**Lillian Schlissel**

## **Route Across The Rocky Mountains With A Description Of Oregon And California:**

**Route Across the Rocky Mountains** William Winter, Overton Johnson, 2019-08-11 From the general interest manifested by the People of the United States we have been impressed with the belief that any correct information concerning those countries clad in ever so homely and unpretending a garb would be received by them with favor From this conviction and indulging the hope that a long and tedious tour might thus be turned to public as well as individual advantage we have concluded to give the following pages to the press There is we suppose no portion of North America East of that great dividing chain the Rocky Mountains similar to that on the West The general features of the country the climate the soil vegetation all are different Nature appears to have created there upon a grander scale The mountains are vast the rivers are majestic the vegetation is of a giant kind the climate in the same latitude is much milder The soil generally is inferior to that of the Western States Many of the valleys in point of fertility are perhaps unsurpassed but to compare the whole country with an equal portion of the Western States it is much inferior Only a small portion of those territories laid down on the maps as Oregon and California are at all calculated for settlement much the largest portions of both are nothing more than barren wastes which can yield little or nothing to the support of animal life The valuable portion of Oregon lies between the Blue Mountains and the Coast and the valuable portion of California between the California Mountains and the Coast The principal advantages that those countries possess over the Western States are a mild and very healthy climate and an excellent commercial situation Our description of those countries we are aware will differ in many respects from those which have been and that probably will be given by others

**Route Across the Rocky Mountains** Overton Johnson, William H. Winter, 2000 First hand account of two travelers on the Oregon Trail from Independence Missouri to California and Oregon in 1843

**Route Across the Rocky Mountains** Overton Johnson, 1846

**Route Across the Rocky Mountains** Overton Johnson, 1929

**Route Across the Rocky Mountains, with a Description of Oregon and California** Overton Johnson, 1846

**Route Across the Rocky Mountains** Overton Johnson, William H. Winter, 1966 *The Oregon Trail* David Dary, 2007-12-18 A major one volume history of the Oregon Trail from its earliest beginnings to the present by a prize winning historian of the American West Starting with an overview of Oregon Country in the early 1800s a vast area then the object of international rivalry among Spain Britain Russia and the United States David Dary gives us the whole sweeping story of those who came to explore to exploit and finally to settle there Using diaries journals company and expedition reports and newspaper accounts David Dary takes us inside the experience of the continuing waves of people who traveled the Oregon Trail or took its cutoffs to Utah Nevada Montana Idaho and California He introduces us to the fur traders who set up the first forts as centers to ply their trade the missionaries bent on converting the Indians to Christianity the mountain men and voyageurs who settled down at last in the fertile Willamette Valley the farmers and their families propelled west by economic bad times in the East and of course the gold seekers Pony Express riders journalists artists and entrepreneurs who

