Royal Conquests and Cultural Migrations in South India and the Deccan C. Sivaramamurti, 1955 a kara Parvati Endowment lectures for 1951-52 delivered at the University of Madras in December 1951 *Temple Imagery from Early Mediaeval Peninsular India* Archana Verma, 2017-07-05 Analyzing the ways in which ideas of heroic discourse and the socio-religious and political needs of the period moulded iconography this book explores the evolution of the iconography of the early mediaeval Hindu temples of the Indian peninsula over the course of the sixth-twelfth centuries C.E. In order to study the socio-religious and political atmosphere in which the early mediaeval temple iconography grew and developed its specific forms the author makes use of the inscriptions archaeological and the literary materials ranging from the fourth centuries B.C.E. to the thirteenth century C.E. as these give an idea of the continuities and discontinuities in the ideas of heroic and political discourses which lie at the back of the visual art forms that they created. Of particular interest are the royal charters issued in Sanskrit and Tamil the religious narratives from the Sanskrit epics and the Puranas iconographic canons that form a part of the religious texts known as the Agamas written in Sanskrit the court literature of the early mediaeval period and the early historical Sangam Tamil literature apart from the archaeological material from the Indian peninsula. The author focuses particularly on exploring the ideas of power current in the society that created the narrative iconography of the period and the region studied *Orthodoxy, Heterodoxy and Dissent in India* S. N. Eisenstadt, D. Shulman, R. Kahane, 2011-12-07 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non-Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media. In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series Samkara's Advaita Vedanta Jacqueline G. Suthren Hirst, 2005-03-31 Samkara c. 700 CE has been regarded by many as the most authoritative Hindu thinker of all time. A great Indian Vedantin brahmin Samkara was primarily a commentator on the sacred texts of the Vedas and a teacher in the Advaitin teaching line. This book serves as an introduction to Samkara's thought which takes this as a central theme. The author develops an innovative approach based on Samkara's ways of interpreting sacred texts and creatively examines the profound interrelationship between sacred text content and method in Samkara's thought. The main focus of the book is on Samkara's teaching method. This method is for Samkara based on the Upanishads own it is to be employed by Advaitin teachers to draw pupils skilfully towards that realisation which is beyond all words. Consequently this book will be of interest not only to students and scholars of Indian philosophy but to all those interested in the relation between language and that which is held to transcend it **Royal Conquests and Cultural Migrations in South India**

Davis,2020-07-21 For many centuries Hindus have taken it for granted that the religious images they place in temples and home shrines for purposes of worship are alive Hindu priests bring them to life through a complex ritual establishment that invokes the god or goddess into material support Priests and devotees then maintain the enlivened image as a divine person through ongoing liturgical activity they must awaken it in the morning bathe it dress it feed it entertain it praise it and eventually put it to bed at night In this linked series of case studies of Hindu religious objects Richard Davis argues that in some sense these believers are correct through ongoing interactions with humans religious objects are brought to life Davis draws largely on reader response literary theory and anthropological approaches to the study of objects in society in order to trace the biographies of Indian religious images over many centuries He shows that Hindu priests and worshipers are not the only ones to enliven images Bringing with them differing religious assumptions political agendas and economic motivations others may animate the very same objects as icons of sovereignty as polytheistic idols as devils as potentially lucrative commodities as objects of sculptural art or as symbols for a whole range of new meanings never foreseen by the images makers or original worshipers Jaina Culture in Medieval Karnataka Julia A.B. Hegewald,2025-04-21 Why did the Jainas in Karnataka plunge from a position of supremacy into one of severe dependency

After a steep and steady rise throughout the region from about the fifth century CE Jaina influence waned dramatically from the late eleventh or early twelfth centuries onwards In this publication specialists in Indian history religious studies and anthropology as well as historians of art and architecture discuss various expressions of this sudden and detrimental decline and explore the reasons for it focusing in particular on the relations of the Jainas with V ra aivas and Muslims The evidence provided by the five international scholars who offer insights from different disciplinal backgrounds indicates that the reasons for the Jainas loss of authority in the region were manifold Certain internal triggers such as changes in Jaina social structure and religious practices adversely affected their position over time In particular however the withdrawal of royal patronage the success of the V ra aivas as traders and the emergence in the area at this time of a number of competing religious groups caused the Jainas to slip into a position of strong asymmetrical dependency

The Concept of Rudra-Siva Through the Ages Mahadev Chakravarti,1986-01-01 The present book throws new light on the gradual development of the concept of Rudra Siva in his animal phallic and human forms since the days of the Harappa Civilization It examines how Siva the composite Aryan non Aryan Divinity was not only admitted but was ultimately crowned with an exalted position in the Brahmanical pantheon how the bull once identified with the deity was regulated to the position of a vahana how phallism was related to Saivism and also how Siva in his different forms was represented in early Indian Art and the Art of Further India The wide range and depth of the author s research fills a vital gap in the subject and his treatment of the entire subject is unique This methodical study on Siva also contains an exhaustive bibliography

Historical Dictionary of the Tamils Vijaya Ramaswamy,2017-08-25 The Tamils have an unbroken history of more than

two thousand years Tamil the language they speak is one of the oldest living languages in the world The only people comparable to the Tamils in terms of their hoary past and vibrant present would be the Jews with one marked difference The Tamils have always had their homeland Tamilaham alternately pronounced and spelt Tamizhaham known today as Tamil Nadu which to them represents their mother and is revered by them as Tamizh Tai literally Tamil Mother This is in striking contrast to the Jews who have been through a long and arduous struggle to gain their homeland a deeply contested site to this day with Hebrewisation of Israel being a key marker of Jewish identity in the region Tamils by contrast have a clear numerical majority in the region that now comprises Tamil Nadu and the language unites rather than divides adherents of different faiths The second edition of Historical Dictionary of the Tamils contains a chronology an introduction and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Tamils The Politics of Expansion George Woolley Spencer,1983 Select List of Recent Publications East-West Center.
