Reinventing Myself Memoirs:

Reinventing Myself Janet Goleman Felgoise, 2020-08-18 In January 2020 when Jan was diagnosed with cancer at the age of 81 she gathered her four sons to share the news with them Soon after she realized that the history she had been creating of her own life from birth to the present day which she had been working on in various writing groups finally had a clear reason for existing It wasn't just for me anymore to reminisce and play with and wrestle to the page it should become a gift to my sons perhaps a final way of letting them know who I am who I have been and what legacy if any I might leave for them and their families to learn from and enjoy In fact Jan is pretty sure she has at least a few friends and acquaintances who might also be interested in reading this memoir That said she is not so full of herself that she thinks the world cannot live without her although at some point it will find out if this is actually possible In the meantime as she says I suppose I have lived an unusual life full of unexpected circumstances especially for a woman in our society and that there may be some inspiration somewhere for a young girl to think bigger than she may have otherwise allowed herself to do Each of us looking to share our stories must delve backward into the historic timeline of our family ancestry and use it to provide context for how we came to be who we are today As Jan says I have tried my best to relate the history of my family's brave courageous actions which I inherited and which played a central role in own capacity meet my challenges one hundred years later I found my new pathway to re enter my memoir and now may I invite you to embark on this journey with me at your side Bon voyage Jan is a graduate of the University of Pennsylvania and The Temple University Law School which she began at age 45 She is the proud mother of four children and the grandmother of 14 grandchildren Reinventing Myself Marlys Marshall Styne, 2006 Finding herself retired widowed childless seventy three and depressed the author uses personal essays to examine her past experiences present realities and the future possibilities of her life in Chicago An Immigrant's Memoir Abdullahi M Arale, 2021-06-07 The book is a nonfiction storytelling memoir narrated by the author himself from his personal immigration dilemmas in terms of early migration experiences to Canada his ensuing struggles for establishing legal status and equally striving to fit into the Canadian society through the process of integration Through this chronicle the book emphasizes the need for social justice that is equality before the law equal opportunity for employment and equal justice and treatment for all Canadians irrespective of their skin color national origin faith and sexual orientation It strives in this historical and experiential narrative to expose the undeclared racial and religious battles percolating in Canada since its inception manifesting themselves in racist and discriminatory public displays often organized and carried out by a racist white nationalist section of society against immigrants about which no one specifically white Canadians do not want to talk about never mind taking a clear position against it The book strives as well to shed light on the European superiority myth Hughes 08 2015 and Why Europe is the superior civilization why not China Landes spring 2006 which both authors ascribe the principle causes of bondage death disease crimes against humanity to this very Eurocentric mindset Equally as reported
