Rosenborg Castle (Copenhagen),1927 **Fragile Diplomacy** Maureen Cassidy-Geiger,2007-01-01 While imported Chinese porcelain had become a valuable commodity in Europe in the seventeenth century local attempts to produce porcelain long remained unsuccessful At last the secret of hard paste porcelain was uncovered and in 1710 the first European porcelain was manufactured in Saxony Meissen porcelain still manufactured today soon ranked in value with silver and gold This thorough and lavishly illustrated volume explores the early years of Meissen porcelain and how the princes of Saxony came to use highly prized porcelain pieces as diplomatic gifts for presentation to foreign courts An eminent team of international contributors examines the trade of Meissen with other nations from England to Russia They also investigate the cultural ambience of the Dresden Court varying tastes of the markets the wide range of porcelain objects and their designers and makers Individual chapters are devoted to gifts to Denmark other German courts the Holy Roman Empire Italy France and other nations For every Meissen collector or enthusiast this book will be not only a treasured handbook but also a source of visual delight **The Deformation** Susanna Berger,2025-07-29 A fascinating account of the use and meaning of visual and spatial distortions in seventeenth century art and architecture During the Catholic Reformation patrons artists architects and viewers especially in Rome were strongly drawn to visual and spatial distortions or deformations works of art and architecture that were designed to be visually incomprehensible at least initially From Borromini s San Carlo alle Quattro Fontane in Rome to the attention grabbing prospettiva in the city s Palazzo Spada and the anamorphoses that define the corridors and walls of Minim and Jesuit buildings The Deformation explores what this intriguing phenomenon reveals about contemporary religious belief optics and the natural sciences as well as wider questions about attention and discernment Failing to conform to an established ideal deformations required a reformation to achieve that ideal Anamorphic deformations for example could only be reformed into clarity when viewed from a particular angle or through a special mirror Susanna Berger examines how deformations were experienced by beholders and how they were embraced or opposed by critics The book shows how deformations and related works whether altar tabernacles ephemeral religious architecture

churches monumental sundials colonnades with accelerated perspective illusionistic frescoes turned ivories or painted anamorphoses focused observers attention on theological mysteries and the social power and sophistication of patrons The book s rich illustrations include two gatefolds and some anamorphic images that can be seen without distortion by using an included reflective insert as a mirror Looking at writings as well as visual works in multiple artistic media not typically considered in relation to each other The Deformation offers a new interpretation of deformation that highlights the delay between perception and discernment *French Rococo Ébénisterie in the J. Paul Getty Museum* Gillian Wilson, Arlen Heginbotham, 2021-03-30 The first comprehensive catalogue of the Getty Museum s significant collection of French Rococo b nisterie furniture This catalogue focuses on French b nisterie furniture in the Rococo style dating from 1735 to 1760 These splendid objects directly reflect the tastes of the Museum s founder J Paul Getty who started collecting in this area in 1938 and continued until his death in 1976 The Museum s collection is particularly rich in examples created by the most talented cabinet masters then active in Paris including Bernard van Risenburgh II after 1696 ca 1766 Jacques Dubois 1694 1763 and Jean Fran ois Oeben 1721 1763 Working for members of the French royal family and aristocracy these craftsmen excelled at producing veneered and marquetryed pieces of furniture tables cabinets and chests of drawers fashionable for their lavish surfaces refined gilt bronze mounts and elaborate design These objects were renowned throughout Europe at a time when Paris was considered the capital of good taste The entry on each work comprises both a curatorial section with description and commentary and a conservation report with construction diagrams An introduction by Anne Lise Desmas traces the collection s acquisition history and two technical essays by Arlen Heginbotham present methodologies and findings on the analysis of gilt bronze mounts and lacquer The free online edition of this open access publication is available at www.getty.edu/publications/rococo and includes zoomable high resolution photography Also available are free PDF EPUB and Kindle MOBI downloads of the book and JPG downloads of the main catalogue images **The complete travel guide for**

genealogical identity for early modern royal women Illustrated with a fascinating array of objects and artworks the book follows a trajectory that begins with Anna s exterior spaces before moving to the interior furnishings of her palaces the material adornment of the royal body an examination of Anna s visual persona and a discussion of Anna s performance of extraordinary rituals that follow her life cycle Underpinned by a wealth of new archival research the book provides a richer understanding of the breadth of Anna s interests and the meanings generated by her actions associations and possessions

Early Professional Women in Northern Europe, c. 1650-1850 Johanna Ilmakunnas, Marjatta Rahikainen, Kirsi Vainio-Korhonen, 2017-07-06 This book focuses on early examples of women who may be said to have anticipated in one way or another modern professional and or career oriented women The contributors to the book discuss women who may at least in some respect be seen as professionally ambitious unlike the great majority of working women in the past In order to improve their positions or to find better business opportunities the women discussed in this book invested in developing their qualifications and professional skills took economic or other kinds of risks or moved to other countries Socially they range from elite women to women of middle class and lower middle class origin In terms of theory the book brings fresh insights into issues that have been long discussed in the field of women s history and are also debated today However despite its focus on women the book is conceptually not so much focused on gender as it is on profession business career qualifications skills and work By applying such concepts to analyzing women s endeavours the book aims at challenging the conventional ideas about them Queen Anne Herbert Woodfield Paul, 1906

Ivories and Narwhal Tusks at Rosenborg Castle Jørgen Hein, De danske kongers kronologiske samling, 2018 This extraordinary catalogue presents five hundred items from one of the world s largest and finest collections of objects made from ivory and narwhal tusk The Royal Danish Collection at Rosenborg Castle in Copenhagen In this stunning two volume catalogue author J rgen Hein presents an impressive array of carved and turned works from Scandinavia and beyond With more than seven hundred high quality photographs a lucid narrative and clear organization Hein showcases the many artistic artefacts that with great skill were worked out of ivory and narwhal tusk in a crucial period of European history The remarkable range of items discussed and presented reflecting different artistic styles and techniques includes caskets statuettes goblets tankards and beakers ink horns chandeliers cabinet clocks medallions and reliefs and much besides all with richly detailed ornamentation and most with dramatic depictions of historical religious and particularly mythological motifs In addition to describing each object in great detail the entries include comparisons with similar items in international collections The historical introduction offers an important backdrop to understanding the many works while intriguing running biographies present many of the notable carvers and turners such as the Frenchman Jean Cavalier who visited the court and those it employed some of whom would win European fame including Joachim Henne Gottfried Wolffram Magnus Berg and later Lorenz Spengler The court s genuine interest in turning is also reflected in its hiring of professional artists to instruct the royals themselves at the lath **The Story of**

Danish Museums Thomas Bloch Ravn, 2020-03-12 Endless rows of stone axe heads display after display Around 1900 a typical Danish museum would focus on finds research and prehistory But new thoughts were brewing Visions of focusing on lives lived and making museums for people not about things This shift gave birth to folk and open air museums where the distant past no longer eclipsed human memory The resulting clash the capital vs the provinces the National Museum vs the many new local museums The debate goes on but today s angle is different As Danes seek out cultural history museums like never before this success raises the eternal question Where should museums head in the future Perhaps we spy the contours of new clashes on the distant horizon Take a guided tour of Danish museum history with Thomas Bloch Ravn director of the open air museum Den Gamle By
