The Rosengart Collection Eduard Beaucamp, 2002 A private collection goes public in this intimate look at one of the most important assemblages of Modernist art soon to be the subject of a museum opening in Lucerne Switzerland in 2002 I felt Picasso's eyes burning into me This is how Angela Rosengart recalls her first visit to the great artist's studio Her father Siegfried Rosengart was a famous art dealer and friend to Picasso as well as a frequent visitor to the studios of Matisse Chagall and Klee This beautiful volume includes more than 260 full color reproductions of the collection's highlights many of which hung in the Rosengart home in Lucerne and all of which will now comprise the future Rosengart Museum In addition to presenting a complete inventory of the collection there are essays by renowned art historians and critics analyzing and evaluating the collection as well as offering appreciations of Klee and Picasso This extraordinary preview of what is sure to become an extraordinary museum offers an exciting first look at a significant contribution to the world of modern art *The Rosengart Collection* Angela Rosengart, 2015

The Success and Failure of Picasso John Berger,2011-12-21 At the height of his powers Pablo Picasso was the artist as revolutionary breaking through the niceties of form in order to mount a direct challenge to the values of his time At the height of his fame he was the artist as royalty incalculably wealthy universally idolized and wholly isolated In this stunning critical assessment John Berger one of this century s most insightful cultural historians trains his penetrating gaze upon this most prodigious and enigmatic painter and on the Spanish landscape and very particular culture that shaped his life and work Writing with a novelist s sensuous evocation of character and detail and drawing on an erudition that embraces history politics and art Berger follows Picasso from his childhood in Malaga to the Blue Period and Cubism from the creation of Guernica to the pained etchings of his final years He gives us the full measure of Picasso s triumphs and an unsparing reckoning of their cost in exile in loneliness and in a desolation that drove him in his last works into an old man s furious and desperate frenzy at the beauty of what he could no longer create

Cubism and Reality Christopher Green, 2025-08-21 What was Cubism How did this strange new way of making paintings and sculptures enable artists so decisively to change the trajectory of Modern Art In responding to these questions distinguished art historian Christopher Green presents a bold new interpretation of the movement and three of its key protagonists Stemming from a critical re-evaluation of the author's own first responses to Cubist artworks as a student of the late artist and critic John Golding *Cubism and Reality* challenges the commonly held view of Cubism as either a retreat from reality into abstraction or an invitation to convert the real into the surreal arguing instead that Georges Braque Pablo Picasso and Juan Gris wanted above all to find ways of intensifying and expanding painting's capacity to give viewers more not less of their lived experience of the world Lavishly illustrated and filled with rich new insights and approaches to the artwork that are the product of decades worth of research Green argues that for the three artists reality was not objectively always there but was created by their own perceptions and could be transformed by their imaginations The artwork becomes not merely a dead material fact but somewhere into which wishes lived experiences and memories can enter ours over a century later as well as theirs Green explores how Cubist artworks ask us to reflect in far reaching ways on visual art's relationship to everyday visual experience and questions how it is that we still believe that drawings paintings and sculptures can represent the world as we see and know it In doing so *Cubism and Reality* tackles a fundamental issue that has preoccupied artists critics and art enthusiasts for over a century well into our present age the survival of hand made representational artworks in the epoch of photography film and latterly digital reproduction
