the French Revolution*

CAROL BLUM

# Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution

**David Waldstreicher**

## **Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution:**

Rousseau and the Republic of Virtue Carol Blum, 1989 Carol Blum's book is an extraordinarily important and beautifully written work for which I have the deepest admiration. No one seriously interested in the French Revolution or in eighteenth century political language and theory can afford not to read it.

**The Religious Origins of the French Revolution** Dale K. Van Kley, 1996-01-01 Although the French Revolution is associated with efforts to dechristianize the French state and citizens, it actually had long term religious even Christian origins, claims Dale Van Kley in this controversial new book. Looking back at the two and a half centuries that preceded the revolution, Van Kley explores the diverse often warring religious strands that influenced political events up to the revolution. Van Kley draws on a wealth of primary sources to show that French royal absolutism was first a product and then a casualty of religious conflict. On the one hand, the religious civil wars of the sixteenth century between the Calvinist and Catholic internationals gave rise to Bourbon divine right absolutism in the seventeenth century. On the other hand, Jansenist related religious conflicts in the eighteenth century helped to desacralize the monarchy and along with it the French Catholic clergy which was closely identified with Bourbon absolutism. The religious conflicts of the eighteenth century also made a more direct contribution to the revolution for they left a legacy of protopolitical and ideological parties such as the Patriot party, a successor to the Jansenist party whose rhetoric affected the content of revolutionary as well as counterrevolutionary political culture. Even in its dechristianizing phase, says Van Kley, revolutionary political culture was considerably more indebted to varieties of French Catholicism than it realized.

*The French Revolution and the Creation of Benthamism* C. Blamires, 2008-07-10 The first study of how Genevan Etienne Dumont and his traumatic experience of the French Revolution shaped the reception and presentation of Benthamism and masked the true face of Jeremy Bentham, one of the architects of modern society who visualised a new world based on the values of transparency, accountability and economy.

Revolution and the Republic Jeremy Jennings, 2011-06-16 A history of political thought in France from the French Revolution of 1789 to the present day.

**Signature Pieces** Peggy Kamuf, 2018-03-15 No detailed description available for Signature Pieces.

**The Sentimental Theater of the French Revolution** Cecilia Feilla, 2016-03-03 Smoothly blending performance theory, literary analysis and historical insights, Cecilia Feilla explores the mutually dependent discourses of feeling and politics and their impact on the theatre and theatre audiences during the French Revolution. Remarkably, the most frequently performed and popular plays from 1789 to 1799 were not the political action pieces that have been the subject of much literary and historical criticism but rather sentimental dramas and comedies, many of which originated on the stages of the Old Regime. Feilla suggests that theatre provided an important bridge from affective communities of sentimentality to active political communities of the nation, arguing that the performance of virtue on stage served to foster the passage from private emotion to public virtue and allowed groups such as women, children and the poor who were excluded from direct political participation to imagine a new and inclusive social and political structure.

Providing close readings of texts by among others Denis Diderot Collot d Herbois and Voltaire Feilla maps the ways in which continuities and innovations in the theatre from 1760 to 1800 set the stage for the nineteenth century Her book revitalizes and enriches our understanding of the significance of sentimental drama showing that it was central to the way that drama both shaped and was shaped by political culture      *Monstrous Society* David Collings,2009 *Monstrous Society* problematizes competing representations of reciprocity in England in the decades around 1800 It argues that in the eighteenth century moral economy power is divided between official authority and the counter power of plebeians This tacit mutual understanding comes under attack when influential political thinkers such as Edmund Burke Jeremy Bentham and T R Malthus attempt to discipline the social body to make state power immune from popular response But once negated counter power persists even if in the demands of a debased inhuman body Such a response is writ large in Gothic tales especially Matthew Lewis s *The Monk* and Mary Shelley s *Frankenstein* and in the innovative embodied political practices of the mass movements for Reform and the Charter By interpreting the formation of modern English culture through the early modern practice of reciprocity David Collings constructs a nonmodern mode of analysis one that sees modernity not as a break from the past but as the result of attempts to transform traditions that however distorted nevertheless remain broadly in force

