much more than inspire its first major writers it materially shaped their works as this comparative study reveals through close textual analysis of William Burroughs Allen Ginsberg and Jack Kerouac s appropriations of French literature and culture Sometimes acknowledged sometimes not their appropriations take multiple forms ranging from allusions invocations and citations to adaptations and translations and they involve a vast array of works including the poetic realist films of Carné and Cocteau the existentialist philosophy of Sartre and the poems and novels of Baudelaire Rimbaud Proust Gide Apollinaire St John Perse Artaud Celine Genet and Michaux While clarifying the extent of Burroughs Ginsberg and Kerouac s engagements with French literature and culture in depth analysis of their textual appropriations emphasises differences in their views of literature philosophy and politics which help us understand the early Beat circle was divided from the start The book s close readings also transform our perception of Burroughs cut up practice Kerouac s spontaneous prose and Ginsberg s poetics of open secrecy
