Relating To A Spiritual Teacher Building A Healthy Relationship:

Relating to a Spiritual Teacher Alexander Berzin, 2000 This book explores the sources of misunderstanding and reexamines traditional Buddhist teachings to reveal methods that can heal wounds **Sex and the Spiritual Teacher** Scott Edelstein, 2011-03 Explores the reasons why sexual transgressions between spiritual teachers and student occur when this type of relationship becomes a problem and how to avoid it from happening **11 Indispensable Relationships You Can't be Without** Leonard Sweet, Leonard I. Sweet, 2008 Dr Sweet outlines the necessity of essential relationships and how to develop them Introduction to Tantra Lama Yeshe, 2010-10-08 What is tantra Who is qualified to practice it How should it be practiced What are the results According to Buddhism every human being has the potential to achieve profound and lasting happiness And according to the tantric teachings of Buddhism this remarkable transformation can be realized very quickly if we utilize all aspects of our human energy especially the energy of our desires Introduction to Tantra is the best available clarification of a subject that is often misunderstood This new edition of this classic text includes a new foreword by Philip Glass and a new cover design but leaves untouched Lama Yeshe's excellent original text edited by Jonathan Landaw Tantra recognizes that the powerful energy aroused by our desire is an indispensable resource for the spiritual path It is precisely because our lives are so inseparably linked with desire that we must make use of desire's tremendous energy not just for pleasure but to transform our lives Lama Yeshe presents tantra as a practice leading to joy and self discovery with a vision of reality that is simple clear and extremely relevant to 21st century life *The Heart of the Path* Lama Zopa Rinpoche, 2009-01-01 Guru devotion is a greatly misunderstood but extremely important topic in the practice of Tibetan Buddhism In this exhaustive treatment of the subject the author explains clearly what it is what it is not and how to practice it Provided by publisher **Theoretical Models of Counseling and Psychotherapy** Kevin A. What Is the Sangha? Sangharakshita, 2013-09-27 It can be a surprise to find that Buddhism gives great importance to the Sangha the spiritual community Some may feel that their guru or teacher is all that they need To others the idea of sharing their inner and outer lives with others can seem a challenge or even a threat But the spiritual community is not about unthinking conformity or belonging to a comfortable group Rather it is the free association of developing individuals choosing to help each other along the path

Critical Terms for the Study of Buddhism Donald S. Lopez Jr., 2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions

Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity. Apart from Buddha, the list of terms in this collection deliberately includes none that are intrinsic to the religion. Instead, the contributors explore terms that are important for many fields and that invite interdisciplinary reflection. Through incisive discussions of topics ranging from practice, power, and pedagogy to ritual, history, sex, and death, the authors offer new directions for the understanding of Buddhism, taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches. Following the tradition of *Critical Terms for Religious Studies*, this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions.
