Royal Doulton Figures Produced at Burslem Staffordshire Desmond Eyles, Valerie Baynton, 1994 *Royal Doulton Figures* Desmond Eyles, Louise Irvine, Valerie Baynton, 1994 A complete record of all known figures illustrated in color *Collecting Royal Doulton Figurines*, **Royal Doulton Figures** Desmond Eyles, Richard Dennis, 1978 There has long been a need for an authentic record of the HN series of Royal Doulton figures from HN I onwards up to the present day to give collectors the details and background information they have so often requested This book is the result of a long and detailed study of figures pattern books old catalogues price lists trade and other journals and other records supplemented by discussions with designers artists and craftsmen past and present and correspondence and meetings with collectors in many lands The aim throughout has been to try to answer those questions most asked by collectors concerning the origins historical development styles of design and decoration dating and later development of the Royal Doulton figure A feature of this book is the unusually large number of illustrations of figures nearly all in full colour Here for the first time since the Royal Doulton figures were introduced over 65 years ago will be found a complete record of all known discontinued models as well as those in current production Foreword p 7 **I Hope I Don't Intrude** David Vincent, 2015-05-14 *I Hope I Don't Intrude* takes its title from the catch phrase of the eponymous hero of the 1825 play *Paul Pry* which was an immense success on the London stage and then rapidly in New York and around the English speaking world It tackles the complex multi faceted subject of privacy in nineteenth century Britain by examining the way in which the tropes language and imagery of the play entered public discourse about privacy in the rest of the century The volume is not just an account of a play or of late Georgian and Victorian theatre Rather it is a history of privacy showing how the play resonated through Victorian society and revealed its concerns over personal and state secrecy celebrity gossip and scandal postal espionage virtual privacy the idea of intimacy and the evolution of public and private spheres After 1825 the overly inquisitive figure of *Paul Pry* appeared everywhere in songs stories and newspapers and on everything from buttons and Staffordshire pottery to pubs ships and stagecoaches and *Paul Pry* rapidly entered the language *I Hope I Don't Intrude* is an innovative kind of social history using rich archival research to trace this cultural artefact through every aspect of its consumer context and using its meanings to interrogate the largely hidden history of privacy in a period of major transformations in the role of the home mass communication particularly the new letter post which delivered private messages through a public service and the state In vivid and entertaining detail including many illustrations David Vincent presents the most thorough account yet attempted of a recreational event in an era which saw a decisive shift in consumer markets His study casts fresh light on the perennial tensions between curiosity and intrusion that were captured in *Paul Pry* and his catchphrase Giving a new account of the communications revolution of the period it re evaluates the role of the state and the market in creating a new regime of privacy And its critique of the concept and practice of surveillance looks forward to twenty first century concerns about the
