Min, 2016-09-30 Instead of simply being another survey of the three dominant religions in contemporary Korea Buddhism Confucianism and Christianity this unique book studies them in relation to each other in terms of assimilation accommodation conflict and exclusion The contributors focus on major issues that have historically challenged the relations between the three religions from the Goryeo period to the present and how each religion has responded to them The essays bring a new perspective to the study of Korean religions one that is especially pertinent in the current age of religious pluralism with all its tensions **God, Family and Sexuality** David W. Torrance, 2011-09-22 This timely book addresses the problem of the family in crisis and challenges us to look at family values from a biblical perspective Some of these are hard questions and we will not all agree on how to tackle them but God Family and Sexuality is a wonderful place to start Linden Bowing CARE Christian faith should be marked by a distinctive lifestyle Nowhere in our culture is that distinctiveness being challenged more than in the area of sexuality This book is a very welcome contribution from a range of well qualified people who argue convincingly that the future of the church and our civilization are at stake Bill Wallace Convener Church of Scotland Board of Social Responsibility a series of well informed and responsible engagements with questions relating to human sexuality a serious attempt to hear God's word speaking amidst the Babel of voices clamoring for attention on these topics should be read widely within and outside the Christian community in the interest of a genuinely plural and balanced public dialogue Trevor Hart Professor of Divinity University of St Andrews **Family Therapies** Mark A. Yarhouse, James N. Sells, 2017-08-04 Mark A Yarhouse and James N Sells survey the major approaches to family therapy and treat significant psychotherapeutic issues within a Christian framework offering timely wisdom for therapeutic practice Fully updated and revised this second edition is an indispensable resource for those in the mental health professions including counselors psychologists family therapists social workers and pastors *Family by God's Design* John Salmon, 2011-07-20 Family by Gods Design is A safe haven where family members esteem and honor one another and where words and actions communicate value and respect to everyone young and old A reliable sanctuary where each person receives grace unconditional acceptance and extravagant generosity with no strings attached A place where each person finds that family is available attentive and emotionally connected to them A community of celebration laughter and play a safe haven where family members can let their hair down reveal themselves fully and know one another intimately At its best the family is a celebrating community of honor and grace Family by Gods Design delves into how the family reflects Gods image and how you can shape your family in that image an image of honor grace and celebration *Shut the Hell Up, I'm Trying to Be Spiritual Here!* Jeanette Bishop, Jeanette Bishop & Helen Varga, 2005-11 Fed up with living life as an opinion of

someone else Through out this book the reader will discover themselves or at least what or who they aren t No point in having spiritual answers if we can t stand ourselves as we layer most things into our guilt and shame cycle which we seem to like so much Self hatred is evident in many of us from overeating to starvation from seeking and never finding that true love leaving a trail of broken lives our own included shows us we are really seeking ourselves Never really knowing why that would be we ventured into the heart of the matter literally self love Where is it what is it how come we don t have it Sharing our experiences albeit vastly different the results were the same self loathing which has many faces and masks Traveling back in time to our childhoods searching for our unconditional love and never finding it lead us to the question WHY We are all a product of our environments however by questioning and digging we found our love for ourselves was squelched and squeezed out of our minds our bodies and our memories That was until we reached back in to our hearts and grabbed it right back The book is about helping you dig into your lives and seek out the true you Wouldn t you rather be true to you in a loving way with healthy boundaries rather than having to fight and defend your way to loving yourself Seeking Love, Marriage and Family FRANTZ MARS,2014-06-13 Coming out of the womb we did not come with the knowledge so therefore Love Marriage and Family are things one has to learn The title of this book really describe the book Love Marriage and Family Most people think love is something mysterious love is one of the most used word in the English language but also one of the most confused word Love is a choice since you have to pick who you want to love there are so many types of love Marriage is a vocation vocation means a calling from God in another word you are called to love your spouse to consecrate your life to your partner to commit with intimacy and passion Marriage is not for everyone one of the most problem people are confronted with in a marriage the ladies don t know the purpose of a man in a marriage and the men don t see why a lady is necessary This book exposed the physiques of both gender the ladies can endure more than the guys they are conditioned to carry nurture deliver push sensitive which is of their beauty But the guys are very physical they have strength discipline smart more logical Looking at it they are quite different but they were created to complete each other they will get together and create one human being As Humans God expects us to live as a community which is a product of families When God said love your neighbor as you love yourself if you have to enumerate your neighbor who should be your first neighbor your first should be your spouse then your children So society expects a great participation of your family to have a nice world This book is pretty deep there are so much to learn Definitely you will have a great time reading this book *Social Relationships in the Light of Christianity* William Edward Chadwick,1910 *African Women's Theology, Gender Relations, and Family Systems Theory* Mpyana Fulgence Nyengele,2004 African women theologians have written extensively about problems in gender relations in African contexts identifying oppressive elements and their effects on women s self concept and status in the church family and society This book provides much needed pastoral theological attention and a response to the psychospiritual relational and sociocultural effects of gender injustice and marginalization of women It critically examines

concepts methods and principles of family systems theory analyzes gender relations in African families and churches and develops a theology of pastoral care based on the Trinitarian concept of perichoresis that offers pastoral guidelines for effective pastoral counseling with women and men as well as recommendations for corrective and preventative care grounded in educational strategies The paradigm of pastoral care that emerges attends both to women affected by gender injustice and to the sociocultural norms that cause distress and perpetuate gender oppression
