Roughing It In The Suburbs Reading Chatelaine Magazine In The Fifties And Sixties:

Roughing it in the Suburbs Valerie J. Korinek, 2000-12-15 Originally launched in 1928 by the 1950s and 1960s nearly two million readers every month sampled Chatelaine magazine's eclectic mixture of traditional and surprisingly unconventional articles and editorials At a time when the American women's magazine market began to flounder thanks to the advent of television Chatelaine's subscriptions expanded as did the lively debate between its pages Why In this exhilarating study of Canada's foremost women's publication in the 50s and 60s Valerie Korinek shows that while the magazine was certainly filled with advertisements that promoted domestic perfection through the endless expansion of consumer spending a number of its sections including fiction features letters and the editor's column began to contain material that subversively complicated the simple consumer recipes for affluent domesticity Articles on abortion spousal abuse and poverty proliferated alongside explicitly feminist editorials It was a potent mixture and the mail poured in both praising and criticizing the new directions at the magazine It was Chatelaine's highly interactive and participatory nature that encouraged what Korinek calls a community of readers readers that in their very response to the magazine led to its success Chatelaine did not cling to the stereotypical images of the era instead it forged ahead providing women with a variety of images ideas and critiques of women's role in society Chatelaine's dissemination of feminist ideas laid the foundation for feminism in Canada in the 1970s and after Comprehensive fascinating and full of lively debate and history *Roughing it in the Suburbs* provides a cultural study that weaves together a history of Chatelaine's producer's consumers and text It illustrates how the structure of the magazine's production and the composition of its editorial and business offices allowed for feminist material to infiltrate a mass market women's monthly In doing so it offers a detailed analysis of the times the issues and the national cross section of the women and sometimes men who participated in the success of a Canadian cultural landmark Winner of the Laura Jamieson Prize awarded by the Canadian Research Institute for the Advancement of Women

Women in Magazines Rachel Ritchie, Sue Hawkins, Nicola Phillips, S. Jay Kleinberg, 2016-02-19 Women have been important contributors to and readers of magazines since the development of the periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly

feminine concerns of the home family and appearance In the decades that followed feminist scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals However this perspective obscures the heterogeneity of the magazine industry itself and women s experiences of it both as readers and as journalists This collection explores such diversity highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women s contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain North America continental Europe and Australia

Awfully Devoted Women Cameron Duder,2011-01-01 The lives of many lesbians prior to 1965 remain cloaked in mystery Historians have turned the spotlight on upper middle class romantic friends and on working class butch and femme women but the lives of the lower middle class majority remain in the shadows Awfully Devoted Women offers a portrait of middle class lesbianism in the decades before the gay rights movement in English Canada This intimate study of the lives of women who were forced to love in secret not only challenges the idea that lesbian relationships in the past were asexual it also reveals the courage it took to explore desire in an era when women were supposed to know little about sexuality

At the heart of fame is the tricky business of image management Over the last 115 years the celebrity autobiography has emerged as a popular and useful tool for that project In Limelight Katja Lee examines the memoirs of famous Canadian women like L M Montgomery Nellie McClung the Dionne Quintuplets Margaret Trudeau and Shania Twain to trace the rise of celebrity autobiography in Canada and the role gender has played in the rise to fame and in writing about that experience Arguing that the celebrity autobiography is always negotiating historically specific conditions Lee charts a history of celebrity in English Canada and the conditions that shape the way women access and experience fame These contexts shed light on the stories women tell about their lives and the public images they cultivate in their autobiographies As strategies of self

representation change and the pressure to represent the private life escalates the celebrity autobiography undergoes distinct shifts in form function and content during the period examined in this study

Limelight Canadian Women and the Rise of Celebrity Autobiography is the first book to explore the history and development of the celebrity autobiography and offers compelling evidence of the critical role of gender and nation in the way fame is experienced and represented

No Place for the State Christopher Dummitt,Christabelle Sethna,2020-04-15 There s no place for the state in the bedrooms of the nation Pierre Elliott Trudeau told reporters He was making the case for the most controversial of his proposed reforms to the Criminal Code those concerning homosexuality birth control and abortion In *No Place for the State* contributors offer complex and often contrasting perspectives as they assess how the 1969 Omnibus Bill helped shape sexual and moral politics in Canada by examining the bill s origins social implications and repercussions The new legal regime had significant consequences for matters like adoption divorce and suicide After the bill passed a great many Canadians continued to challenge how sexual behaviour was governed demanding much more exhaustive changes to the law Fifty years later the origins and legacies of the bill are equivocal and the state still seems interested in the bedrooms of the nation This incisive study explains why that matters