all added their unique presence to the land they traversed We meet well known figures John Jacob Astor Marcus and Narcissa Whitman John Fr mont the Donners and Red Cloud among others as well as dozens of little known men women and children who jotted down what they were seeing and feeling in journals letters or perhaps even on a rock or a gravestone Throughout Dary keeps us informed of developments in the East and their influence on events in the West among them the building of the transcontinental railroad and the efforts of the far western settlements to become U S territories and eventually states Above all The Oregon Trail offers a panoramic look at the romance colorful stories hardships and joys of the pioneers who made up this tremendous and historic migration     *Route Across the Rocky Mountains, with a Description of Oregon and California: Their Geographical Features, Their Resources, Soil, Climate, Productions, & C, & C, by Overton Johnson and Wm. H. Winter, of the Emigration of 1843* Overton Johnson,1932     *The Rogue River Indian War and Its Aftermath, 1850-1980* E. A. Schwartz,1997 From 1855 to 1856 in western Oregon the Native peoples along the Rogue River outmaneuvered and repeatedly drove off white opponents In *The Rogue River Indian War and Its Aftermath 1850 1980* historian E A Schwartz explores the tribal groups resilience not only during this war but also in every period of federal Indian policy that followed Schwartz s work examines Oregon Indian people s survival during American expansion as they coped with each federal initiative from reservation policies in the nineteenth century through termination and restoration in the twentieth While their resilience facilitated their success in adjusting to white society it also made the people known today as the Confederated Tribes of Siletz Indians susceptible to federal termination programs in the 1970s efforts that would have dissolved their communities and given their resources to non Indians Drawing on a range of federal documents and anthropological sources Schwartz explores both the history of Native peoples of western Oregon and U S Indian policy and its effects     *Women's Diaries of the Westward Journey* Lillian Schlissel,2011-08-03 An expanded edition of one of the most original and provocative works of American history of the last decade which documents the pioneering experiences and grit of American frontier women     **The Plains and the Rockies** Henry Raup Wagner,1920     **The Important American Library Formed by Dr. William C. Braislin, Sold by His Order ...** William Coughlin Braislin,1927     *Writings on American History* ,1908     **Success Depends on the Animals** Diana L. Ahmad,2016-02-16 Between 1840 and 1869 thousands of people crossed the American continent looking for a new life in the West *Success Depends on the Animals* explores the relationships and encounters that these emigrants had with animals both wild and domestic as they traveled the Overland Trail In the longest migration of people in history the overlanders were accompanied by thousands of work animals such as horses oxen mules and cattle These travelers also brought dogs and other companion animals and along the way confronted unknown wild animals Ahmad s study is the first to explore how these emigrants became dependent upon the animals that traveled with them and how for some this dependence influenced a new way of thinking about the human animal bond The pioneers learned how to work with the animals and take care of them while on the move Many had never ridden a

horse before let alone hitched oxen to a wagon Due to the close working relationship that the emigrants were forced to have with these animals many befriended the domestic beasts of burden even attributing human characteristics to them Drawing on primary sources such as journals diaries and newspaper accounts Ahmad explores how these new experiences influenced fresh ideas about the role of animals in pioneer life Scholars and students of western history and animal studies will find this a fascinating and distinctive analysis of an understudied topic *Monthly Bulletin* St. Louis Public Library,1919 Teachers bulletin vol 4 issued as part of v 23 no 9 *Monthly Bulletin. New Series* St. Louis Public Library,1918 *Where We Belong* Paul Shepard,2009-04-01 Gathered here in book form for the first time the fourteen essays in *Where We Belong* exemplify Paul Shepard s interdisciplinary approach to human interaction with the natural world Drawn from Shepard s entire career and presented chronologically these pieces vary in setting from the Hudson River to the American prairie to New Zealand Equally impressive is Shepard s spatial range as he moves from subtle differences to grand designs from the intimacy of an artist s brush stroke to a vista of the harsh Greek terrain Alluding to a range of sources from Star Trek to Marshall McLuhan to the Bible the writings discuss such topics as the geomorphology of New England landscape paintings beautification and conservation projects the Oregon Trail and tourism Whether Shepard is pondering why the Great Plains conjured up sea imagery in early observers or how pioneers often resorted to architectural terms temple castle bridge tower when naming the West s natural formations he exposes and thus invites us to unshoulder the cultural and historical baggage we bring to the act of seeing Throughout the book Shepard seeks the antecedents of environmental perception and questions whether the paradigm we inherited should be superseded by one that leads us to a greater concern for the health of the planet This volume is an important addition to Shepard s canon if only for the new view it offers of his intellectual development More important however these selections demonstrate Shepard s grasp of a wide range of ideas related to the physical environment including the various factors historical aesthetic and psychological that have shaped our attitudes toward the natural world and color the way we see it *A History of Travel in America* Seymour Dunbar,1915 Potential Effects of OCS Oil and Gas Exploration and Development on Pacific Northwest Indian Tribes ,1991 **The Mississippi Valley Historical Review** ,1919 Includes articles and reviews covering all aspects of American history Formerly the Mississippi Valley Historical Review
