

Literature on Religion: Songs of Song

✓ Exclusively available on IvyPanda

Songs of Song is a depiction of the value, beauty, and meaning of work and love between a man and a woman. The Song relays stories of an ideal image of family, work, and life by showcasing lovers who court, marry, and then work. King Solomon, who is the author of the Song, explicitly communicated the themes of hardship, pleasure, beauty, joy, passion, diligence, and family.

At the beginning of the Song, a woman is expressing her love for her man. While at it she also informs that her skin has become dark as a result of hard work in the family vineyard. She says that her brothers made her work hard there. Although this Song is about love, one cannot fail to notice that work is also given center stage. In addition, dark skin had a different meaning from the present-day racial connotation. Dark skin was used to describe people who toiled in the sun for economic reasons. Perhaps, they were mostly the peasants who ranked low in the economic hierarchy. In this Song, however, the woman's beauty has not diminished by hard work. As she puts it in Song 1:5, "Dark am I, yet lovely," King James Version. Moreover, the woman is not regretting her job for it has prepared her for the future when she expects to tender for her own vineyard as well (Song 8:12). Later, she will leave her brothers and get married and have her own vineyard.

In many civilizations, work has always been construed as an enemy of beauty. However, the biblical perspective brought out through the Song depicts work as an essential beauty. Not only does King Solomon build a palanquin for himself, but the Song also praises the loveliness of workmanship. Thus, as expressed in Song 3:10, it is a labor of love. Ultimately, the Song reiterates that apart from being a means to an economic end, work is also a foundation of aesthetic ingenuity.

In the Song, the woman is in pursuit of her beloved, a man whom she describes to be the finest of men. She receives information from her friends that the man is at his obvious place of work where he is shepherding sheep. His work, however, does not make it hard to interact with her. The arrangement of their work allows them to freely interact as a family. This is in contrast to how work is today where family interaction time is dictated by job demands and an employer's goodwill.

T&T Clark Handbook of Theology and the Arts Stephen M. Garrett, Imogen Adkins, 2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God's glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality *The Oxford Handbook of Religion and the Arts* Frank Burch Brown, 2014-02 This volume offers 37 original essays from leading scholars on the crucial topics issues methods and resources for studying and teaching religion and the arts **Novel Theology** Darren J. N. Middleton, 2000 Literature and theology constantly de construct each other Suggesting that this de constructive assignment is one that cannot but be in process itself Middleton returns to it throughout his study On Making a Shift in the Study of Religion and Other Essays Russell T. McCutcheon, 2021-06-08 Although many would today argue that the onetime dominance of the phenomenology of religion has receded and with it the traditional approach to studying religion as a unique and deeply felt experience that defies explanation the essays collected here take quite the opposite stand that this approach has merely been re branded and continues to characterize much work being done in the field today Offering a different way forward one that is based on experiences gained by the members of the Department of Religious Studies at the University of Alabama a program that has successfully reinvented itself over the past 20 years the book includes a variety of practical suggestions for how members of Religious Studies departments can revise their approach to studying and teaching about religion Seeing religion instead as mundane but always exemplary of basic social elements found all across cultures the volume argues that the way forward for this field lies not in the specialness of its object of study but instead the fact that thinking and acting as if something is special is itself an ordinary aspect of history and culture Making just this shift helps the scholar of religion to contribute to wide interdisciplinary conversations all across the Humanities and Social Sciences demonstrating the practical relevance of their work Secular Steeples 2nd Edition Conrad Ostwalt, 2012-11-29 The Scandinavian Nordic countries of Denmark
