Transculturating Auto/Biography Rosalia Baena,2013-10-18 Rosalia Baena s theoretically challenging analytical volume of essays explores the diversity of shapes that transcultural life writing takes demonstrating how it has become one of the most dynamic and productive literary forms of self inscription and self representation Expanding much of the contemporary criticism on life writing which tends to centre on content the essays highlight that reading contemporary forms of life writing from a literary perspective is a rich field of critical intervention that has been overlooked because of recent cultural studies concerns with material issues To read life writing as primarily cultural texts undercuts much of its value as a complex dynamic of cultural production where aesthetic concerns and the choice and manipulation of form serve as signifying aspects to experiences and subjectivities This book was previously published as a special issue of *Prose Studies* *Rediscovering Aquinas and the Sacraments* Matthew Levering,Michael Dauphinais,2022-01-07 St Thomas Aquinas of the Sacraments offers a brief and readable essay on each of the seven sacraments as presented by St Thomas Aquinas in addition to chapters on his theology of worship and his understanding of liturgical devotion The essays are written for students scholars and pastors who

seek to learn more about Aquinas's sacramental theology. Each chapter introduces certain aspects of Aquinas's approach and opens up avenues for further reflection. In recent years, philosophical and theological interest in Aquinas's sacramental theology and theology of the liturgy seems to be significantly increasing in ecumenical circles. This unique collection featuring the new research of some of expert sacramental theologians sheds new light on the little known contributions of Aquinas to sacramental theology and the medieval tradition to which he belongs. *Religious Pieces in Prose and Verse*

George Gresley Perry, 1867 **The Correspondence and Diary of P. D. ... with Notices of Many of His Contemporaries; and a Sketch of the Ecclesiastical History of the Times in which He Lived. Edited ... by ... J. D. Humphreys** Philip Doddridge, 1831 **The Wonderful Sacraments, what They are and what They Do** Francis X. Doyle, 1924 **Between Figure and Ground** Saskia C. Quené, 2025-03-03

The terms figure and ground became fundamental to art historical analysis and writing over the course of the twentieth century. But is this dichotomy suited to describe premodern art and artifacts? In *Between Figure and Ground: Seeing in Premodernity*, essays by Claudia Böhm, Peter Bokody, Beate Fricke, Bruno Haas, David Young, Kim Aden Kumler, Christopher Lakey, Karin Leonhard, Jürgen Müller, Veronica Peselmann, Christoph Poetsch, Raphael Rosenberg, Tom Steinert, Nicola Suthor, Noa Turel, and Saskia C. Quené call into question long-standing habits of seeing and understanding figure-ground relations, expand art historical vocabularies, and productively challenge anachronistic attachments to modernist paradigms. Offering new approaches and methodological reflections from art history and theory, *Bildwissenschaft* and art historiography, this volume provides stimulating answers to the question: What can be seen and described between premodern figures and grounds? Look inside *Figure and ground in the context of art historical analysis: Transcends binary structures: seeing and understanding figure-ground relations*. **Collected Works of Erasmus** Desiderius Erasmus, 2023-01-31 Erasmus's thorough engagement with the New Testament, in particular his revision of the Vulgate translation, aroused much controversy, especially in the orthodox Roman Catholic country of Spain. Erasmus had to fight fierce polemics with several people, including two Spanish scholars, Diego López Zúñiga and Sancho Carranza de Miranda, who were both connected to the University of Alcalá. This quarrel lasted from 1520 to 1524, with a late response by Erasmus in 1529. The discussion started as a philological one regarding correct Latin but turned into a dogmatic theological fight over the issues of whether the New Testament speaks of Christ as God, whether one can apply the term *servus* (servant) to Christ, and whether the sacramental character of matrimony can be deduced from Ephesians 5:32. The six texts in this volume are here translated and annotated for the first time. With elucidating notes and an introduction, the volume offers wonderful insight into a fierce and fundamental polemic over the New Testament. *The triumph of the Cross. Tr. Ed., with intr., by J. It can be traced back right to the beginning of creation. It's a mystical and
