war while across the Pacific Japan is ready to fight again Once again brother fights brother friend against friend and the New World is ravaged by all the horrors of modern warfare This is the first book in a new series on the first global conflict by the modern day master of alternate history Epic exciting and incredibly powerful it deals with relatively recent past so cleverly This is World War II as it might have been *Return Engagement* Harry Turtledove,2004 **Misplaced Legion** Harry Turtledove,2011-03-09 As they faced one another in a duel of survival the Roman tribune Marcus Scaurus held the spell scribed sword of a Druid priest and the Celtic chieftain Viridovix held a similar sword bespelled by a rival Druid sorcerer At the moment they touched the two found themselves under a strange night sky where no stars were familiar and where Gaul and Rome were unknown They were in an outpost of the embattled Empire of Videssos in a world where magic and dark sorcery would test their skill and courage as no Roman legion had ever been tested before From the Paperback edition

Videssos Cycle: Volume One Harry Turtledove,2013-04-02 Experience one of the most beloved series in fantasy as could only be imagined by the standard bearer for alternate history USA Today Harry Turtledove s many New York Times bestsellers provide an intriguing take on history s most crucial moments but he honed his speculative talents in a different genre fantasy The Videssos Cycle is the perfect fusion of the two Collected here are the first two novels of Turtledove s one of a kind saga in which a Roman legion is transported to a strange realm where magic rules **THE MISPLACED LEGION** In a duel for survival the Roman military tribune Marcus Aemilius Scaurus raises his sword blessed by a Druid priest against a Celtic chieftain who brandishes a blade of his own At the moment the weapons touch Marcus and his legion find themselves under a strange night sky full of unfamiliar stars where Rome and Gaul are unknown They are in an outpost of the embattled Empire of Videssos a world that will test their skill and courage as no soldiers have ever been tested before **AN EMPEROR FOR THE LEGION** In the capital of Videssos a coward and betrayer has seized the throne There behind great walls that have always made the city impregnable to storm or siege he rules with the aid of dark sorcery Overthrowing him seems impossible and the imperial army has already fled in panic from the savage victors But there is no panic in the legion Now Marcus Scaurus leads his men through the chaos and enemy hordes in search of winter quarters to regroup and do the unthinkable take the untakeable city *The Tale of Krispos* Harry Turtledove,2007-10-30 The dazzling story of a boy who rises from poverty and hardship to become the greatest leader his world has ever known **KRISPOS RISING** Born a ragged peasant Krispos lives on the family farm until crushing taxes drove him from the land he calls home With only a single gold piece to his name a gift from a nomad chieftain who claimed it carried magic Krispos heads for the imperial capital Videssos and into a world of peril and possibility **KRISPOS OF VIDESSION** Krispos reign as emperor of Videssos shows every sign of being brief and very bloody for trouble is brewing Civil war has erupted and as rebel troops take the field against the untried emperor outland raiders are sweeping down from the northlands in a tide of carnage How long can Krispos hope to keep head and crown together **KRISPOS THE EMPEROR** A strange heresy has taken root in the land and soon dissent flares into open revolt

