Royal Conspiracy:

A Royal Conspiracy: Parallels between Princess Diana and Duchess Meghan Courtney Hargrove, 2023-04-17 Shape shifting lizards The King of England drowning his brother in a vat of wine A plot by Prince Philip to kill Princess Diana Vampires among the senior royals Those are only some of the conspiracy theories swirling around the British royal family throughout history But the thing about conspiracy theories is sometimes they turn out to be true On a more serious and current note conspiracy theories are at a fever pitch about what's happening with Duchess Meghan Prince Harry and their troubles with the British royal family and how it all connects to what happened in the 1980s and 90s with Princess Diana Please note before buying This is not a book for diehard monarchists This book pulls no punches in relation to the institution of the British royal family Princess Diana was the People's Princess a beloved figure of empathy service beauty and glamour She died tragically too young in a horrific car crash in Paris in 1997 To this day conspiracy theories about what led up to her death from inside the British royal family and how the crash happened are still running rampant Meghan the Duchess of Sussex has also chosen a life of service and giving back She too has spoken of upsetting and dangerous things that have happened to her while working inside the British monarchy a fire in her son Archie's nursery an injured dog and courtiers allegedly holding American citizen Meghan's passport where she couldn't easily access it to name a few examples Conspiracy theories abound about what's happening now with Meghan Prince Harry and their family connects to what happened then with Princess Di Which theories hold water Which ones are so ridiculous as to be laughable Regardless of which conspiracies have the most buzz or credibility we've seen that some of them will never die And the monarchy continues its reign unimpinged living in part off of British taxpayers Will anything stop them Royal Conspiracy Monette Cummings, 1988

Conspiracy Encyclopedia Thom Burnett, 2006 Conspiracies are everywhere they are the lifeblood of politics business and our daily lives this truly international and all embracing encyclopedia explains the details of the world's major popular conspiracies listing them chronologically under subject matter and cross referencing them continually because so many conspiracy theories interact on some level Conspiracies are often international in their sweep and their impact the brutal stabbing of Julius Caesar the conspiracy which has defined political assassinations ever since plunged the Roman Empire into civil war which then engulfed much of the known western world More recently the Cambridge spies Philby Blunt MacLean and Burgess helped Russia throughout WWII and then re defined the Cold War afterwards Philby's defection casting a 30 year shadow over CIA Anglo American relations though conspiracies define our everyday lives there is no body of serious academic research to understand their role nature or defining characteristics Most historians prefer to adhere to the cock up theory of history in which everything happens by accident or incompetence Although this view is favoured by academics and historians it is rejected by a large part of the general public who prefer the evidence of their own lives However they consume their media what they see is a mesh of conspiracies that define the texture of their everyday lives often for the
