## **Roy Houck Buffalo Man:**

Roy Houck Buffalo Man Dale M. Lewis,1992      **Bring Back the Buffalo!** Ernest Callenbach,2012-07-11 In *Bring Back the Buffalo* Ernest Callenbach argues that the return of the bison is the key to a sustainable future for the Great Plains. Vast stretches of the region have seen a steady decline in population and are ill suited for traditional agriculture or cattle ranching. Yet those same areas provide ideal habitat for bison. Callenbach explores the past history, present situation, and future potential of bison in North America as he examines what can and should be done to re-establish bison as a significant presence in the American landscape. He looks forward with high hopes to a time when vast herds of buffalo provide permanent sustenance to the rural inhabitants of the Great Plains and again play a central role in the balance of nature.

Not without Our Consent Edward Charles Valandra,2010-10-01 In a 1953 effort to end the authority of local Native American governments, Congress passed Public Law 83-280, allowing states to apply their criminal and civil laws to Native American country. The law provided an unparalleled opportunity for the state of South Dakota to crush burgeoning Lakota nationalism. Edward Valandra's *Not Without Our Consent* documents the tenacious and formidable Lakota resistance to attempts at applying this law. In unprecedented depth, it follows their struggle through the 1950s when, against all odds, their resistance succeeded in the amendment of PL 83-280 to include Native consent as a prerequisite to state jurisdiction. The various House and Senate bills discussed in the manuscript are reproduced in five appendices.      **Of Bison and Man** Harold P. Danz,1997 The first Executive Director of the American Bison Association offers an overview of the native American plains grazer. He explores its prehistory and natural history, complex relationship with Native American humans, the slaughter and recovery, the establishment of the bison industry, and their role today as both a food source and a wild animal. Lewis and Clark's epic adventure through uncharted wilderness, Duncan's retracing of the historic trail, now in various ways tamed, paved, and settled, and the journey of the American West in the years in between. Readers traveling with Duncan will encounter the people who inhabit today's West: farmers and ranchers, cowboys and mountain men, Native Americans, residents of dying small towns, city dwellers who have survived cycles of boom and bust. From the Gateway Arch in St. Louis to the Oregon coast, readers will be treated to a landscape as variously impressive as its people.      **Agriculture, Rural Development, and Related Agencies Appropriations for 1983** United States.
