Religion An Introduction:

Studying Religion Russell McCutcheon, 2024-01-22 Widely used as a primer a class text or just a provocation to critical thinking *Studying Religion* clearly explains the methods and theories employed in the academic study of religion by tackling the problem of how scholars define and then study religion Written for all newcomers to the field its brief chapters explore the three main ways in which religion is defined and along the way also consider a range of related topics from the history and functions of religion to its public discourse religion in the courts and the classification of diverse groups into world religions The works of classic and contemporary scholars from Karl Marx and Sigmund Freud to Bruce Lincoln and Naomi Goldenberg are analyzed and explored in readable chapters and detailed supporting materials *Studying Religion* represents a shift away from the traditional descriptive and comparative approach and instead uses the study of religion to invite readers to consider how they divide up name and come to know the world around them This edition also includes a new final chapter Identification Matters adding to the case studies included throughout this book to present a collection of contemporary instances where different approaches to defining and studying religion make it possible to study other issues of contemporary relevance including those involving gender race and the rights of indigenous peoples The new chapter makes explicit the practical topics of identity and status that have always been implicit throughout the entire book bringing into the classroom a wide variety of timely and relevant topics that can be better understood by its approach This book therefore remains invaluable to all students of religious studies whether in the introductory class or as an example of an alternative way of approaching the field

Introduction to the Study of Religion Hillary P. Rodrigues, John S. Harding, 2008-08-20 Why do people study religion How have they studied it in the past How do we study religion today Is the academic study of religion the same as religious education These and many other questions are addressed in this engaging introduction to the discipline of religious studies written by two experienced university teachers The authors have crafted this book to familiarize novice students with key concepts and terminology in the study of religion More advanced students will find a varied array of theoretical perspectives and methodological approaches to the field Topics include definitions of religion perspectives in the study and teaching of religion how religion began to be studied traditional perspectives philosophical and theological how people experience religion perspectives in the study of religious consciousness and perception phenomenological and psychological studying religion within communities Social and cultural perspectives anthropological sociological political and economic judging religion critical perspectives feminist approaches the interaction of popular literature and religion contextual perspectives historical and comparative The book encourages students to think critically about the theories and methods presented Students will find arguments for the strengths and limitations of these approaches understand connections among religious studies and other intellectual movements and develop their own ideas of how they might want to go about the study of religion Summary boxes a timeline a glossary and other pedagogic aids help students

grasp key concepts along with a companion website at www.sastor.com **Religion** Thomas William Hall, Richard B. Pilgrim, Ronald R. Cavanagh, 1985 *The Study of Religion* George D. Chryssides, Ron Geaves, 2013-12-05 This updated textbook unravels the complex issues related to methodology and theory in the study of religion It equips students with the knowledge needed for the academic study of religion explaining the history of the methodology including ideas of key theorists and discusses key issues in the field such as gender phenomenology and the insider outsider discourse Updated throughout additional material includes New chapter on colonialism and post colonialism New chapter on insider outsider discourse Coverage of cyber religion and the internet as a research tool in religious studies Study and classroom features in each chapter include Chapter outlines Case studies Boxed key concepts Discussion questions Chapter bibliographies The text is illustrated throughout with 35 images and extra resources can be found online including additional coverage of levels of religion **Studying Religion** Russell T. McCutcheon, 2014-12-05 Widely used as a primer a text and a provocation to critical thinking Studying Religion aims to develop students skills The book clearly explains the methods and theories employed in the study of religion Essays are offered on a range of topics from the history and functions of religion to public discourse on religion and the classification of religions The works of key scholars from Karl Marx Ludwig Wittgenstein and Rudolf Otto to Mircea Eliade James G Frazer and Sigmund Freud are analysed and explored Studying Religion represents a shift away from the traditional focus of describing the exotic or curious religious Other to an examination of how religious behaviours and institutions are studied The book will be invaluable to students of religious studies Understanding Theories of Religion Ivan Strenski, 2015-02-09 Featuring comprehensive updates and additions the second edition of Understanding Theories of Religion explores the development of major theories of religion through the works of classic and contemporary figures A new edition of this introductory text exploring the core methods and theorists in religion spanning the sixteenth century through to the latest theoretical trends Features an entirely new section covering religion and postmodernism race sex and gender and religion and postcolonialism Examines the development of religious theories through the work of classic and contemporary figures from the history of anthropology sociology psychology philosophy and theology Reveals how the study of religion evolved in response to great cultural conflicts and major historical events Student friendly features include chapter introductions and summaries biographical vignettes a timeline a glossary and many other learning aids **A Critical Introduction to the Study of Religion** Craig Martin, 2017-04-21 A Critical Introduction to the Study of Religion introduces the key concepts and theories from religious studies that are necessary for a full understanding of the complex relations between religion and society The aim is to provide readers with an arsenal of critical concepts for studying religious ideologies practices and communities This thoroughly revised second edition has been restructured to clearly emphasize key topics including Essentialism Functionalism Authority Domination All ideas and theories are clearly illustrated with new and engaging examples and case studies throughout making this the ideal textbook for students

approaching the subject area for the first time Religion: A Very Short Introduction Thomas A. Tweed, 2020-09-25 Religion plays a central role in human experience Billions of people around the world practice a faith and act in accordance with it Religion shapes how they enter the world and how they leave it how they eat dress marry and raise their children It shapes their assumptions about who they are and who they want to be Religion also identifies insiders and outsiders who has power and who doesn't It sanctifies injustice and combats it It draws national borders It affects law economy and government It destroys and restores the environment It starts wars and ends them Whether you notice it or not religion plays a role in how billions conduct their lives We are called then to understand this important factor in human life today Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and global trends leading scholar Thomas Tweed examines this powerful and enduring force in human society Tweed deftly documents religion as it exists around the world addressing its role in both intensifying and alleviating contemporary political and environmental problems from armed conflict to climate change Religion A Very Short Introduction offers a concise non partisan overview of religion's long history and its complicated role in the world today Introduction to the Study of Religion Hillary P. Rodrigues, John S. Harding, 2023-11-07 The thoroughly updated second edition provides an engaging introduction to the discipline of religious studies Summary boxes discussion questions a glossary a chronology of key figures and texts and other pedagogic aids help students grasp key concepts Introduction to the Science of Religion F. M. Müller, 1909
