Sex And Morality Who Is Teaching Our Sex Standards

Kristy L. Slominski

Sex And Morality Who Is Teaching Our Sex Standards:

Sex and Morality Ruth Karola Westheimer, Louis Lieberman, 1988 Discusses the underlying causes of modern culture's common deviations from Judeo Christian morality in terms of sexual practice and examines the moral implications of the teaching roles in religion and family

Sexuality in America Robert T. Francoeur, Patricia Koch, David Weis, 1999-08-01 Now available in a new paperback edition this survey is different in both breadth and scope from all other reports on sexuality in the United States It covers every topic imaginable from a multicultural point of view in order to reflect fully the complex society in which we live the biological psychological social and spiritual aspects of our sexual lives

Does God Belong in the Bedroom? Michael Gold, 2001

Teaching Moral Sex Kristy L. Slominski, 2021-01-20 Whose job is it to teach the public about sex Parents The churches The schools And what should they be taught These questions have sparked some of the most heated political debates in recent American history most recently the battle between proponents of comprehensive sex education and those in favor of an abstinence only curriculum Kristy Slominski shows that these questions have a long complex and surprising history Teaching Moral Sex is the first comprehensive study of the role of religion in the history of public sex education in the United States The field of sex education Slominski shows was created through a collaboration between religious sex educators primarily liberal Protestants along with some Catholics and Reform Jews and men of science namely physicians biology professors and social scientists She argues that the work of early religious sex educators laid the foundation for both sides of contemporary controversies that are now often treated as disputes between religious and secular Americans Slominski examines the religious contributions to national sex education organizations from the late nineteenth century to the early twenty first Far from being a barrier to sex education she demonstrates religion has been deeply embedded in the history of sex education and its legacy has shaped the terms of current debates Focusing on religion uncovers an under recognized cast of characters including Quaker and Unitarian social purity reformers military chaplains and the Young Men's Christian Association who Slominski deftly shows worked to make sex education more acceptable to the public through a strategic combination of progressive and restrictive approaches to sexuality Teaching Moral Sex highlights the essential contributions of religious actors to the movement for sex education in the United States and reveals where their influence can still be felt today

Sex(uality) Education for Trans and Gender Diverse Youth in Australia Barrie Shannon, 2022-02-02 This book examines young trans and gender diverse Australians' views of school based sex education The analysis is informed by a queer epistemology that acknowledges the systematic and institutional erasure of trans subjectivities through highly medicalised systems of categorisation Drawing on primary qualitative data the author emphasises the accounts of trans and gender diverse young people as they relate to sex education at school and how they undertake informal learning about sex gender and identity in other areas of their lives Ultimately the book problematises the assumption that the sex education classroom is the most appropriate vehicle for social justice education in relation to queer

issues Queer issues and sex education tend to be packaged together discursively deliberately or by association in dominant media narratives However this discourse constrains queer identities to the realm of sex and health and therefore does not engage with the social citizenship of queer people Further this limits the capacity of schools and teachers to meaningfully explore diversity in the classroom as sex education is front and centre in the so called culture wars about gender sexuality youth and schools

True Sexual Morality Daniel R. Heimbach, 2004-11-09 Daniel Heimbach examines the biblical teachings on sexual morality as well as four counterfeit views that have crept into our sexually revolutionized society He gives us an in depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals the family the church and the culture
