Seventeen Against The Dealer:

Seventeen Against the Dealer Cynthia Voigt, 1989 Dicey struggles to make a go of a boatbuilding business while facing family concerns romantic problems and the uncertainties of a drifter who offers to help her in her work **Seventeen Against the Dealer**, 1989 *Fictions of Integration* Naomi Lesley, 2017-03-03 This book examines how children's and young adult literature addresses and interrogates the legacies of American school desegregation Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock Arkansas but also more insidious and less visible legacies such as re segregation within schools through the mechanism of disability diagnosis Novelizations of children's experiences with school desegregation comment upon the politics of getting African American children access to white schools but more than this as school stories they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper's *Fire From the Rock* and Dorothy Sterling's *Mary Jane* to novels that engage less obvious legacies of desegregation such as Cynthia Voigt's *Dicey's Song* Sharon Flake's *Pinned* Virginia Hamilton's *The Planet of Junior Brown* and Louis Sachar's *Holes* This book will be of interest to scholars of American studies children's literature and educational philosophy and history **Childhood and Innocence in American Culture** James M. Curtis, 2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children's literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children **Reading Programs for Young Adults** Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as *Cartoon Cavalcade* *Log On at the Library* *Go in Style* *Cruising the Mall* *Space Shots* *Teens on TV* and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to

encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs Bad Girls, Bad Girls, Whatcha Gonna Do? Cynthia Voigt, 2013-03-12 It's not easy being Mikey Elsinger and Margalo Epps in ninth grade It seems like things are changing Now some people want to sit at the same lunch table with them and some even ask them for advice What are the two friends to make of this strange behavior Frankly all the attention cuts into the little time they have together and distracts attention from their own interests like tennis and drama and their own problems like cheating in tennis and things not going the way Margalo plans they will in drama In the opinion of these two bad girls ninth grade can't end fast enough But no matter how bad things get one thing's for sure They'll have each other The final book in the acclaimed Bad Girls series Bad Girls Bad Girls Whatcha Gonna Do is another funny insightful and realistic novel from Newbery Medal winner Cynthia Voigt

Dacey's Song Cynthia Voigt, 2001-12-07 The Newbery winning novel in Cynthia Voigt's timeless Tillerman cycle When Momma abandoned Dacey Tillerman and her three siblings in a mall parking lot and was later traced to an asylum where she lay unrecognized unknowing she left her four children no choice but to get on by themselves They set off alone on foot over hundreds of miles until they finally found someone to take them in Gram's rundown farm isn't perfect but they can stay together as a family which is all Dacey really wanted But after watching over the others for so long it's hard for Dacey to know what to do now Her own identity has been so wrapped up in being the caretaker navigator penny counter and decision maker that she's not sure how to let go of some responsibilities while still keeping a sense of herself But when the past comes back with devastating force Dacey sees just how necessary and painful letting go can be *It's Not Easy Being Bad* Cynthia Voigt, 2013-03-12 Now that they're in seventh grade Mikey and Margalo decide it's time to be popular or at least time to be less unpopular The trouble is typical normal kids are what work in junior high and if there's one thing Mikey and Margalo aren't it's typical and normal Mikey's first attempt to crack seventh grade society ends predictably in disaster but undaunted the friends persevere They've got the will they've got the smarts and most importantly they've got each other What chance does junior high have against the Bad Girls **Connecting Children with Classics** Meagan Lacy, Pauline

Dewan, 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers Children's librarians collection development specialists in public libraries as well as K-8 school librarians and teachers will choose from the best in children's titles This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement The guide identifies seven reader-driven appeals or themes that are essential to successful

readers advisory awakening new perspectives providing models for identity offering reassurance comfort strength and confirmation of self worth connecting with others giving courage to make a change facilitating acceptance and building a disinterested understanding of the world By becoming aware of and tapping into these seven themes librarians and other educators can help children more deeply connect with books thereby increasing the odds of becoming lifelong readers The detailed descriptions of each book provide plot summaries as well as notes on themes subjects reading interest levels adaptations and alternative formats translations and read alike This informative guide will also aid librarians in collection development and bibliotherapy services
