BOOK JACKET      **Hearings** United States. Congress. Senate. Committee on Commerce, 1948      Hearings United States. Congress Senate, 1948      Decolonising Intellectual Property Law Jade Kouletakis, Nkem Itanyi, 2025-09-30 This book advocates for an Afrocentric approach to intellectual property IP law using lessons from Nigeria's past to encourage reform for the future of Africa's legal IP landscape Highlighting the Eurocentric influence on the history of intellectual property law in Africa the book demonstrates how this contradicts traditional African community culture This book makes the case for legitimising cultural expressions of traditional communities despite the western legal framework within which they exist reimagining a decolonised IP framework whereby African histories are centred Questioning the fundamentals of the current IP landscape such as the concept of eligibility in copyright which developed alongside European technological advances the book also details the role of the courts in resolving IP disputes It

highlights Africa as a powerhouse of original autonomous innovation values and traditions which predate the West's concept of intellectual property. It illustrates the African experience of intellectual property from a pro African perspective as shared by African authors. This book will be of interest to researchers in the field of intellectual property, copyright and patent law as well as African law. Emerging Towards Apostasy Russ McCullough, 2013-10. There's nothing new under the sun; the wise King Solomon once said. How true. Nineteen centuries after the Gnostics drove the early church into apostasy, history is repeating itself. As was the case in the second century, many in the Lord's body in the twenty-first century are trading reason for speculation, conviction for opinion, facts for narrative, rationality for imagination, and linear truth for allegory. Emerging Towards Apostasy takes you back to the distant past, discovering what drives and motivates the so-called emerging church among departing churches of Christ in America today. Along the way, you will come to discern how apostasy is once again being driven by post-modern philosophy, denominationalism, and an infatuation with the church fathers, the patristics.

Congress. Senate. Committee on Interstate and Foreign Commerce, 1948      But God Can Becky Kiser, 2024-05-07. Tired of trying to be enough. The truth is you were never meant to be no matter what culture might tell you. Christian women today are bombarded with confusing messaging; they are supposed to do and be it all but also die to themselves. They are supposed to believe that women can do anything and also surrender everything to God. Adding to that pressure, many women feel stuck in their current reality, spinning on the hamster wheel of life. They scroll past images that tell them everyone else has it together and is experiencing a purpose-filled, adventurous fun, loving, and God-honoring life. Overwhelmed and at a loss, most women go one of two places: defeat or self-help empowerment. Even Christian self-help. In Becky Kiser's But God Can, women realize this truth on their own: she was never meant to be enough. That is the gospel message; that is why Jesus came. But God Can gets her unstuck and finds a purpose she has never known. She will identify the lies she's internalized, replace those with new truths, and find freedom through realistic, practical, and life-changing strategies. Becky Kiser will use her foundation as a Bible teacher and unique skills as a life coach to take women on a journey to find freedom from lies as she changes how she thinks. Identify what God says is actually true; remember that God is more than capable of doing anything; discover how He has uniquely created her and propel her into the abundant life of deep purpose. But God Can will show you that you don't have to

be enough because God is more than enough On your own you can't but God totally can
