Screen Couple Chemistry Martha P. Nochimson, 2010-07-05 Astaire and Rogers Tracy and Hepburn Just the mention of their names evokes the powerful chemistry between these screen couples which utterly transcended the often formulaic films in which they appeared together Indeed watching the synergistic flow of energy between charismatic screen partners is one of the great pleasures of cinema and television as well as an important vehicle for thinking through issues of intimacy and gender relations In this book Martha P Nochimson engages in a groundbreaking study of screen couple chemistry She begins by classifying various types of couples to define what sets the synergistic couple apart from other onscreen pairings Then she moves into extended discussions of four enduring screen couples Maureen O Sullivan Johnny Weissmuller Myrna Loy William Powell Fred Astaire Ginger Rogers and Katharine Hepburn Spencer Tracy Using theories of neuroscience she demonstrates that their onscreen chemistry is a very real phenomenon powerful enough to subvert conventional formulations of male female relations Material she has uncovered in the infamous Production Code Administration files illuminates the historical context of her contentions Finally Nochimson traces the screen couple to its present day incarnation in such pairs as Woody Allen Diane Keaton Scully Mulder of The X Files and Cliff Claire Huxtable of The Cosby Show *Screen Couple Chemistry* Martha P. Nochimson, 2002-12-01 Martha P Nochimson engages in a groundbreaking study of screen couple chemistry

Ballroom to DanceSport Caroline Joan S. Picart, 2012-02-01 Drawing on recent media portrayals and her own experience author and dancer Caroline Joan S Picart explores ballroom dancing and its more sporty equivalent DanceSport suggesting that they are reflective of larger social political and cultural tensions The past several years have seen a resurgence in the popularity of ballroom dance as well as an increasing international anxiety over how and whether to transform ballroom into an Olympic sport Writing as a participant critic Picart suggests that both are crucial sites where bodies are packaged as racialized sexualized nationalized and classed objects In addition Picart argues as the choreography costuming and genre of ballroom and DanceSport continue to evolve these theatrical productions are aestheticized and constructed to encourage commercial appeal using the narrative frame of the competitive melodrama to heighten audience interest *Hollywood*

and shows how these serial narrative practices can help us understand a wide range of prime time TV serials By taking seriously the art and argument of Ally McBeal Beautiful TV conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary television

Human Chemistry (Volume One) Libb Thims, 2007-09-01 Human chemistry is the study of bond forming and bond breaking reactions between people and the structures they form People often speak of having either good or bad chemistry together whereby according to consensus the phenomenon of love is a chemical reaction The new science of human chemistry is the study of these reactions Historically human chemistry was founded with the 1809 publication of the classic novella Elective Affinities by German polymath Johann von Goethe a chemical treatise on the origin of love Goethe based his human chemistry on Swedish chemist Torbern Bergman's 1775 chemistry textbook A Dissertation on Elective Attractions which itself was founded on Isaac Newton's 1687 supposition that the cause of chemical phenomena may all depend upon certain forces by which the particles of bodies by some causes hitherto unknown are either mutually impelled towards each other and cohere in regular figures or are repelled and recede from one another which thus defines life

Gestures of Love Steven Rybin, 2017-05-24 Examines movie romance in light of our emotional bond to the actors and characters on screen Gestures of Love considers the viewer's enchantment with charismatic actors in film as the starting point for closely analyzing the performance of love in movies Written with a thoughtful adoration for the actors who move us Steven Rybin examines several of cinema's most beloved on screen movie couples including Katharine Hepburn and Cary Grant Myrna Loy and William Powell Carole Lombard and John Barrymore Gene Tierney and Dana Andrews Lauren Bacall and Humphrey Bogart and Rock Hudson and Dorothy Malone Using the classical genres of screwball comedy film noir and the family melodrama as touchstones Rybin places the depiction of romance in films into dialogue with the viewer's own emotional bond to the actors on the screen In doing so he offers rich new analyses of such classic films as Bringing Up Baby The Thin Man Twentieth Century Laura To Have and Have Not Tea and Sympathy Written on the Wind and more Steven Rybin's Gestures of Love presents a compelling series of close readings focused on cinematic performances from the classical Hollywood era a series

