Scripture In Context Essays On The Comparative Method Scripture In Context:

Scripture in Context II William W. Hallo, James C. Moyer, Leo G. Perdue, 1983 In the summers of 1978 and 1980 William W. Hallo directed two National Endowment for the Humanities Summer Seminars both of which had the title Biblical History in its Near Eastern Setting These seminars conducted at Yale University have now resulted in two related collections of essays This second collection *Scripture in Context II* had its origins in the 1980 seminar Both seminars investigated in chronological sequence the major phases of ancient Near Eastern history and focused on the history literary traditions and religion of ancient Israel within the context of her cultural environs A major concern was to recognize and explore the implications of the way in which the native biblical and extra biblical literary traditions rendered account of themselves The methodology followed in the seminars and the resulting essays is the contextual approach This approach to the study of biblical history literature and religion is concerned not only to discover illuminating and insightful parallels between biblical and extrabiblical sources but also to note and recognize the implications of significant and important differences Jacket

Scripture in Context Carl D. Evans, William W. Hallo, John B. White, 1980-01-01 This book includes historical and literary studies arising from a seminar on Biblical History in the Near Eastern Setting sponsored by the National Endowment for the Humanities The seminar director William W. Hallo of Yale University has contributed the introductory essay on the comparative method Other essays address biblical topics in the patriarchal narratives prophetic literature historical literature and apocalyptic The topics are investigated against the background of Near Eastern itineraries chronicles mythological texts prophecies and other relevant contextual literature **Scripture in Context II** William W. Hallo, 1983

Method Matters David L. Petersen, 2009 *Scripture in Context* Carl D. Evans, William W. Hallo, John Bradley White, 1980 Carmel Polley M. E. Hebrew prophecy within the Council of Jahweh examined in its ancient Near Eastern setting Evans C. D. Judah's foreign policy from Hezekiah to Josiah White J. B. Universalization of history in Deutero Isaiah Davison J. M. The oikoumene in ferment a cross cultural study of the sixth century Schultz C. The political tensions reflected in Ezra Nehemiah Thomas J. D. Jewish apocalyptic and the comparative method Jones B. W. Antiochus Epiphanes and the persecution of the Jews *Scripture in context 2 : more essays on the comparative method* William W. ; Moyer Hallo (James C. ; Purdue, Leo G.), 1983 **Because I Am Compassionate** David Nonnenmacher Jr., 2025-10-07 All of the law collections in the ancient world both biblical and cuneiform promoted humanitarian values that is justice for the lawbreaker and mercy for the needy Scriptural passages advocating for the needs of the widow and the orphan for example find parallels within the prologues of their Near Eastern legal contemporaries What is it then that makes the law of the Israelites stand out as righteous among the law collections of the surrounding nations as its author Yhwh claims Deut 4:8 With special attention to the Book of the Covenant Exod 21-23 this study shows how biblical law possesses a unique inherent and innovative humanitarian outlook rooted in the compassionate character of Yhwh as modeled by his actions in the exodus narrative God's

proclamation of compassion in Exod 22 26 27 serves as the initial focal point Each subsequent chapter zooms out further in scope Such compassion this study asserts not only establishes the basis for the Book of the Covenant s humanitarian values but also provides the motivation for its readers to live according to its directives *Ancient Israel: What Do We Know and How Do We Know It?* Lester L. Grabbe, 2017-02-23 In *Ancient Israel* Lester L. Grabbe sets out to summarize what we know through a survey of sources and how we know it by a discussion of methodology and by evaluating the evidence The most basic question about the history of ancient Israel how do we know what we know leads to the fundamental questions of Grabbe s work what are the sources for the history of Israel and how do we evaluate them How do we make them speak to us through the fog of centuries Grabbe focuses on original sources including inscriptions papyri and archaeology He examines the problems involved in historical methodology and deals with the major issues surrounding the use of the biblical text when writing a history of this period *Ancient Israel* provides an enlightening overview and critique of current scholarly debate It can therefore serve as a handbook or reference point for those wanting a catalogue of original sources scholarship and secondary studies Grabbe s clarity of style makes this book eminently accessible not only to students of biblical studies and ancient history but also to the interested lay reader For this new edition the entire text has been reworked to take account of new archaeological discoveries and theories There is a major expansion to include a comprehensive coverage of David and Solomon and more detailed information on specific kings of Israel throughout Grabbe has also added material on the historicity of the Exodus and provided a thorough update of the material on the later bronze age **Israel in Egypt** James K. Hoffmeier, 1999-03-18 Scholars of the Hebrew Bible have in the last decade begun to question the historical accuracy of the Israelite sojourn in Egypt as described in the book of Exodus The reason for the rejection of the exodus tradition is said to be the lack of historical and archaeological evidence in Egypt Those advancing these claims however are not specialists in the study of Egyptian history culture and archaeology In this pioneering book James Hoffmeier examines the most current Egyptological evidence and argues that it supports the biblical record concerning Israel in Egypt **The Hebrew Bible and History: Critical Readings** Lester L. Grabbe, 2018-12-27 These critical readings explore the history of ancient Israel from the Late Bronze Age to the Persian period as it relates to the Bible Selected by one of the world s leading scholars of biblical history the texts are drawn from a range of highly respected international scholars and from a variety of historical and religious perspectives presenting the key voices of the debate in one convenient volume Divided into five sections each featuring an introduction by Lester Grabbe the volume first covers general methodological principles before following the chronology of Israel s earliest history including two sections on specific cases studies the reforms of Josiah and the wall of Nehemiah A final chapter summarizes many of the historical principles that emerge in the course of studying Israelite history and an annotated bibliography points researchers towards further readings and engagements with these key themes
