Bowles, 1979 *Politics and Ideology in Canada* Michael Ornstein, Michael Stevenson, 2003-02-18 Winner of the Harold Adams Innis Prize Politics and Ideology in Canada examines a period of crucial historical change in Canada beginning in the mid 1970s when the crisis of the Keynesian welfare state precipitated a transition to a new political order based on the progressive downsizing of state involvement in the economy and society Using class and ideology as key concepts Michael Ornstein and Michael Stevenson examine this transition in

terms of the nature of hegemony and hegemonic crisis and the conditions of political order and instability These concepts guide the interpretation of three large surveys of representative samples of the Canadian public and two unique elite surveys conducted between 1975 and 1981 The surveys cover an exceptionally broad spectrum of political issues including social programs civil and economic rights economic policy foreign ownership labour relations and language issues and sovereignty A wide ranging analysis of public and elite attitudes reveals a hegemonic order through the early 1980s built around public support for the institutions of the Canadian welfare state But there was also widespread public alienation from politics Public opinion was quite strongly linked to class but not to party politics Regional variation in political ideology on a broad range of issues was less pronounced than differences between Quebec and English Canada Much deeper ideological divisions separated the elites with a dramatic polarization between corporate and labour respondents State elites fell between these two though generally more favourable to capital The responses of the business elites reveal the ideological roots of the Mulroney years in support for cuts in social programs free trade privatization and deregulation *Regionalism in Canada* Chandra Mohan, 1995 Canada one of the highly developed countries in the world has been historically politically and culturally regarded a regionalised nation Today Canada appears to be in an ambivalent situation on the one hand regional parties such as the Reform Party in the West and the Bloc Quebecois in Quebec testify to the rise of regional tenancies On the other growth of global economy has pulled various Canadian regions in different directions depending on their economic linkages with the rest of the world The papers presented in the book constitute a fair representation of multidisciplinary study by Indian scholars on this sensitive and important subject They bring together relevant current research on the significance of Regionalism in Canada with some reflections on India as well This collection contributes to the understanding of some of the essential issues of Canadian regionalism *Regions and Regionalism in Canada Since 1800* John Warkentin, 1984*
