A Companion to Muslim Cultures Aryn Sajoo, 2011-11-22 I B Tauris in association with the Institute of Ismaili Studies Culture shapes every aspect of the relationship between God and the believer in Islam as well as among believers and with those beyond the fold Fasts prayers and pilgrimages are attuned to social rhythms old and new no less than the designs of mosques and public gardens the making of religious music and ways of thinking about technology and wellbeing Ancient deserts and modern urban landscapes may echo with the same call for transcendence but in voices that emerge from very different everyday realities Scripture itself as the Prophet Muhammad knew is ever seen through a cultural lens both language and what it communicates are intimately tied to context And the cosmopolitanism that runs through Muslim history from the outset recalls T S Eliot's remark that culture is that which makes life worth living It frames how the deepest religious values are understood and practiced from modesty in adornment and solidarity with the underprivileged to integrity and accountability in political life Muslims have never been content with a passive separation of faith from their daily lives whether public or private What are the implications of this holistic view in a diverse world of Muslims and non Muslims How do core ethical values interface with the particulars of local cultures in all their complexity especially when it comes to matters like the status of women and the scope of individual religious freedom The answers at a time when secular and Muslim identities appear to be locked in conflict are explored in this Companion by some of today's finest scholars

Ishmael Instructs Isaac John Kaltner,2017-06-15 Jews Christians and Muslims trace their roots to Abraham and yet it is a shock to many Bible readers that some of the characters and stories in their sacred text are also found in the pages of Islam's sacred text the Qur'an By exploring the relationship between the Bible and the Qur'an in Ishmael Instructs Isaac John Kaltner challenges Bible readers to think about their sacred book in new exciting ways In doing so he leads all to a better appreciation of Islam After a brief overview of the text themes structure and use of the Qur'an Kaltner focuses on traditions that are shared with the Bible He explains that the Bible and Qur'an contain many of the same themes figures and episodes However at times there are significant differences in their descriptions of the same event or figure By discussing such topics and figures as God humanity prophecy creation life after death Abraham Moses Jesus and Mary Kaltner examines the similarities and differences between the two texts This comparative method allows readers to better appreciate both what is distinctive about Islam and what it shares with Judaism and Christianity Jews and Christians view Isaac as the son of Abraham in whom the family line continued Muslims on the other hand view Isaac's brother Ishmael as the rightful heir This
