## **Royal Marine Commando In Action:**

**Lethal Shot** Robert Driscoll, 2019-05-30 Rob Driscoll former sergeant with 42 Commando Royal Marines served tours in Iraq Kuwait and Kosovo A born leader of fighting men he also endured three tours in Afghanistan The third of those will go down in history as one of the UK military's darkest hours for it marked the first time a British serviceman has been tried for a murder on the battlefield since the Second World War That man was Marine A Sergeant Alexander Blackman Rob Driscoll's friend and fellow NCO in 42 Commando and on the day in question they were commanding patrols within a few hundred yards of each other Few men know what really went on that day in Helmand Province Rob Driscoll is one and like Blackman knew only too well the privations and frustrations of fighting an ubiquitous and tenacious enemy without sufficient resources and support Yet Lethal Shot is more than a compelling insight into one of the most controversial and divisive cases in recent military history It is a clear eyed account of life on active service with the Royal Marines of incursions into war torn countries where chaos and anarchy ruled and of men risking their lives daily only too often to find that they would not be backed up by politicians at home In charting its author's career as a Royal Marine Commando it unflinchingly demonstrates the real life horrors of engaging at close quarters with enemies such as the Taliban Rob Driscoll received a Mention in Despatches for his last tour of Afghan the citation reading He never bows to fatigue or danger and there is no doubt that his remarkable acts of selflessness saved a number of lives for which he deserves significant formal recognition

**Confessions of a Royal Marine Commando** David Stanley, 2013-04 Confessions of a Royal Marine Commando A Young Man's Mischievous Journey Into UK's Finest is one of the most inspiring and entertaining stories you will ever read Author David Stanley has pulled off the unique feat of being both funny and inspirational while telling a tale which should give heart to every young kid in the country whose being bullied in the schoolyard or at home The well known advertisements for Commandos state that 99.99 percent need not apply David Stanley always knew that the famous Green Beret the proud symbol of the Commandos would be his British Commandos are admired by military establishments around the world as being the elite of the elite the most highly trained soldiers in history The story of how a height challenged kid who was scared to walk to the local bus stop survived the brutal training regime imposed on aspiring Commandos and became one of the seven chosen out of an initial 50 000 applicants will warm the heart of anyone who has a dream they have been frightened to chase Anyone who reads this book will find themselves belly laughing at Stanley's vividly comical descriptions of the notoriously tough training procedures at the Lympstone Commando Training Centre I wanted to do something different from normal says author David Stanley of why he felt compelled to write Confessions of a Royal Marine Commando I wanted to look at the comical side of things Most military books are very serious but in fact much about military life can be very funny and most soldiers I have known have a great sense of humor

[47 Royal Marine Commando](#) Marc de Bolster, 2014-09 47 Royal Marine Commando An Inside Story 1943-1946 tells the story of 47 Royal Marine Commando during the Second World War based on personal accounts written

by veterans who served in this formidable unit It is a story of young men who were to play a key role in freeing Europe from Nazi tyranny From the D Day landings in Normandy to fierce battles in Holland some were taken prisoner by the enemy and sent to camps until freed at the end of the war in 1945 Included are eyewitness accounts of the Normandy landings involvement of the RAF Royal Navy and American forces 10 Inter Allied Commando and the effect on local populations who got word of the actions in which this Commando took a major part Formed from 10th Battalion Royal Marines and reinforced by volunteers from several parts of the British armed forces they distinguished themselves by sheer determination and professionalism Over 900 men served in or were attached to this Commando keeping their overall strength up to 420 Many gave their lives never to return home so others might live to tell their story

**Royal Marines Commandos** John Parker, 2013-02-28 The Royal Marines were originally formed under the auspices of the Royal Navy to guard its sailing ships from harm They are proud of their history and origins but the Navy heritage is fading John Parker charts how the units have moved away from their nautical beginnings to develop over time into the most versatile force in the British military containing one of their most elite brigades The Royal Marines Commandos have over the past few years developed into the premier fighting organisation on land sea and air This history deals with events associated with the Royal Marines and subsequently in their commando role starring in all major conflicts including Italy Malaysia the Borneo confrontation with Indonesia and more recently Afghanistan

Too Few Too Far Malcolm Angel, 2008-12-15 British Commando George Thomsen's action filled account of combat during the Falklands War

*The Green Beret: The Story Of The Commandos, 1940-1945* Lt. Hilary St. George Saunders, 2016-01-18 I am not worried about the fighting I know you're fairly bloody minded But I want to speak of discipline during the battle You must get ashore if you have to swim and I hope some of you will return as you'll be very useful for the next show The words of a Commando officer to his men before they stormed the beaches of Sicily under heavy machine gun fire sum up the swashbuckling devil may care spirit of the toughest fighting men produced the Commandos For their raids and battles far behind enemy lines in France North Africa Sicily Italy and Burma the men in the Green Beret have become a legend This book shows how this legend was forged

