Reiki Healing Touch And The Way Of Jesus:

Reiki Healing Touch Bruce G. Epperly, Katherine Gould Epperly, 2005 One of the first books to offer a broadened understanding of the spiritual depth of Reiki healing touch by examining it in the light of one of the world's enduring religions Explore the origins of Reiki and the Hebraic roots of Jesus' own healing ministry and discover the use of Reiki in church hospital and hospice settings as well as in the context of the treatment of cancer chronic and terminal illness and death and bereavement Bruce and Katherine Gould Epperly also provide healing rituals and spiritual practices that will help practitioners consciously integrate the inner and outer healing journey *Process Theology* Bruce G. Epperly, 2014-02-17 Process theology is considered a very complex and difficult to understand system Is it possible to get a basic grasp of what it is and how it impacts our lives and service to others In this brief lively and engaging book Dr Bruce Epperly untangles the difficult concepts of process theology and shows how we can envision a God who is in relation to us throughout our lives here and in the next world He believes that God is present at the moment of our conception guides us through the adventures of this lifetime urging us to rejoice in embodiment and bring healing to our world and upon our final earthly breath receives us with open arms with visions of future adventures in communion with God and our fellow creatures Not only is this theology easy to understand but it also challenges us to live out God's adventure in with joy sharing God's life with all of God's creatures This book is an excellent introduction to process theology useful for small groups or individual study and includes a list of resources for further study Process Theology and Mysticism Bruce G. Epperly, 2023-12-05 Can mysticism and process theology work together in a way that is a valuable and practical part of one's spiritual life In this booklet the first of three that integrate process theology with contemporary spiritual life and activity Bruce Epperly brings process thought into our spiritual lives and physical well being in a call to Shalom in cooperation with the Divine Epperly is a specialist in bringing difficult concepts to life for everyone He combines that skill with the short format of the Topical Line Drives series to reach spiritual seekers embedded in a busy and challenging world Mysticism is not something just for people in ancient times or who live in monasteries It can be a vital part of your life These may be the words you're looking for to understand and express what you feel Process Theology: A Guide for the Perplexed Bruce G. Epperly, 2011-03-24 This is an introductory guide to Process Theology for undergraduates As part of Continuum's Guide for the Perplexed series this text provides an accessible introduction to process theology aimed at nurturing the theological imagination of undergraduates pastors and interested laypersons It describes the major themes of process theology and relates them to the everyday lives and spiritual commitments of people today In addition to addressing traditional theological issues Epperly addresses cutting edge issues in theology and ethics such as pluralism and postmodernism matters of life and death science technology and genetics and emerging forms of Christianity This text is designed for seminary and university classes as well as congregational study It will help readers to overcome the obstacles created by the technical language often employed by process theologians

Continuum's Guides for the Perplexed are clear, concise, and accessible introductions to thinkers, writers, and subjects that students and readers can find especially challenging or indeed downright bewildering. Concentrating specifically on what it is that makes the subject difficult to grasp, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material.

Reiki: Universal Gift of God's Healing Love Level I and II Training Manual Eileen Curteis, 2011 After seventeen years as a practitioner and teacher of Reiki, Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door. People of all ages and traditions have come seeking their healing, and finding it as Eileen did when she first embarked on this foreign road that soon became home to her. Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us, and that the gift of Reiki is able to activate it. In her training manual, Eileen brings with her a core community of Reiki practitioners from different traditions and backgrounds that journey alongside her and recognize, as she does, the simplicity, wonder, and beauty of God's universal gift for our time. The healing stories are too numerous to count, but she does include specific testimonials within her training manual that speak for the thousands of others who have been healed through the doorway of Reiki. In this way, Eileen's Level I and II training manual becomes a living testimony, as she thoroughly covers all the information required to be a successful and competent Reiki practitioner. Written with inspiration and clarity, Eileen takes the reader on an amazing journey into the dynamic world of the inner self. Like a fresh current of air, she presents her material in an appealing and easily digestible manner. The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ-conscious healing dimension into it, just as an alchemist would when producing gold. In this way, Eileen shows how the revered eastern practice of Reiki, discovered by Dr. Mikao Usui, a Japanese Buddhist in the early 20th century, can blend perfectly with a Christian heritage of healing, where the one enhances the other. At the same time, she shows how this simple, profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone. Often, people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully. Others go away from the treatment or training feeling restored, refreshed, and renewed. Reiki, the universal Life Force Energy of God, is not a new invention or modern-day fad. Its roots are planted deep in ancient history. In the Old Testament, Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time. Even science and the world of medicine are looking at this complementary form of healing called Reiki with fresh new eyes. Its worldwide impact can no longer go unnoticed.

