The Sexual Century Ethel Spector Person,1999-01-01 Over the course of the past century sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution the roles played by sexologists and psychoanalysts antibiotics and birth control the liberation movements and Freud s insight that sex has as much to do with the mind as with the genitals In this collection of new and previously published papers Ethel Person writes of the centrality of

sexuality to our identity She describes the role of fantasy in desire its different expression in the sexes and the way in which desire is inevitably intertwined with power Her classic papers on transvestism transsexualism and cross dressing homosexuals written with Lionel Ovesey help us to understand how gender and sex develop in all of us The public acceptance of the transsexual says Person is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist its unspoken values and biases *Modern Ego Psychology and Human Sexual Experience* Eric R. Marcus, 2022-10-21 This text examines human sexuality through psychoanalytic theory and modern ego psychology which looks at emotional meaning and its organization in symbolic representations of affect as organized by the ego It starts with an exploration of how symbolic representations are applied to the sensory experience of the body in human sexuality both in reality and in fantasy Next the author delves into the phenomenon of romance as an important self state in human growth and development The book concludes with an examination of fetishes and fetish enactments followed by a discussion of relevant treatments With its original and fulsome insights into the workings of human sexuality this book will prove vital for psychoanalysts and psychotherapists in training and in practice as well as all those seeking to understand human sexual experiences in greater depth The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