*Portsmouth's World War Two Heroes* James Daly, 2012-02-01 Based on research into 2 549 servicemen and women from Portsmouth who were killed during World War 2 this book uncovers stories that have never been told before a naval bomb disposal Petty Officer awarded the George Cross a 16 year old Para a Battle of Britain hero men killed in battleships submarines bombers and tanks throughout Europe Africa the Middle East and Asia By using database software the author has been able to analyse all 2 549 casualties and look at statistics such as their age and where in Portsmouth they came from As well as telling the stories of individuals and units it has been possible to build a picture of the effect that World War 2 had on Portsmouth's communities

**Wearing the Green Beret** Jake Olafsen, 2012-01-17 With the authenticity of Jarhead and Bravo Two Zero and the straight up narrative of Contact Charlie this military memoir describes what really goes on in the training of an elite soldier and his tours in

Afghanistan In 2004 Jake Olafsen signed up for the Royal Marines Commandos He left everything behind at home in Canada on the basis of a spur of the moment decision The Royal Marines have the toughest and longest basic training of any infantry unit in the world For Olafson this meant eight months of wet and cold in England and Wales It was hell but he came out with the four Commando qualities that the corps look for courage determination unselfishness cheerfulness in the face of adversity Olafsen went on to serve for four years as a Commando in the Royal Marines an elite military unit based in the United Kingdom He went to Afghanistan twice in 2006 he went to confront the Taliban in Helmand Province for six months and in 2007 he was sent to do it all over again His story is filled with good experiences like the sense of accomplishment patriotism and camaraderie and the opportunity to travel the world But all good things come at a price The sacrifices he made for the Corps are significant he has killed the enemy and he has buried his friends And in telling his story Olafsen hopes that he can make sense of it all This is an honest gutsy story about the mud and the blood the triumphs and the tragedies From the Hardcover edition **International Encyclopedia of Military History** James C. Bradford,2004-12-01

With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history *Armor* ,1971 The Marine Corps Gazette ,1963

**True Stories Of The Commandos** Robin Hunter,2013-03-31 Raised in the dark post Dunkirk days of 1940 to carry the war to the enemy in five short and violent years the British Army Commandos established a reputation that has made the name Commando the mark of the fighting man The Commandos began as small scale raiders but their operations grew in size and destruction as the war progressed until in the end there were four full Commando Brigades superb units which fought in every theatre of war from Norway to Burma from the coast of France to the islands of Yugoslavia The Commandos were disbanded in 1945 46 but reformed in the 1970s and in 1982 about 1000 army Commandos set sail to fight in the Falklands War The long and proud history of the army contains accounts of many fine and distinguished units but few can equal and none exceed the story of the British Army Commandos *The Role of Amphibious Warfare in British Defense Policy* I. Speller,2001-08-03 This book breaks new ground as the first full account of the role of amphibious warfare in British strategy between VE Day and the Anglo French assault on Suez in 1956 Ian Speller analyses the development of postwar strategic planning and the manner in which this influenced the nature of Britain s armed forces in the 1940s and 1950s By detailing the development of equipment doctrine and the role of the Royal Marines he sheds new light on the military response to a succession of overseas crises *The Right to Life in Armed Conflict* Ian Park,Ian David Park,2018 What place does the right to life have in armed conflicts And does it lock down military objectives In the first sustained coverage of the

area Ian Park examines conflicts in Iraq Afghanistan Libya and Syria to explicate how far governments should be entitled to derogations from human rights whilst engaging in combat operations      *Logistics in the Falklands War* Kenneth L. Privratsky, 2016-08-15 A military logistics expert analyzes the detailed coordination employed by the British during the Falklands War in 1982 While many books have been written on the Falklands War this is the first to focus on the vital aspect of logistics The challenges were huge the lack of preparation time the urgency the huge distances involved and the need to requisition ships from trade to name but four After a brief discussion of events leading to Argentina's invasion the book details the rush to reorganize and deploy forces dispatch a large task force the innovative solutions needed to sustain the task force the vital staging base at Ascension Island the in theatre resupply the set backs and finally the restoring of order after victory Had the logistics plan failed victory would have been impossible and humiliation inevitable with no food for the troops no ammunition for the guns no medical support for casualties etc The lessons learned have never been more important with increasing numbers of out of area operations required in remote trouble spots at short notice The Falklands experience is crucial for the education of new generations of military planners and fascinating for military buffs and this book fills an important gap With inadequate training little intelligence no contingency plan a politically driven rush and at 8 000 miles it is not surprising that logistics during Op CORPORATE were confusing and challenging It has taken a US Army general to explain why We should all be grateful Michael Clapp Commander Amphibious Task Force A timely book that explores the logistical challenges of projecting decisive combat power across transoceanic distances Marine Corps Gazette

