

Commentaries On The Gallic War Julius Caesar

Seven Commentaries On The Gallic War

Julius Caesar

Seven Commentaries On The Gallic War:

Seven Commentaries on the Gallic War Julius Caesar, 1996 A ten year proconsular command in the Roman province of Gaul brought him immense wealth as well as control of a huge and devoted army both of which factors in 49 BC enabled him to challenge Pompey for supremacy at Rome The civil war which resulted left him after Pompey's defeat at Pharsalus and death in Egypt in sole control of Rome's affairs the perpetual dictatorship and extraordinary honours which followed marked a shift in the structures of Roman politics which despite his assassination on the Ides of March 44 was to prove permanent and which played its part in the change from Republic to Principate

The Gallic War Julius Caesar, 1998-11-26 The Gallic War published on the eve of the civil war which led to the end of the Roman Republic is an autobiographical account written by one of the most famous figures of European history On one level a straightforward narrative of the campaigns Caesar fought against the Gauls Germans and Britons it also serves a deeper political purpose revealing him as a commander of breathtaking flair courage and persistence a man of the people a man without rival This new translation reflects the purity of Caesar's Latin while preserving the pace and flow of his momentous narrative of the conquest of Gaul and the first Roman invasions of Britain and Germany The introduction includes a survey of Caesar's role and reputation in later thought while detailed notes maps a table of dates and glossary make this the most useful edition available ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Julius Caesar - Seven Commentaries on the Gallic War Julius Caesar, 2008 Gallic War Julius Caesar, 1922

The Ashgate Research Companion to Political Violence Marie Breen-Smyth, 2016-03-23 Aimed at scholars students and lay persons interested in peace and conflict studies The Ashgate Research Companion to Political Violence is a comprehensive resource to understand the principal debates on political violence a field which is becoming an increasingly important part of courses on peace and conflict Organized into seven main sections this volume deals with a wide range of issues covering the following important research areas Issues of definition and nomenclature and how contests over these relate to political violence Theoretical frameworks and methods for understanding and researching political violence Motivations and goals of those who use political violence The various forms of political violence Perspectives on countering political violence by state and non state actors Why and how political violence ends The aftermath of political violence Contributions by leading scholars in the field provide an authoritative guide and source book on political violence for the scholar the researcher and the informed general reader

The Celts Ian Stewart, 2025-03-04 A history of Celtic thought and identity over the last three centuries This book will be the first synoptic historical study of Celtic ideas in the modern era The Celts are perennially popular in both academic and popular culture having been the subject of several recent books

scholarly and otherwise as well as a major exhibition The Celts Art and Identity at the British Museum and National Museum of Scotland in 2015 16 However attention remains overwhelmingly focused on the ancient peoples labelled Celts with little interrogation of how and why they became known as such during the modern period In addressing these questions this study will be the first to account for the trajectory of ideas of the Celts or Celticism and how they became fundamental pillars of national identities in western Europe especially in Britain Ireland and France A transnational approach covering the period from roughly 1700 to the present day will allow the proposed volume to chart the transformation of perceptions of the Celts from those of a sought after European ancestor to those of a marginalised people living on the fringes of western Europe In doing so it will illustrate the wider intellectual cultural and political ramifications of this protracted ideological shift in different national contexts As nationalism resurfaces across Europe this timely study will reveal the intellectual history of a prominent cultural identity and show the historical contingency of Celtic based nations national identities and nationalisms

The Deeds of the Franks and Other Jerusalem-Bound Pilgrims Nirmal Dass,2011-09-08 This new translation offers a faithful yet accessible English language rendering of the twelfth century *Gesta Francorum et aliorum Hierosolomitana* the earliest known Latin account of the First Crusade Although an anonymous work it has become the exemplar for all later histories and retellings of the First Crusade As such it is filled with vivid descriptions of the hardships suffered by the crusaders with deeds of personal heroism with courtly intrigues with betrayal and cowardice and with a relentless faith that would see the attainment of the desired goal the capture of Jerusalem by the crusaders in 1099 There is a great deal of mystery surrounding this anonymous account especially in regard to its authorship place date and purpose of composition narrative methodology and point of view It is also a sweeping tale that swiftly moves from the first preaching of the crusade by Pope Urban II to the ragtag and ultimately doomed effort of the popular People's Crusade and then the more disciplined and concerted campaign by the French and Norman nobility that led to the conquest of the Holy Land by the crusaders Based on the latest scholarly research including a substantive introduction that explores the questions surrounding the *Gesta* and its historical context this definitive translation will bring the First Crusade and its era to life for all readers **Ancient**

