Money, Finance, and Empire, 1790-1960 R. F Holland,A. N Porter,2012-11-12 Scholars have recently begun to pay renewed attention to the economics of empire focusing in particular on the requirements of metropolitan Britain s economy and on the activities of imperial businesses Within this broad field financial questions not least the subject of investment overseas or the export of capital have long had a prominent place and have been equally affected by the development of new approaches The consensus as to the volume and direction of Britain s overseas investments is being vigorously challenged Technological advances have encouraged on a greatly enlarged scale the compilation and analysis of information about British investments and shareholdings abroad The gradual easing of restrictions on business records has increased facilities for the study especially of imperial and colonial banking Work on the financial policies of central governments is revealing much of interest to students of twentieth century colonial rule and decolonization This collection of essays brings together a selection of the latest research on these and other themes and for comparative purposes includes examples of recent continental work

*Two Rothschilds and the Land of Israel* Simon Schama,2023-05-27 Simon Schama has re examined the role of Baron Edmond de Rothschild 1845 1934 and his son James 1878 1957 in the Jewish settlement of Palestine He refutes Herzl s charge that the colonies were a rich man s pastime to while away what would otherwise have been idle hours by illustrating how Baron Edmond s immediate concern in 1882 for the sanctuary of Eastern European pogrom victims was by the turn of the century translated into a total commitment to the development of a self supporting Jewish homeland and finally a state Along the way Schama maneuvers skillfully through the cluttered detail of budgets expenditures equipment crop experimentation with wine tobacco and perfume border disputes and administrative problems providing occasional vignettes of local Palestinian conditions under Ottoman rule Baronial outrage at colonists ingratitude toward his centralized regime agents ineptness and encounters with Herzl Balfour and Weizmann Meanwhile the Baron evolves from a benevolent onlooker to an active accomplice and with Schama s thoroughly documented incisively written account he and his family take their significant places in Israeli history Kirkus To its credit Schama s work records that the re establishment of large scale Jewish settlement in Palestine was not only marked by a struggle against its Arab inhabitants and later against its British

overlords but primarily by a struggle against the sandy soil rocks and swamps which covered so much of the land available for Jewish settlement at the turn of the century The importance of this study is that it is the first to be based on the archives of PICA the Palestine Jewish Colonisation Association which Schama has used extensively He presents countless details concerning the early Jewish settlements and many fascinating vignettes of life in Ottoman Palestine he has written a highly readable account of aspects of life in Palestine in the late nineteenth and early twentieth centuries Ronald W Zweig The Historical Journal Schama s contributions are remarkable Schama s lively and intelligent discussion of the material hardships and economic realities of the resettlement effort makes an important contribution The spare details of the economic problems of the Yishuv take on a sense of immediacy that is found only in the best economic history Todd M Endelman Jewish Social Studies Biographies of Baron Edmond de Rothschild have been written before But not until Schama s book which evidently had the support of family cooperation could we rely on a study based on archival as well as more readily available documentation It is fortunate that this material is now made accessible in the interpretation of a distinguished historian with a broad sweep of social and economic as well as political interests Benjamin Halpern Middle East Journal An important study Raphael Patai The American Historical Review

**Birdmania** Bernd Brunner, 2017-10-21 An exquisitely beautiful book These stories about birds are ultimately reflections on the curious nature of humanity itself Helen Macdonald author of H Is for Hawk There is no denying that many people are crazy for birds Packed with intriguing facts and exquisite and rare artwork Birdmania showcases an eclectic and fascinating selection of bird devotees who would do anything for their feathered friends In addition to well known enthusiasts such as Aristotle Charles Darwin and Helen Macdonald Brunner introduces readers to Karl Russ the pioneer of bird rooms who had difficulty renting lodgings when landlords realized who he was George Lupton a wealthy Yorkshire lawyer who commissioned the theft of uniquely patterned eggs every year for twenty years from the same unfortunate female guillemot who never had a chance to

raise a chick George Archibald who performed mating dances for an endangered whooping crane called Tex to encourage her to lay and Mervyn Shorthouse who posed as a wheelchair bound invalid to steal an estimated ten thousand eggs from the Natural History Museum in Tring As this book illustrates people who love birds whether they are amateurs or professionals are as captivating and varied as the birds that give flight to their dreams