**Voices of Victory** Geraint Jones, 2025-04-24 Enthralling and enlightening A wonderful look into the personal experiences that heart and soul of the fighting soldier towards the end of the Second World War John Nichol Sunday Times bestselling author of *The Unknown Warrior* From the bestselling author of *D Day* *The Unheard Tapes* comes a revealing new history of the final bloody battles against Nazi Germany Published for the 80th anniversary of VE Day and based on audio interviews with those who fought their way to victory this is a compelling and immersive account of a crucial period in the Second World War February 1945 Eight months have passed since the D Day landings when the Allies gained their foothold in North West Europe Since then the British Army has fought near continuously against the German military Now they stand ready for their final test the battle for the German homeland Drawing on the sound archive of the Imperial War Museums and other personal accounts military historian Geraint Jones brings this often overlooked period of the war vividly to life in the words of British soldiers who were there from war weary men who have survived many months of combat to new recruits facing Hitler's fanatics for the first time In *Voices of Victory* we join the soldiers battling to break through the Siegfried Line and clear the Reichswald forest where fighting was from one tree to the next At the crossing of the Rhine we go into action with the commandos and jump behind enemy lines with the Paras We are taken into the horror of Belsen when the concentration camp is liberated hear from the witnesses of the forgotten battles of April and end the war deep in Germany with victory in

Europe      **Up Close and Personal** David Lee, 2006-04-01 An in depth analysis of what it was really like to fight at the sharp end in every theater of the Second World War from the author of *Beachhead Assault* In 1947 US General S L A Marshall controversially wrote that out of every one hundred combat soldiers only fifteen to twenty five actually fired their weapons at the enemy because of the innate human reluctance to take another's life Others maintained the opposite view that soldiers enjoyed killing David Lee demonstrates that the situation was far more complex than either of these positions arguing that the crucial factor for a unit's success in battle was the type of training it received To illustrate this Lee covers actions from each theater of the war in depth and with comprehensive coverage of weapons and tactics First there is the story of what happened when a battalion of British soldiers trained in the traditional manner came up against the Waffen SS whose training was formidable and bore close resemblance to the Commandos The success of No 4 Commando at Dieppe is covered to show how this was put into effect For the desert war there is a detailed look at how a rifle battalion held the snipe position against overwhelming odds and how that same battalion was virtually wiped out when it later went to Italy For the Far East Lee explains how hatred of the Japanese Army gave impetus to British soldiers fighting at Kohima and American soldiers at Iwo Jima And finally there is the story of one US infantry regiment on D Day      **The Routledge Atlas of the Second World War** Martin Gilbert, 2014-03-05 In *The Routledge Atlas of the Second World War* Martin Gilbert graphically charts the war's political military economic and social history through 247 maps Each map has been specially drawn for this atlas many of them covering topics that have not previously been mapped The atlas covers all the major events from the German invasion of Poland in September 1939 to the defeat of Japan in August 1945 including the Blitz the Fall of France Pearl Harbor the naval Battles of the Atlantic the Indian Ocean and the Pacific Dieppe Stalingrad Midway the Normandy Landings the bombing of Warsaw London Coventry Hamburg Dresden Tokyo Hiroshima and Nagasaki the Burma Railway concentration camps and slave labour camps and prisoner of war camps in Europe the Americas and the Far East Focusing on the human and inhuman aspects of the war *The Routledge Atlas of the Second World War* includes examination of Military naval and air campaigns on all the war fronts The war on land at sea and in the air The economic and social aspects of the war The global nature of the war in armed combat and in suffering The impact of the war on civilians both under occupation and as deportees and refugees The aftermath of the war the post war political and national boundaries war graves and the human cost of the war on every continent      **Commando Tactics** Stephen Bull, 2011-06-13 British commandos are among the most celebrated soldiers of the Second World War Their daring ingenuity and bravery have given rise to an almost legendary reputation that makes it difficult to appreciate fully their role and their true value as fighting men Stephen Bull in this in depth study of commando tactics and history seeks to dispel the myths and the misunderstandings that surround them and he places these elite troops of 70 years ago in the context of their times He also demonstrates that the idea of the commando took time to develop and that commando operations were far from always successful Commando tactics

amphibious mountain close quarter were forged through the often painful experience of raids and combined operations And commando tactics and organization remained in a state of flux throughout the war as new situations and challenges arose Stephen Bulls vivid account will be essential reading for anyone who is interested in commando fighting techniques and the early history of special forces      **The Royal Navy and Allies from October 1944 to September 1945** Kenneth Edwards (Commander.),1945