Historiography and Its Contexts Christina S. Kraus,John Marincola,Christopher Pelling,2010-05-20 This collection of studies on ancient poetry and historiography pays tribute to the distinguished classicist Tony Woodman It focuses on the impact of rhetoric on both genres and on the importance of the literature on illuminating the historical Roman context and the historical context to illuminate the literature *De bello Gallico commentarius I-[III-VII]* Julius Caesar,1914 **Erotic**

Citizens Elizabeth Dill,2019-11-28 What is the role of sex in the age of democratic beginnings Despite the sober republican ideals of the Enlightenment the literature of America's early years speaks of unruly carnal longings Elizabeth Dill argues that the era's proliferation of texts about extramarital erotic intimacy manifests not an anxiety about the dangers of unfettered feeling but an endorsement of it Uncovering the more prurient aspects of nation building *Erotic Citizens* establishes the

narrative of sexual ruin as a genre whose sustained rejection of marriage acted as a critique of that which traditionally defines a democracy the social contract and the sovereign individual Through an examination of philosophical tracts political cartoons frontispiece illustrations portraiture and the novel from the antebellum period this study reconsiders how the terms of embodiment and selfhood function to define national belonging From an enslaved woman s story of survival in North Carolina to a philosophical treatise penned by an English earl the readings employ the trope of sexual ruin to tell their tales Such narratives advanced the political possibilities of the sympathetic body looking beyond the marriage contract as the model for democratic citizenship Against the cult of the individual that once seemed to define the era Erotic Citizens argues that the most radical aspect of the Revolution was not the invention of a self governing body but the recognition of a self whose body is ungovernable

C. Iuli Caesaris Commentarii rerum in Gallia gestarum vii, A. Hirri Commentarius viii Julius Caesar,1914 **C. Iuli Caesaris Commentarii rerum in Gallia gestarum VII** C. Julius Caesar,1914 **Battle Exhortation** Keith Yellin,2013-06-10 A commanding study of the motivational speech of military leaders across the centuries In this groundbreaking examination of the symbolic strategies used to prepare troops for imminent combat Keith Yellin offers an interdisciplinary look into the rhetorical discourse that has played a prominent role in warfare history and popular culture from antiquity to the present day Battle Exhortation focuses on one of the most time honored forms of motivational communication the encouraging speech of military commanders to offer a pragmatic and scholarly evaluation of how persuasion contributes to combat leadership and military morale In illustrating his subject s conventions Yellin draws from the Bible classical Greece and Rome Spanish conquistadors and American military forces Yellin is also interested in how audiences are socialized to recognize and anticipate this type of communication that precedes difficult team efforts To account for this dimension he probes examples as diverse as Shakespeare s Henry V George C Scott s portrayal of General George S Patton and team sports *Etienne Pasquier on Ethics and History* James H. Dahlinger,2007 Etienne Pasquier 1529-1615 was a renowned magistrate of the parliament of Paris a poet and a counselor to four French kings This book examines his use of historical vignettes to counsel the king and to teach ethics during the French Civil Wars of Religion An ethical focus permeates all of Pasquier s works most notably his major opus *Les Recherches de la France* and his correspondence which contains Pasquier s ideal self portrait for emulation by other statesmen lawyers and his own sons **500 Great Military Leaders** Spencer C. Tucker,2014-12-16 This insightful encyclopedia examines the most influential commanders who have shaped military history and the course of world events from ancient times to the present From Alexander the Great and Attila the Hun to Ho Chi Minh and Colin Powell 500 Great Military Leaders provides readers with insight into the most innovative and prominent individuals who have led armies to victory on battlefields all over the world The broad coverage ranges from military leaders from the ancient world to the present day including political figures who directed war efforts and those who were responsible for major technological improvements This encyclopedia goes beyond providing factual

information about each individual's life to delve into the greater historical context and impact on their contemporaries as well as on future military history. The presentation of information is designed to enable readers to both observe the gradual evolution of warfare over time and clearly perceive the differences in tactics used by generals with varying military resources at their disposal. The entries include not only information on the individual's life and work but a summary statement that assesses successes and failures across each leader's career and summarizes the overall impact. Each entry also provides several references for further reading about that individual. The accessible writing style of this resource and in-depth information and analyses make it appropriate for high school and undergraduate level students as well as scholars of military history and individuals who simply enjoy reading about military history.