Jacket      *In the Midst of Perpetual Fetes* David Waldstreicher,2012-12-01 In this innovative study David Waldstreicher investigates the importance of political festivals in the early American republic Drawing on newspapers broadsides diaries and letters he shows how patriotic celebrations and their reproduction in a rapidly expanding print culture helped connect local politics to national identity Waldstreicher reveals how Americans worked out their political differences in creating a festive calendar Using the Fourth of July as a model members of different political parties and social movements invented new holidays celebrating such events as the ratification of the Constitution Washington s birthday Jefferson s inauguration and the end of the slave trade They used these politicized rituals he argues to build constituencies and to make political arguments on a national scale While these celebrations enabled nonvoters to participate intimately in the political process and helped dissenters forge effective means of protest they had their limits as vehicles of democratization or modes of citizenship Waldstreicher says Exploring the interplay of region race class and gender in the development of a national identity he demonstrates that an acknowledgment of the diversity and conflict inherent in the process is crucial to any understanding of American politics and culture      *Citoyennes* Annie Smart,2011-12-23 In *Citoyennes* Annie Smart argues that many revolutionary and pre revolutionary works constructed a civic identity for women and portrayed the home as a site for both civic virtue and private subjectivity This interdisciplinary study offers a fresh interpretation of the role of women and the home in eighteenth century France and goes a long way to filling a gaping hole in the contemporary literature on the subject      *Visualizing the Nation* Joan B. Landes,2018-08-06 Popular images of women were everywhere in revolutionary France Although women s political participation was curtailed female allegories of liberty justice and the republic played a

crucial role in the passage from old regime to modern society In her lavishly illustrated and gracefully written book Joan B Landes explores this paradox within the workings of revolutionary visual culture and traces the interaction between pictorial and textual political arguments Landes highlights the widespread circulation of images of the female body notwithstanding the political leadership's suspicions of the dangers of feminine influence and the seductions of visual imagery The use of caricatures and allegories contributed to the destruction of the masculinized images of hierarchic absolutism and to forging new roles for men and women in both the intimate and public arenas Landes tells the fascinating story of how the depiction of the nation as a desirable female body worked to eroticize patriotism and to bind male subjects to the nation state Despite their political subordination women too were invited to identify with the project of nationalism Recent views of the French Revolution have emphasized linguistic concerns in contrast Landes stresses the role of visual cognition in fashioning ideas of nationalism and citizenship Her book demonstrates as well that the image is often a site of contestation as individual viewers may respond to it in unexpected even subversive ways

**The Democratic Sublime** Jason Frank, 2021-03-15 The transition from royal to popular sovereignty during the age of democratic revolutions from 1776 to 1848 entailed not only the reorganization of institutions of governance and norms of political legitimacy but also a dramatic transformation in the iconography and symbolism of political power The personal and external rule of the king whose body was the physical locus of political authority was replaced with the impersonal and immanent self rule of the people whose power could not be incontestably embodied This posed representational difficulties that went beyond questions of institutionalization and law extending into the aesthetic realm of visualization composition and form How to make the people's sovereign will tangible to popular judgment was and is a crucial problem of democratic political aesthetics The Democratic Sublime offers an interdisciplinary exploration of how the revolutionary proliferation of popular assemblies crowds demonstrations gatherings of the people out of doors came to be central to the political aesthetics of democracy during the age of democratic revolutions Jason Frank argues that popular assemblies allowed the people to manifest as a collective actor capable of enacting dramatic political reforms and change Moreover Frank asserts that popular assemblies became privileged sites of democratic representation as they claimed to support the voice of the people while also signaling the material plenitude beyond any single representational claim Popular assemblies continue to retain this power in part because they embody that which escapes representational capture they disrupt the representational space of appearance and draw their power from the ineffability and resistant materiality of the people's will Engaging with a wide range of sources from canonical political theorists Rousseau Burke and Tocqueville to the novels of Hugo the visual culture of the barricades and the memoirs of popular insurgents The Democratic Sublime demonstrates how making the people's sovereign will tangible to popular judgment became a central dilemma of modern democracy and how it remains so today

**Rebel Daughters** Sara E. Melzer, Leslie W. Rabine, 1992-05-21 This interdisciplinary collection of essays examines the important and paradoxical

relation between women and the French Revolution Although the male leaders of the Revolution depended on the women s active militant participation they denied to women the rights they helped to establish At the same time that women were banned from the political sphere woman was transformed into an allegorical figure which became the very symbol of masculine Liberty and Equality This volume analyzes how the revolutionary process constructed a new gender system at the foundation of modern liberal culture

**Literature & Medicine During the Eighteenth Century** Marie Mulvey Roberts, Roy Porter, 2022-10-10 First published in 1993 Literature Medicine During the Eighteenth Century analyses the close interplay of medicine and literature by paying special attention to questions of body language and the representation of inner life Although today medicine and literature are widely seen as falling on different sides of the two cultures divide this was not so in the eighteenth century when doctors scientists writers and artists formed a well integrated educated elite Locke Smollett and Goldsmith were doctors and physicians such as Erasmus Darwin doubled as poets Written by leading historians of medicine and eighteenth century literary critics this book uncovers the interconnections between medical and psychological theory and ideas of taste beauty and genius Its contributors explore the rich cultural milieu of the period and investigate the ways in which medicine itself contributed to informing a gendered discourse of the world This book will be of interest to historians literary scholars and medical historians

