Relativity in Man and Society Arthur Fisher Bentley, 1926 *Relativity in Man and Society* Arthur Fisher Bentley, 1967-01-01 *Reconstructing Political Pluralism* Avigail I. Eisenberg, 1995-01-01 This reappraisal of the pluralist tradition systematically explores accounts of political pluralism offered by James Dewey Figgis Cole Laski Follett and Dahl and shows how each variant contains a distinct account of the relation between group power individual interest and self development These historical accounts provide the resources with which Eisenberg reconstructs a democratic theory of political pluralism At the center of political pluralism she argues is a pluralist approach to self development that can address the key ambiguities of identity politics and provide a more effective means to balance the power relations between individuals and communities than can individualist or communitarian approaches *Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare* United States. Congress. Senate. Committee on Labor and Public Welfare, 1965 *The Sociological Review* , 1928 **Modern Pluralism** Mark Bevir, 2012-04-19 Pluralism is among the most vital intellectual movements of the modern era Liberal pluralism helped reinforce and promote greater separation of political and religious spheres Socialist pluralism promoted the political role of trade unions and the rise of corporatism Empirical pluralism helped legitimate the role of interest groups in democratic government Today pluralism inspires thinking about key issues such as multiculturalism and network governance However despite pluralism s importance there are no histories of twentieth century pluralist thinking Modern Pluralism fills this gap It explores liberal socialist and empirical ideas about diversity in Britain and the United States It shows how pluralists challenged homogenous nations and sovereign states often promoting sub national groups as potential sites of self government In it intellectual historians political theorists and social scientists collectively explore the historical background to present institutions and debates The book serves to enrich our understanding of the history of pluralism and its continuing relevance **Sociology and Social Research** , 1927 Includes the section Book notes **To Amend the Employment Act of 1946** United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Employment, Manpower, and Poverty, 1967 **Hearings** United States. Congress. Senate.
