The Argentine Novel Myron I. Lichtblau, 2002 Long a scholar of Romance languages at Syracuse University Lichtblau 1925 2000 extended his 1997 bibliography from 1990 through 1999 and added some earlier works left out of the original Citations from the mother volume are included but without the critical commentaries and bibliographical references The arrangement is alphabetical by author and the articles discuss in Spanish both novels and critical studies of them and of the author No index is provided Annotation copyrighted by Book News Inc Portland OR **Latin American Mystery Writers** Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of Latin American mystery writing is especially vast and diverse Because it is part of Latin American popular culture it

also reflects many of the social and cultural concerns of that region This reference provides an overview of mystery fiction of Latin America While many of the authors profiled have received critical attention others have been relatively neglected Included are alphabetically arranged entries on 54 writers most of whom are from Argentina Mexico and Cuba Every effort has been made to include balanced coverage of the few female mystery writers Each entry is written by an expert contributor and includes a brief biography a critical discussion of the writer's works and primary and secondary bibliographies The volume closes with a general bibliography of anthologies and criticism *Obras completas* Marco Denevi, The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007-09-21 In this expertly crafted richly detailed guide Raymond Leslie Williams explores the cultural political and historical events that have shaped the Latin American and Caribbean novel since the end of World War II In addition to works originally composed in English Williams covers novels written in Spanish Portuguese French Dutch and Haitian Creole and traces the profound influence of modernization revolution and democratization on the writing of this era Beginning in 1945 Williams introduces major trends by region including the Caribbean and U S Latino novel the Mexican and Central American novel the Andean novel the Southern Cone novel and the novel of Brazil He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges's reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the McOndo generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women's writing Afro Latin American writing and magic realism The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature La ley y el crimen Sonia Mattalía, 2008 La autora analiza la utilización del género negro policial de sus matrices formales y de sus figuras así como las causas y el movimiento que provoca su apropiación por la narrativa argentina contemporánea **Latin American Writers on Gay and Lesbian**

Themes David William Foster, 1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture

The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe
