Royal Australian Navy:

The Royal Australian Navy in World War II David Stevens, 2005 The definitive account of the part the Royal Australian Navy played in the Second World War **Royal Australian Navy, 1939-1942** George Hermon Gill, 1957 This volume tells briefly the story of the Royal Australian Navy and of Australian naval policy between the wars and then records the part played by the ships and men of that Navy on every ocean and particularly in the eastern Mediterranean and Indian and Pacific Oceans from 1939 until the end of the first quarter of 1942 When the volume ends most of the surviving ships are on the Australia Station again and the Japanese fleets dominate half the Pacific Ocean and the seas to the north of Australia The author describes not only the actions of the Australian ships but the problems and policies of the British fleets of which they often formed a part and discusses the strategical and administrative questions encountered by the senior leaders in Australia Publisher's description The Royal Australian Navy David Stevens, 2001 *A New Aircraft Carrier for the Royal Australian Navy?* Gary Brown, Derek Woolner, 1982 No Pleasure Cruise T. R. Frame, 2004-07 In 1901 Australia's fledgling Federal Government assumed the responsibility for the new nation's defence Their first task was to take the aged and obsolete remnants of the colonies navies and create a national navy to defend our island's coastal waters and overseas trade routes For the first 40 years the Royal Australian Navy RAN was designed to serve alongside the Royal Navy and resembled it in everything but scale After the Second World War the RAN developed along US lines but despite these overseas ties the RAN has developed its own proud character and tradition and has entered the twenty first century as a confident and independent force in its own right In *No Pleasure Cruise* Australia's best known naval historian Dr Tom Frame charts the RAN's emergence as one of the world's strongest and most respected navies and its evolving relationship with the Australian public press and parliament **Of Nautilus and Eagles** Peter C. Vol. 5. No. 12, Etc. 13 July 1962, Etc** Australia. Royal Australian Navy,1962 **The ABC of Royal Australian Navy Corvettes** Libby Pearce,Able Seaman,2019-08-20 The tradition of naming ships of the Royal Australian Navy s fleet after our nation s cities and towns began when the Royal Australian Navy Fleet Unit was created in the years immediately preceding World War I When the Australian Fleet Unit first arrived in Sydney on 4 October 1913 it was led into Port Jackson by the flagship HMAS Australia I followed closely by two brand new cruisers each carrying the name of Australia s largest cities Melbourne and Sydney Later more cruisers were ordered and over time the names of other capital cities were added including Adelaide Brisbane Canberra Perth and Hobart The citizens of those major cities took much pride in having state of the art Australian warships so named particularly as most knew someone serving in them It followed that the exploits and adventures of those men and ships were reported with great enthusiasm and pride by hometown newspapers Soon after the outbreak of World War II an order was placed for sixty minesweepers of simple design to be constructed in Australian shipyards as part of the Commonwealth Government s wartime shipbuilding programme Rapidly produced these vessels were capable of patrol work shore bombardment minesweeping escort and survey duties and troop transport They became popularly known as corvettes and with so many ships commissioning the Navy turned its attention to regional towns and communities in search of worthy names The lead ship of the class was named HMAS Bathurst after the town in the central tablelands of NSW and those that followed each took their names from other regional towns dotted around the country This linkage between the Navy and the Nation forged strong and enduring links between the RAN and the communities it drew upon to crew its fighting ships at a time when Australia never felt more threatened Altogether 56 Bathurst class corvettes saw active service in the RAN during World War

II performing valuable work in far flung theatres in both hemispheres Four corvettes were built for the Royal Indian Navy Three corvettes were lost during the war and a fourth in 1947 while clearing mines from the Great Barrier Reef *The Genesis of the Royal Australian Navy* G. L. Macandie,1949 *The Royal Australian Navy and MacArthur* Ian Pfennigwerth,2009 By 1945 MacArthur s forces had advanced from Papua to the Philippines and to Borneo The majority of the troops supplies and equipment for this campaign were transported by sea and MacArthur s success was based on 22 amphibious assaults By 1945 MacArthur s forces had advanced from Papua to the Philippines and to Borneo The majority of the troops supplies and equipment for this campaign were transported by sea and MacArthur s success was based on 22 amphibious assaults Soldiers and Marines did the ground fighting and MacArthur s air forces eventually ruled the skies but it was the ships of the United States and Australian navies that delivered them to the battlefronts and supported them This book reveals much of the RAN s war little reported upon Tiny by comparison with the USN the RAN more than compensated by commanding all the hydrographic surveying for MacArthur s shipping and amphibious assaults and shouldered the major responsibility for protecting MacArthur s convoys The RAN bombarded enemy positions drove off Japanese reinforcements and harassed enemy coastal shipping RAN Coast Watchers collected crucial intelligence Beach Commandos directed men and material across assault beaches often delivered by RAN landing ships RAN ships shuttled troops and equipment rescued downed airmen and swept enemy mines Australian sailors fought and sometimes died in battles against kamikaze aircraft in the Philippines and in routing the Japanese Fleet at Surigao Wherever MacArthur s troops fought the RAN was there When the fighting stopped the RAN facilitated the surrender of Japanese forces and finally brought our troops home **Night Raiders** David Bruhn,Rob Hoole,2018-10-31 U S British Dutch and Australians used night raider ships to lay minefields to prevent invasion by Japan The little known efforts of these valiant men are illuminated in this rare look into history *Royal Australian Navy 1939-1942* , **Out of Sight, Out of Mind** John R. Carroll,2013 Out of Sight Out of Mind identifies and dispels various myths which have developed around the importance of sea transport and logistical support and argues for a new appreciation of the service of the 13 000 members of the RAN who participated in this vitally important task Many of the illustrations were taken by serving military personnel which gives them an immediacy and poignancy lacking in official photographs **Royal Australian Navy (W.A.