Great Sieges in World History Spencer C. Tucker, 2021-02-15 This impressive collection of 100 of the most decisive and important sieges spans human history and covers conflicts in Africa, Asia, Europe, and the Americas. This engaging reference work provides readers with detailed coverage on the sieges that have had the biggest impact on world history. In addition to providing basic factual information, this encyclopedia delves into the historical context and significance of each siege. Readers will be able to identify relationships between entries and observe both the gradual evolution of siege warfare over time and compare and contrast siege characteristics within and among different historical time periods. The encyclopedia's expansive scope will broaden readers' understanding of military history. The book begins with a preface and an introductory essay that offers a detailed overview of siege warfare throughout history. This is followed by 100 chronological entries on the most significant sieges, beginning with the Siege of Troy (1194-1184 BCE) and ending with the Siege of Mosul (October 17, 2016 - July 9, 2017). Each siege entry has a Further Reading section that directs readers to additional information about the siege. Numerous illustrations and maps accompany the text.

A Companion to Julius Caesar Miriam Griffin, 2015-05-04 A Companion to Julius Caesar comprises 30 essays from leading scholars examining the life and afterlife of this great polarizing figure. Explores Caesar from a variety of perspectives: military genius, ruthless tyrant, brilliant politician, first-class orator, sophisticated man of letters, and more. Utilizes Caesar's own extant writings. Examines the viewpoints of Caesar's contemporaries and explores Caesar's portrayals by artists and writers through the ages.

Atrocity Bruce Robbins, 2025-02-04 Exploring literary representations of mass violence, Bruce Robbins traces the emergence of a cosmopolitan recognition of atrocity. Mass violence did not always have a name. Like conquest, what we think of now as atrocities have not always invited indignation or been seen to violate moral norms. Venturing from the Bible to Zadie Smith, Robbins explores the literature of suffering to show how over time, abhorrence of mass violence takes shape. With it comes the emergence of a necessary element of cosmopolitanism: the ability to look at one's own nation with the critical eyes of a stranger. Drawing on a vast written archive and with penetrating insight, Robbins takes up such literary representations of violence as Bartolom de las Casas's account of his fellow Spaniards' atrocities, Kurt Vonnegut's *Slaughterhouse-Five*, Grimmelshausen's 1668 novel *Simplicissimus*, and David Mitchell's *Cloud Atlas*.

Gabriel García Márquez's *One Hundred Years of Solitude* Homero Aridjis's short novel *Smyrna in Flames* and Tolstoy's *Hadji Murat* These essential texts do more than simply testify to atrocious acts In their literariness they take the risk of contextualizing and relativizing thereby extending beyond the legal paradigm of accusation They recognize atrocity as a moral scandal about which something should be done and can be done while they also place that scandal within a larger and more uncertain history

Latin Historians Christina Shuttleworth Kraus, A. J. Woodman, 1997-07-03 The histories of Rome by Sallust Livy Tacitus and others shared the desire to demonstrate their practical applications and attempted to define the significance of the empire Politics and military activity were the central subjects of these histories Roman historians' claims to telling the truth probably meant they were denying bias rather than conforming to the modern tendency to be objective

Trust and Violence Jan Philipp Reemtsma, 2012-04-22 A philosophical investigation into the connections between trust and violence The limiting of violence through state powers is one of the central projects of the modern age Why then have recent centuries been so bloody In *Trust and Violence* acclaimed German intellectual and public figure Jan Philipp Reemtsma demonstrates that the aim of decreasing and deterring violence has gone hand in hand with the misleading idea that violence is abnormal and beyond comprehension We would be far better off Reemtsma argues if we acknowledged the disturbing fact that violence is normal At the same time Reemtsma contends that violence cannot be fully understood without delving into the concept of trust Not in violence but in trust rests the foundation of true power Reemtsma makes his case with a wide ranging history of ideas about violence from ancient philosophy through Shakespeare and Schiller to Michel Foucault and by considering specific cases of extreme violence from medieval torture to the Holocaust and beyond In the midst of this gloomy account of human tendencies Reemtsma shrewdly observes that even dictators have to sleep at night and cannot rely on violence alone to ensure their safety These authoritarian leaders must trust others while by means other than violence they must convince others to trust them The history of violence is therefore a history of the peculiar relationship between violence and trust and a recognition of trust's crucial place in humanity A broad and insightful book that touches on philosophy sociology and political theory *Trust and Violence* sheds new and at times disquieting light on two integral aspects of our society