Shopping for Votes Susan Delacourt,2016-05-07 This second edition offers an insightful and provocative look at the inside world of political marketing in Canada and what this means about the state of our democracy in the twenty first century from a leading political commentator Inside the political backrooms of Ottawa the Mad Men of Canadian politics are planning their next consumer friendly pitch Where once politics was seen as a public service increasingly it s seen as a business and citizens are the customers But its unadvertised products are voter apathy and gutless public policy Susan Delacourt takes readers into the world of Canada s top political marketers from the 1950s to the present explaining how parties slice and dice their platforms for different audiences and how they manage the media The current system divides the country into niche markets and abandons the hard political work of knitting together broad consensus or national vision Little wonder then that most Canadians have checked out of the political process less than two per cent of the population belongs to a political party and fewer than half of voters under the age of thirty showed up at the ballot box in the last few federal elections Provocative incisive entertaining and refreshingly non partisan *Shopping for Votes* offers a new narrative for understanding political culture in Canada

Kealey,2012-10-09 Although the 1960s are overwhelmingly associated with student radicalism and the New Left most Canadians witnessed the decade s political economic and cultural turmoil from a different perspective *Debating Dissent* dispels the myths and stereotypes associated with the 1960s by examining what this era s transformations meant to diverse groups of Canadians and not only protestors youth or the white middle class With critical contributions from new and senior scholars *Debating Dissent* integrates traditional conceptions of the 1960s as a time apart within the broader framework of the long sixties and post 1945 Canada and places Canada within a local national an international context

Cutting edge essays in social intellectual and political history reflect a range of historical interpretation and explore such diverse topics as narcotics the environment education workers Aboriginal and Black activism nationalism Quebec women and bilingualism Touching on the decade s biggest issues from changing cultural norms to the role of the state Debating Dissent critically examines ideas of generational change and the sixties

Creating Canada's Peacekeeping Past Colin McCullough, 2016-07-28 *Peacekeeping* Despite efforts to relegate it to the past what was once a central pillar in Canada's national identity has been making a comeback in recent years *Creating*

Canada's Peacekeeping Past illuminates how participation in the United Nations peacekeeping efforts from 1956 to 1997 became central to national self identification in both English and French Canada Delving into four decades worth of political rhetoric newspaper coverage textbooks and more Colin McCullough outlines continuity and change in the production and reception of messages about peacekeeping He demonstrates that those who produced messages about peacekeeping often overlooked the particularities of individual missions preferring to link their cultural products to political discourses about national identity Engaging in debates about Canada's international standing as well as its broader national character this book is a welcome addition to the history of Canada's changing national identity Transforming Labour Joan

Sangster,2010-05-22 The increased participation of women in the labour force was one of the most significant changes to Canadian social life during the quarter century after the close of the Second World War Transforming Labour offers one of the first critical assessments of women's paid labour in this era a period when more and more women particularly those with families were going out to work Using case studies from across Canada Joan Sangster explores a range of themes including women's experiences within unions Aboriginal women's changing patterns of work and the challenges faced by immigrant women By charting women's own efforts to ameliorate their work lives as well as factors that re shaped the labour force Sangster challenges the commonplace perception of this era as one of conformity domesticity for women and feminist inactivity Working women's collective grievances fuelled their desire for change culminating in challenges to the status quo in the 1960s when they voiced their discontent calling for a new world of work and better opportunities for themselves and their daughters **Transforming Magazines** Carla Rodrigues Cardoso,Tim Holmes,2022-07-21 This book is a vital

Western women have inhabited a conceptual space divorced from the world of business But women have always engaged in business Who were these women and how were they able to justify their work outside the home The Business of Women explores the world of those women who embraced British Columbia's frontier ethos in the early twentieth century In this detailed examination of case studies and quantitative sources Buddle reveals that contrary to expectation the typical businesswoman was not unmarried or particularly rebellious but a woman reconciling her entrepreneurship with her identity as a wife mother or widow This groundbreaking study not only incorporates women into the history of business it challenges

commonly held beliefs about women business and the marriage between the two *Queen of the Maple Leaf* Patrizia Gentile, 2020-11-01 As modern versions of the settler nation took root in twentieth century Canada beauty emerged as a business But beauty pageants were more than just frivolous spectacles *Queen of the Maple Leaf* deftly uncovers how colonial power operated within the pageant circuit Patrizia Gentile examines the interplay between local or community based pageants and provincial or national ones Contests such as Miss War Worker and Miss Civil Service often functioned as stepping stones to larger competitions At all levels pageants exemplified codes of femininity class sexuality and race that shaped the narratives of the settler nation A union organized pageant such as *Queen of the Dressmakers* for example might uplift working class women but immigrant women need not apply *Queen of the Maple Leaf* demonstrates how these contests connected female bodies to respectable wholesome middle class femininity locating their longevity squarely within their capacity to reassert the white heteropatriarchy at the heart of settler societies