Process and Pastoral Care Bruce G. Epperly, 2019-02-07 This concise book, the sixth short guide on process theology and its practical implications by Dr. Bruce Epperly, applies process thought to the calling and activities of pastoral ministry. Short and to the point, as are all books in the Topical Line Drives series, this text will provide pastors and others involved in caregiving ministries a new and adventurous way of thinking about and meeting the challenges of their vocation. God is already present.

in the hospital room and even the funeral home You have the opportunity to experience the vision of what can happen when we discover that God is always opening up new possibilities empowering us to partner with God in healing the world and strengthening us for and comforting us in the difficult times of life Learn to connect more closely to the divine and the human to see more clearly and to participate more completely as God does A practical deeply theological and challenging guide to the adventure of pastoral care

The ^AHealing Gods Candy Gunther Brown,2013-07-30 This book tells the surprising story of how complementary and alternative medicine CAM entered biomedical and evangelical Christian mainstreams despite its roots in non Christian religions and the lack of scientific evidence of its efficacy and safety

Messy Incarnation Bruce G. Epperly,2022-09-07 The incarnation is a central Christian doctrine Many books have been dedicated to attempting to understand its mystery and how it fits with the rest of Christian theology But what about the way this doctrine can and should impact the way we live Process theologian and pastor Bruce Epperly addresses this topic in this easy to read but challenging book Starting with a look forward in Advent and moving through the seasons of the Christian year and indeed of life he examines different elements of both the story and the doctrine From expectation we move through the various messy ways in which God acts Christmas Epiphany Pentecost and the emerging kingdom of Christ This book is theology where it meets practice reflection put into practical action and ethics drawn from the deepest wells of the Christ story It will drive you deeper into scripture and spiritual growth from a variety of perspectives and sources reflecting the chasms crossed in the one very messy incarnation

A Center in the Cyclone Bruce Epperly,2014-08-14 Pastors today are overwhelmed by the perfect storm of too many responsibilities too few resources and too rapid congregational cultural and technological changes Many of them confess that the cares of modern ministry have nearly choked the life out of their holy service Here is a resource for integrated personal and professional transformation and healing for pastors better equipping them to be effective spiritual leaders for the long haul of professional ministry We are in a time of great spiritual awakening among Christians people of other faiths and self described spiritual but not religious seekers Insightful spiritual leadership is needed now more than ever to navigate the waves of pluralism postmodernism and globalism Spiritual leaders need to sharpen their mission administration outreach and preaching skills but they also need to deepen their commitments to spiritual growth and self care practices to insure healthy and effective ministry over the long haul

The Energy of Love Bruce G Epperly,2017-08-14 Today we need to marshal all the healing resources at our disposal A growing body of evidence shows that spiritual healing practices have a positive impact both on healing and on the quality of life that people experience while under medical care Dr Bruce Epperly calls on Christians to embrace these varied resources He crosses both the boundaries between formal scientific medical practice and spiritual healing and the boundaries between healing practices that come from a variety of spiritual and religious traditions He then incorporates these into a distinctly Christian theology of healing practice Where healing takes place he sees God at work Healing characterized the ministry of Jesus and Epperly believes

that it should characterize the life and ministry of Christians in all times and places This is a balanced call that doesn't pit one tradition against another and also does not place spiritual healing practices in opposition to medical science This is about embracing what heals Today we need to marshal all the healing resources at our disposal
