Edward Waite's study of the elusive Rosicrucians a secret society of which the first public notice was in early 17th century Germany. Was this an actual organization or just a fantasy? No actual Rosicrucians ever surfaced but there was plenty of documentation about them. The problem is that these documents are for the most part obviously fictional. In time a mythology grew up around the Rosicrucians. Today there are groups which claim the name. These date at the most to the late 19th century although they usually claim pro forma to go back as far as Egypt or Atlantis. The Rosicrucians have also been woven by conspiracy theorists into their web alongside the Freemasons, Illuminati, Templars and so on even though there is not a shred of evidence for this.

ROSICRUCIANISM AND MODERN INITIATION Rudolf Steiner, 2020-06-26 Steiner has been able to clarify the historical reality behind the Rosicrucian story with all its aura of glamour and fantasy. That effected he points to the enormity of its vision for the future evolution of ideas. Dr Andrew Welburn from the Introduction. In the immediate aftermath of the Mystery act of the Christmas Foundation Conference Rudolf Steiner chose to speak on the subject of Rosicrucianism and Modern Initiation. Mystery Centres of the Middle Ages. Clearly connected to the events that had just taken place in Dornach in which he not only refounded the Anthroposophical Society but took a formal position within it. Steiner begins by exploring the intellectual life of the Middle Ages and the role that Mystery culture played within it. He throws new light on the foundations of Rosicrucianism its principles of initiation and its inherent impulse for freedom. Steiner also discusses the secret teachings of the eighteenth and nineteenth centuries and the dawn of the age of the Archangel Michael. In the second series of lectures entitled The Easter Festival and the History of the Mysteries April 1924 Steiner describes how festivals grew out of the Mysteries themselves. He speaks of Mysteries connected to Spring and Autumn, Adonis and Ephesus and the significance of Sun and Moon. Throughout the volume he discusses the roles of Alexander the Great and Aristotle in world history and the significance of Aristotle's Categories. Published for the first time as a single volume the freshly revised text is complemented with an extensive introduction by Dr Andrew Welburn, detailed notes and appendices by Professor Frederick Amrine and an index.
