The Rosicrucians: Their Rites and Mysteries Hargrave Jennings, 2020-09-28 **"The" Rosicrucians, Their Rites and Mysteries** Hargrave Jennings, 1870 The Rosicrucians, their rites and mysteries, with chapters on the ancient fire and serpent worshippers Hargrave Jennings, 1887 *Aleister Crowley and Western Esotericism* Henrik Bogdan, Martin P. Starr, 2012-09-05 This volume is the first comprehensive examination of one of the twentieth century's most distinctive iconoclasts Aleister Crowley 1875-1947 was a study in contradictions Born into a fundamentalist Christian family and educated at Cambridge he was vilified as a traitor drug addict and debaucher yet revered as perhaps the most influential thinker in contemporary esotericism Moving beyond the influence of contemporary psychology and the modernist understanding of the occult Crowley declared himself the revelator of a new age of individualism Crowley's occult bricolage Magick was an eclectic combination of spiritual exercises drawn from Western European magical ceremonies and Indic sources for meditation and yoga This journey of self liberation culminated in harnessing sexual power as a magical discipline a sacralization of the self as practiced in Crowley's mixed masonic group the Ordo Templi Orientis The religion Crowley created Thelema legitimated his role as a charismatic revelator and herald of a new age of freedom Aleister Crowley's lasting influence can be seen in the counter culture movement of the late 1960s and early 1970s and in many forms of alternative spirituality and popular culture The essays in this volume offer crucial insight into Crowley's foundational role in the study of Western esotericism new religious movements and sexuality Historic Magazine and Notes and Queries, 1907 List of bibliographies and trans in v 1 12 *The Triumph of the Moon* Ronald Hutton, 2019-10-10 a brilliant history The Sunday Times makes for riveting reading The Independent Modern pagan witchcraft is arguably the only fully formed religion England has given the world and has now spread across four continents This second edition of *The Triumph of the Moon* extensively revises the first full scale scholarly study of modern pagan witchcraft Ronald Hutton examines the nature and development of this religion and offers a history of attitudes to witchcraft paganism and magic in British society since 1800 Its pages reveal village cunning folk Victorian ritual magicians classicists and archaeologists leaders of woodcraft and scouting movements Freemasons and members of rural secret societies We also find some of the leading figures of English literature from the Romantic poets to W B Yeats D H Lawrence and Robert Graves as well as the main personalities who have represented pagan witchcraft to the public world since 1950 Thriller writers like Dennis Wheatley and films and television programmes get similar coverage as does tabloid journalism The material is by its nature often sensational and care is taken throughout to distinguish fact from fantasy in a manner not previously applied to most of the stories involved Meticulously researched *The Triumph of the Moon* presents an authoritative insight into an aspect of modern cultural history which has attracted sensational publicity but has hitherto been little understood This edition incorporates new research carried out by the author as well as research by others who have been inspired by this book over the twenty years since its first publication