Jacques-Louis David and Jean-Louis Prieur, Revolutionary Artists Warren Roberts, 2000-01-01 A comparative study of the French Revolution s most famous artist and a little known illustrator

**Blood in the City** Richard D. E. Burton, 2018-10-18 The Terror of 1793 94 the Paris Commune of 1871 the Dreyfus Affair explosions of violence punctuated French history from the start of the Revolution until the Liberation at the close of World War II The distinguished scholar Richard D E Burton here offers a stunningly original account of these outbursts concluding that recourse to political violence was not occasional and abnormal but rather the usual pattern in French history Instead of adhering to conventional chronological lines Blood in the City is structured topologically around a number of major Parisian sites of memory including Place de la Concorde Sacre Coeur and the Eiffel Tower For thirty years Burton has visited and revisited Paris criss crossing the streets on foot and lived with great nineteenth and twentieth century literary depictions of the city Drawing on historical literary visual anthropological and psychological sources he develops a wide ranging account of violence in modern French politics In so doing he provides powerful insights into political violence scapegoating the idea of sacrifice and the widespread French obsession with conspiracy Burton demonstrates that time and again the same basic scenario has been acted out on the streets of Paris one or more people would be singled out from the community and imprisoned exiled or more often subjected to violence by the crowd or the state In particular he explores how Catholicism in its extreme ultrareactionary form shaped the worldviews of Parisians and how the killing of a sacrificial victim came to be seen as a reenactment of the crucifixion of Christ

**Stendhal's Parallel Lives** Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch s Parallel

Lives Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal's work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus

Political Philosophy Steven B. Smith, 2012-10-30 DIV Who ought to govern Why should I obey the law How should conflict be controlled What is the proper education for a citizen and a statesman These questions probe some of the deepest and most enduring problems that every society confronts regardless of time and place Today we ask the same crucial questions about law authority justice and freedom that Plato Aristotle Machiavelli Hobbes Locke Rousseau and Tocqueville faced in previous centuries In this lively and enlightening book Professor Steven B Smith introduces the wide terrain of political philosophy through the classic texts of the discipline Works by the greatest thinkers illuminate the permanent problems of political life Smith shows and while we may not accept all their conclusions it would be a mistake to overlook the relevance of their insights div

God in the Enlightenment William J. Bulman, Robert G. Ingram, 2016-04-25 We have long been taught that the Enlightenment was an attempt to free the world from the clutches of Christian civilization and make it safe for philosophy The lesson has been well learned In today's culture wars both liberals and their conservative enemies inside and outside the academy rest their claims about the present on the notion that the Enlightenment was a secularist movement of philosophically driven emancipation Historians have had doubts about the accuracy of this portrait for some time but they have never managed to furnish a viable alternative to it for themselves for scholars interested in matters of church and state or for the public at large In this book William J Bulman and Robert G Ingram bring together recent scholarship from distinguished experts in history theology and literature to make clear that God not only survived the Enlightenment but thrived within it as well The Enlightenment was not a radical break from the past in which Europeans jettisoned their intellectual and institutional inheritance It was to be sure a moment of great change but one in which the characteristic convictions and traditions of the Renaissance and Reformation were perpetuated to the point of transformation in the wake of the Wars of Religion and during the early phases of globalization The Enlightenment's primary imperatives were not freedom and irreligion but peace and prosperity As a result Enlightenment could be Christian communitarian or authoritarian as easily as it could be atheistic individualistic or libertarian Honing in on the intellectual crisis of the late seventeenth and early eighteenth centuries while moving from Spinoza to Kant and from India to Peru God in the Enlightenment takes a prism to the age of lights

International Encyclopedia of Civil Society Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new

information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

**The Republic of Letters** Dena Goodman, 1994 Goodman chronicles the story of the Republic of Letters from its earliest formation through major periods of change the production of the Encyclopedia the proliferation of a print culture that widened circles of readership beyond the control of salon governance and the early years of the French Revolution

## The Enigmatic Realm of **Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution**: Unleashing the Language is Inner Magic

## **Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore

some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution any PDF files. With these platforms, the world of PDF downloads is just a click away.

## FAQs About Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution Books

1. Where can I buy Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution books?  
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rousseau And The Republic Of Virtue The Language Of Politics In The French Revolution book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