of readings that not only function independently but also build and reflect on one another as the text moves forward Engagingly written and unapologetically driven by the author's own pleasures the text will appeal to readers interested in cinephilia actors in performance and classical Hollywood more generally David T Johnson author of *Richard Linklater's Gestures of Love* is the first book to explore issues of stardom and performance through the lens of cinephilia studies Steven Rybin astutely demonstrates how a star couple's performance of love may be refracted through a viewer's love of performance Lucid and invigorating this book reconsiders celebrated duos from Hepburn and Grant to Bogart and Bacall to Hudson and Malone as well as the evolution of love in classical Hollywood Rashna Wadia Richards author of *Cinematic Flashes: Cinephilia and Classical Hollywood* Roll Over Adorno Robert Miklitsch, 2012-02-01 What happens when Theodor Adorno the champion of high classical artists such as Beethoven comes into contact with the music of Chuck Berry the de facto king of rock n roll In a series of readings and meditations Robert Miklitsch investigates the postmodern nexus between elite and popular culture as it occurs in the audiovisual fields of film music and television ranging from Gershwin to gangsta rap Tarantino to *Tongues Untied* Tony Soprano to *Buffy the Vampire Slayer* Miklitsch argues that the aim of critical theory in the new century will be to describe and explain these commodities in ever greater phenomenological detail without losing touch with those evaluative criteria that have historically sustained both *Kulturkritik* and classical aesthetics **The Cinema of Hal Hartley** Steven Rybin, 2016-12-27 Over the course of nearly thirty years Hal Hartley has cultivated a reputation as one of America's most steadfastly independent film directors From his breakthrough films *The Unbelievable Truth* 1989 *Trust* 1990 and *Simple Men* 1992 to his recently completed *Henry Fool* trilogy Hartley has honed a rigorous deadpan and instantly recognizable film style informed by both European modernism and playful revisions of Classical Hollywood genres Featuring new essays on this important director and his films this collection explores Hartley's work from a variety of aesthetic cultural and economic contexts while also looking closely at his collaborations with actors the contexts of his authorial reputation his reworking of the romantic comedy and other genres and the shifting economics of his filmmaking This book up to date through Hartley's latest film *Ned Rifle* 2014 includes new scholarship on the director's early work as well as reflections on his cinema in connection with new theories and approaches to independent filmmaking Covering the entire trajectory of his career including both his features and short films the book also includes new readings of several of Hartley's seminal films including *Amateur* 1994 *Flirt* 1995 and *Henry Fool* 1997 Romantic Comedy Tamar Jeffers McDonald, 2007 Romantic Comedy offers an introduction to the analysis of one of the most popular but generally overlooked film genres The book provides an overview of Hollywood's romantic comedy conventions examining the iconography narrative patterns and ideology which inform such films Happy Endings in Hollywood Cinema James MacDowell, 2013-07-22 Hollywood happy ending has long been considered among the most famous and standardised features in the whole of narrative filmmaking Yet while ceaselessly invoked this notorious device has received barely any detailed

attention from the field of film studies This book is thus the first in depth examination of one of the most overused and under analysed concepts in discussions of popular cinema What exactly is the happy ending Is it simply a cliché as commonly supposed Why has it earned such an unenviable reputation What does it or can it mean Concentrating especially on conclusions featuring an ultimate romantic union the final couple this wide ranging investigation probes traditional associations between the happy ending and homogeneity closure unrealism and ideological conservatism testing widespread assumptions against the evidence offered by a range of classical and contemporary films *Forensic Science in Contemporary American Popular Culture* Lindsay Steenberg, 2013 This book identifies traces and interrogates contemporary American culture's fascination with forensic science It looks to the many different sites genres and media where the forensic has become a cultural commonplace It turns firstly to the most visible spaces where forensic science has captured the collective imagination crime films and television programs In contemporary screen culture crime is increasingly framed as an area of scientific inquiry and even more frequently as an area of concern for female experts One of the central concerns of this book is the gendered nature of expert scientific knowledge as embodied by the ubiquitous character of the female investigator Steenberg argues that our fascination with the forensic depends on our equal fascination with and suspicion of women's bodies with the bodies of the women investigating and with the bodies of the mostly female victims under investigation *The Oxford Handbook of the Hollywood Musical* Dominic McHugh, 2022 In *The Oxford Handbook of the Hollywood Musical* leading scholars examine the history of a defining film genre from its very roots to the present analyzing its tropes and problems over the past 8 decades of film history *100 Entertainers Who Changed America* Robert C.
