

Conclusions

1. The transition process from socialism to capitalism can be described by a model defined by only three parameters having simple physical interpretations
2. Central European countries have completed transformation into capitalist countries
3. The countries of the FSU are building the capitalist system with a considerable lag
4. Most of Central and East European countries currently exhibit economic underperformance, except for Estonia (?)
5. The best case scenario guarantees in future a constant per capita GDP lag relative to that of USA
6. An increasing absolute per capita GDP lag relative to that of USA will be observed in the case of economic underperformance
