Projections of Passing N. Megan Kelley, 2016-04-04 A key concern in postwar America was who s passing for whom Analyzing representations of passing in

Hollywood films reveals changing cultural ideas about authenticity and identity in a country reeling from a hot war and moving towards a cold one After World War II passing became an important theme in Hollywood movies one that lasted throughout the long 1950s as it became a metaphor to express postwar anxiety The potent imagined fear of passing linked the language and anxieties of identity to other postwar concerns including cultural obsessions about threats from within Passing created an epistemological conundrum that threatened to destabilize all forms of identity not just the longstanding American color line separating white and black In the imaginative fears of postwar America identity was under siege on all fronts Not only were there blacks passing as whites but women were passing as men gays passing as straight communists passing as good Americans Jews passing as gentiles and even aliens passing as humans and vice versa Fears about communist infiltration invasion by aliens collapsing gender and sexual categories racial ambiguity and miscegenation made their way into films that featured narratives about passing N Megan Kelley shows that these films transcend genre discussing Gentleman s Agreement Home of the Brave Pinky Island in the Sun My Son John Invasion of the Body Snatchers I Married a Monster from Outer Space Rebel without a Cause Vertigo All about Eve and Johnny Guitar among others Representations of passing enabled Americans to express anxieties about who they were and who they imagined their neighbors to be By showing how pervasive the anxiety about passing was and how it extended to virtually every facet of identity Projections of Passing broadens the literature on passing in a fundamental way It also opens up important counter narratives about postwar America and how the language of identity developed in this critical period of American history

Gender and Genre in 1990s Hollywood Patricia Di Risio,2024-11-14 The 1990s was a decade of significant turmoil in Hollywood cinema which resulted in a watershed moment in the interplay of gender and genre Patricia Di Risio argues that cinematic representations of unconventional women had an important effect on traditionally male oriented genres such as the crime thriller road movie western film noir war film sci fi and horror Di Risio analyses seven key films from the decade including Blue Steel 1990 Thelma Louise 1991 The Quick and the Dead 1995 Bound 1996 Jackie Brown 1997 G I Jane 1997 and Alien Resurrection 1997 paying particular attention to their use of irony allusion and pastiche She highlights how their female protagonists a majority of whom are decidedly queer or gender questioning personas produce an intense crossover in genre conventions largely driven by their gender rebellion She examines how a deconstruction of gender simultaneously allows genre hybridity and intertextuality taking these films into unexpected new directions In doing so she delineates a clear line between the unconventional nature of the representation of the female protagonists and innovative changes to genre filmmaking practices

Dracula's Daughters Douglas Brode, Leah Deyneka, 2013-12-24 Almost as long as cinema has existed vampires have appeared on screen Symbolizing an unholy union between sex and death the vampire male or female has represented the libido a repressed force that consumed its victims Early iconic representations of male vampires were seen in *Nosferatu* 1922 and *Dracula* 1931 but not until *Dracula's Daughter* in 1936 did a female sex vampire assume the lead Other female vampires followed perhaps most provocatively in the Hammer films of the 1950s 60s and 70s Later incarnations in such films as *Near Dark* 1987 and *From Dusk till Dawn* 1996 offered modern takes on this now iconic figure In *Dracula's Daughters: The Female Vampire on Film* Douglas Brode and Leah Deyneka have assembled a varied collection of essays that explore this cinematic type that simultaneously frightens and seduces viewers These essays address a number of issues raised by the female vampire film such as violence perpetrated on and by women reactions to the genre from feminists antifeminists and postfeminists the implications of female vampire films for audiences both gay and straight and how films reflected the period during which they were created Other topics include female vampire films in relationship to vampire fiction particularly by women such as Anne Rice the relationship of the vampire myth to sexually transmitted diseases like AIDS issues of race and misogyny and the unique phenomenon of teen vampires in young adult books and films such as *Twilight* Featuring more than thirty photos spanning several decades this collection offers a compelling assessment of an archetypal figure an enduring representation of dark desires that continues to captivate audiences This book will appeal not only to scholars and students but also to any lover of transgressive cinema

John Mills and British Cinema Gill Plain, 2006-03-23 Although his film career extended from the early days of sound to the British New Wave and beyond Sir John Mills is nonetheless remembered as the archetypal hero of the Second World War Regarded as an English everyman his performances crossed the class divide and in his easy transition from below decks to above he came to represent a newly democratic masculine ideal But what was this exemplary masculinity and what became of it in the aftermath of war John Mills and British Cinema asks how was it possible for an actor to embody national identity and by exploring the cultural contexts in which Mills and the nation became synonymous the book offers a new perspective on 40 years of cinema and social change Through detailed analysis of a wide range of classic British films John Mills and British Cinema exposes the shifting constructions of national masculinity arguing that the screen persona of the actor is a fundamental and often overlooked dimension of British cinema

The Contemporary Femme Fatale Katherine Farrimond, 2017-07-06 The femme fatale occupies a precarious yet highly visible space in contemporary cinema From sci fi alien women to teenage bad girls filmmakers continue to draw on the notion of the sexy deadly woman in ways which traverse boundaries of genre and narrative This book charts the articulations of the femme fatale in American cinema of the past twenty years and contends that despite her problematic relationship with feminism she offers a vital means for reading the connections between mainstream cinema and representations of female agency The films discussed raise questions about the limits and potential of positioning women who meet highly normative standards of beauty as powerful icons of female agency They point towards the constant shifting between patriarchal appropriation and feminist recuperation that inevitably accompanies such representations within mainstream media contexts
