Kinnahan, 2016-06-20 A History of Twentieth Century American Women's Poetry explores the genealogy of modern American verse by women from the early twentieth century to the millennium Beginning with an extensive introduction that charts important theoretical contributions to the field this History includes wide ranging essays that illuminate the legacy of American women poets Organized thematically these essays survey the multilayered verse of such diverse poets as Edna St Vincent Millay Marianne Moore Anne Sexton Adrienne Rich and Audre Lorde Written by a host of leading scholars this History also devotes special attention to the lasting significance of feminist literary criticism This book is of pivotal importance to the development of women's poetry in America and will serve as an invaluable reference for specialists and students alike *Asian American Poetry* Victoria Chang, 2004 This exciting anthology of work by up and coming writers is the first to profile a new generation of Asian American poets Building on the legacy of now canonized poets such as Li Young Lee Cathy Song and Garrett Hongo who were the first to

achieve widespread recognition in the American literary community this new generation also strikes off in bold new directions Asian American Poetry The Next Generation gathers for the first time a broad cross section of the very best work of these young poets all under the age of forty including Timothy Liu Adrienne Su Sue Kwock Kim Rick Barot Brenda Shaughnessy Mong Lan as well as less familiar names A foreword by Marilyn Chin puts the book in context of both Asian American national identity and history and makes the important distinctions between generations clear Asian American Poetry The Next Generation opens the door on a dynamic developing part of the poetic world making it finally accessible to students scholars and poetry fans alike

Asian American Poets Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography

On the Poetry of Philip Levine Philip Levine, 1990-12-31 The first critical collection to focus on Levine

American Poets and Poetry Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and

postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points