as Krispos faces his greatest challenge To save his empire from tearing itself apart he wages an evermore desperate war against an implacable foe setting brother against brother and father against son **Two Fronts** Harry Turtledove,2013 As the Spanish civil war drags on and the United States fights Japan in the Pacific Nazi Germany fights Russia in Eastern Europe as new nationalist powers arise **Bombs Away** Harry Turtledove,2016-06-28 In his acclaimed novels of alternate history Harry Turtledove has scrutinized the twisted soul of the twentieth century from the forces that set World War I in motion to the rise of fascism in the decades that followed Now this masterly storyteller turns his eyes to the aftermath of World War II and asks In an era of nuclear posturing what if the Cold War had suddenly turned hot Bombs Away begins with President Harry Truman in desperate consultation with General Douglas MacArthur whose control of the ground war in Korea has slipped disastrously away MacArthur recognizes a stark reality The U S military has been cut to the bone after victory over the Nazis while China and the USSR have built up their forces The only way to stop the Communist surge into the Korean Peninsula and save thousands of American lives is through a nuclear attack MacArthur advocates a strike on Chinese targets in Manchuria In actual history Truman rejected his general s advice here he does not The miscalculation turns into a disaster when Truman fails to foresee Russia s reaction Almost instantly Stalin strikes U S allies in Europe and Great Britain As the shock waves settle the two superpowers are caught in a horrifying face off Will they attack each other directly with nuclear weapons What countries will be caught in between The fateful global drama plays out through the experiences of ordinary people from a British barmaid to a Ukrainian war veteran to a desperate American soldier alone behind enemy lines in Korea For them as well as Truman Mao and Stalin the whole world has become a battleground Strategic strikes lead to massive movements of ground troops Cities are destroyed economies ravaged And on a planet under siege the sounds and sights of nuclear bombs become a grim harbinger of a new reality the struggle to survive man s greatest madness Praise for Bombs Away A fascinating and compelling story of real people caught in forces beyond their control Harry Turtledove is the unrivaled monarch of alternate history Analog Turtledove is an undisputed centerpiece of the alternate history genre and now to his already grand display he s adding the ambitious tale of a WWII that could have happened Booklist This is Turtledove at his best SFRevu Alternate world warrior extraordinaire Turtledove delivers the opening barrage of a new speculative conflict Kirkus Reviews **West and East (The War That Came Early, Book Two)** Harry Turtledove,2011-05-24 What if British prime minister Neville Chamberlain had defied Hitler What if the Munich Accord had gone unsigned and Nazi Germany had launched its bid for conquest sooner How would World War II have unfolded and with what consequences Dean of alternate history Harry Turtledove has the stunning answers in his breathtaking sequel to Hitler s War In the wake of Hitler s bold invasion of Czechoslovakia nations turn against nations old enemies form new alliances and ordinary men and women confront extraordinary life and death situations An American marine falls in love with a Russian dancer in Japanese held Singapore as Chinese guerilla resistance erupts A sniper on the

frontlines of France finds a powerful new way to ply his deadly art while a German assassin hunts him In the icy North Atlantic as a U boat with a secret weapon wreaks havoc on British ships occupying Nazi forces target Denmark And in Germany a stranded American woman encounters Hitler himself as a Jewish family faces the rising tide of hatred From Siberia to Spain armies clash sides are chosen new weapons raise the deadly ante and new strategies seek to break a growing stalemate But one question hangs over the conflict from West to East What will it take to bring America into this war

The Big Switch (The War That Came Early, Book Three) Harry Turtledove, 2012-06-26 In 1941 Winston Churchill was Hitler's worst enemy Then a Nazi secret agent changed everything What if Neville Chamberlain instead of appeasing Hitler had stood up to him in 1938 Enraged Hitler reacts by lashing out at the West promising his soldiers that they will reach Paris by the new year Instead three years pass and with his genocidal apparatus not fully in place Hitler barely survives a coup while Jews cling to survival and England and France wonder whether the war is still worthwhile The stage is set for World War II to unfold far differently from the history we know courtesy of Harry Turtledove wizard of what if in the continuation of his thrilling series *The War That Came Early* Through the eyes of characters ranging from a brawling American serving with the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler's evil face to face *The Big Switch* rolls relentlessly forward into 1941 As the Germans and their Polish allies slam into the gut of the Soviet Union in the west Japan pummels away in the east Meanwhile in the trenches of France French and Czech forces are outmanned but not outfought by their Nazi enemy Then the stalemate is shattered In England Winston Churchill dies suddenly leaving the gray men wondering who their real enemy is And as the USSR makes peace with Japan the empire of the Rising Sun looks westward its war with America about to begin [Alpha and Omega](#) Harry Turtledove, 2019-07-02 New York Times bestselling author Harry

Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days and a discovery in the Middle East that turns the world upside down What would happen if the ancient prophecy of the End of Days came true It is certainly the last thing Eric Katz a secular archaeologist from Los Angeles expects during what should be a routine dig in Jerusalem But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America a dirty bomb is detonated in downtown Tel Aviv and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount There Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny But as to what that force desires well that is the question **Armistice** Harry Turtledove, 2017-07-18 In the final book of the blistering trilogy *The Hot War* old hatreds and new chances for revenge are unleashed on an already devastated world as the Cold War becomes a roaring inferno In 1952 American cities lie in ruins President Harry Truman in office since 1945 presides over a makeshift government in Philadelphia suffering his own personal loss and fearing for the future of democracy

In the wake of Hitler's reign Germany and America have become allies and Stalin's vice hold on power in the USSR persists. Unwilling to trust the Soviet tyrant Truman launches a long planned nuclear strike on the city of Omsk, killing Stalin and plunging the Red Army into leaderless destructive anarchy. Meanwhile the Baltic states careen toward rebellion and Poland is seized by rebels bred on war. In a world awash with victims turned victors, refugees and killers, has Truman struck a blow for peace or fueled more chaos? As these staggering events unfold, the lives of men and women across battle lines, ethnicities and religions play out around the globe. In Los Angeles an extended Jewish family builds a future while the foul smell of a refugee camp in Santa Monica blows in on the ocean breeze. In Korea a U.S. fighter struggles to bring his Korean interpreter stateside as a full American. In Siberia two German women fight for their survival in a gulag and begin a strange harrowing journey home. From the terrifying global chess match between superpowers to the strength of individual human conscience, *Armistice* captures a world that's been split to its core by the violence only mankind can create. Through the thunder of battle, the clashes of armies and the whispers of lovers, how humanity will be rebuilt and who will do it are the questions that resound in this marvelous work of imagination and history. Praise for *Armistice*: The story's focus remains on ordinary characters and how they cope with their particular circumstances. Readers who savor the patient accumulation of detail around each scenario will by now be thoroughly addicted. *Kirkus Reviews*. The series is entertaining and explores life on the razor's edge. *SFRevu*. [Last Orders \(The War That Came Early, Book Six\)](#) Harry Turtledove, 2014-07-15. History is changed by one small act. In an extraordinary saga of nations locked in war, master storyteller Harry Turtledove examines a very different World War II, one which erupts eleven months earlier and over Czechoslovakia rather than Poland. Now comes the final installment in this landmark series. Hitler's Plan A was to win in a hurry, striking hard and deep into France. There was no Plan B. Now the war grinds on. Countries have been forced into strange alliances. The Nazis fortify thin lines with Hungarian and Romanian troops. England, finding its footing after the suspicious death of Winston Churchill and a coup d'état, fights back in Europe and on the seas of the North Atlantic. Jews fight on both sides of the war, in secret in German uniform, openly in Spain, France and Russia. Into the standoff come new killing tools, from tanks to bazookas. In the Pacific, Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii. For the U.S., the only enemy is Japan, as there has been no *casus belli* for America in Europe. Then Hitler becomes desperate and declares war on the United States. But is it too late? His own people are rising up in revolt. The German military may have to put down the violence, even perhaps bomb its own cities. In this epic drama, real men and women are shaped by the carnage and their individual acts in turn shape history. Drawing on the gritty, personal reality of war and on a cast of unforgettable characters, Harry Turtledove has written an alternate history that intrigues, fascinates and astounds. Praise for *Last Orders*: From our perspective seventy years later, we're accustomed to thinking of WWII's outcome as being inevitable. Not so, says Harry Turtledove. Disdaining broad brush strokes, Turtledove's focus on the characters serves to fill out the big picture with patient, nitty-gritty detail. It's all quite plausible. *Armchair*
