How the Irish Saved Civilization Thomas Cahill,2010-04-28 NATIONAL BESTSELLER A book in the best tradition of popular history the untold story of Ireland s role in maintaining Western culture while the Dark Ages settled on Europe The perfect St Patrick s Day gift Every year millions of Americans celebrate St Patrick s Day but they may not be aware of how great an influence St Patrick was on the subsequent history of civilization Not only did he bring Christianity to Ireland he instilled a sense of literacy and learning that would create the conditions that allowed Ireland to become the isle of saints and scholars and thus preserve Western culture while Europe was being overrun by barbarians In this entertaining and compelling narrative Thomas Cahill tells the story of how Europe evolved from the classical age of Rome to the medieval era Without Ireland the transition could not have taken place Not only did Irish monks and scribes maintain the very record of Western civilization copying manuscripts of Greek and Latin writers both pagan and Christian while libraries and learning on the continent were forever lost they brought their uniquely Irish world view to the task As Cahill delightfully illustrates so much of the liveliness we associate with medieval culture has its roots in Ireland When the seeds of culture were replanted on the European continent it was from Ireland that they were germinated In the tradition of Barbara Tuchman s A Distant Mirror How The Irish Saved Civilization reconstructs an era that few know about but which is central to understanding our past and our cultural heritage But it conveys its knowledge with a winking wit that aptly captures the sensibility of the unsung Irish who relaunched civilization
