Roswell Legacy:

The Roswell Legacy Frances Patton Statham, 1988 The Roswell Legacy Jesse Marcel, Linda Marcel, 2008-09-15 A behind the scenes memoir recounting one officer's firsthand experience of America's most famous UFO incident Does extraterrestrial life exist Have alien beings actually visited Earth and left clear traces of their visits One man has the answer and his son can now break the silence The Roswell Legacy is the story of Major Jesse Marcel the intelligence officer for the 509th Bomber Group famous for dropping the atomic bomb on Japan and the first military officer to reach the scene of one of the most famous and enduring UFO events in the recorded history of mankind This book documents the recovery of debris from the crash of an extraterrestrial craft and how the Marcel family became forever linked to the event It details what the debris looked like how it greatly differed from that of the weather balloon that was supposedly recovered and the physical characteristics that prove it could have come only from a technology that was not available in the 1940s or perhaps even now

alone and unique in the Cosmos as it is linked to the much witnessed UFO encounters phenomenon It also well outlined the latent consequences resulting from what is presented as postulate About the Author Raphael Seraphin Kutota Basisa currently resides in Lynn Massachusetts He would consider himself a futurist a researcher a world s concerned citizen and a great human being He is a chemical engineer by training and earned an MBA and an ABD in Applied Management and Public Policy He has written and published several technical and non technical documents commentaries articles papers and other books along the subjects of his expertise He believes in extraterrestrial life in regard to religion Basisa is a person whose research helped to recognize early on the theory that we are all descendants of Extraterrestrials and Cosmic religiosity should be recognized in modern theology

Montana UFOs and Extraterrestrials Joan Bird,2023-08-03 In 1950 two spinning disks flew over Great Falls Montana and were filmed on a hand held camera Today those flying saucers in the now famous Montana Movie still defy conventional explanation In the 1960s UFOs were reported at Minuteman missile silos in Montana In separate incidents while a UFO was overhead armed and ready nuclear missiles were suddenly deactivated as missile launch officers watched helplessly The U S Air Force ordered these men never to tell anyone what happened This book critically examines these and other UFO events in Montana including reported contact with extraterrestrials Drawing on recently declassified government documents historic reports and first hand interviews Ph D zoologist and author Joan Bird presents compelling evidence that UFOs are real have frequented Montana s Big Sky and have landed in the state This book also introduces readers to significant UFO incidents in the U S to official government investigations such as Project Blue Book and to major figures in the study of UFOs

Flying Saucers and Science Stanton T. Friedman,2008-06-15 The nuclear physicist and leading UFO researcher reveals the science behind interstellar travel and the US government s extraterrestrial cover up In this comprehensive look at the scientific data concerning flying saucers nuclear physicist Stanton T Friedman distills more than forty years of research and explains it all in layman s terms He shows how travel to nearby stars is possible without violating the laws of physics and examines data from a number of scientific UFO studies that nearly no one else has discussed in detail Photographs of little known advanced propulsion systems some of which he worked on himself are included as well

Beyond his presentation of the scientific data Friedman demonstrates that the United States government's disinformation policy regarding UFOs amounts to nothing less than a Cosmic Watergate. He reveals the reasons for this cover up, possible reasons for aliens to come to Earth and their reasons for not landing on the White House lawn. In this book readers will discover What type of energy and technologies could provide travel between the stars. The most likely regions of the universe to cultivate alien life. Why the aliens have come to Earth. Who believes in the flying saucer phenomenon. **UFO Hunters: Hoax or History?** William J. Birnes, 2016-02-23. From Adam to Omega A.R. Roberts, 2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years

Rungs of Disclosure L. A. Marzulli, 2024-10-15 Is this the coming Great Deception By the end of this book you will reveal the truth about extraterrestrial presences on earth that they are real burgeoning and not going away You also will understand what the Biblical perspective on this phenomenon is and is not They ve been here for thousands of years making their presence known in the shadows They might be seen by a lonely motorist on a deserted road late at night or by a frightened and confused husband in the bedroom he is sharing with his wife Perhaps the most disconcerting part of this phenomenon boils down to this question Has the government been aware of their presence all along and is covertly working with them toward some secret end In Rungs of Disclosure what once was fringe is now reality While reading you ll meet regular people just like you who have encountered something beyond their ability to explain You ll also hear from people of great faith and deep religious belief who continue to have these strange and deeply unsettling encounters L A Marzulli
