The Sex Life of the Foot and Shoe William A. Rossi, 2023-08-18 First published in 1977 *The Sex Life of the Foot and Shoe* examines the realities of foot and shoe eroticism practised by almost all of us whether consciously or unconsciously Provocative often witty and always original the book takes us on a walking tour through history from Chinese footbinding completely sexual in intent and the medieval poulaine perhaps the most blatantly pornographic shoe ever worn to the outrageous distortions of the foot gladly suffered by woman over the centuries in the cause of sexual allure The author explores the obsession with sick and tired feet and the huge industry that has sprung up to cater to our negativism He gives a psychosexual guide to us via footwear grouping men's and women's shoes into such categories as sexy sexless neuter bisexual sensuous peacock masculine eunuch and machismo This book will be of interest to students of history gender studies sexuality studies and fashion *Sex Life of the Foot and Shoe* William A. Rossi, 2023

The Signifying Self Arthur Asa Berger, 2024-10-21 *The Signifying Self* is a study in people watching It uses semiotics psychoanalytic theory and sociological perspectives to consider how people present themselves to the world and are assessed by those watching them It deals with people's physical attributes such as their age teeth bodies and the brands of things they wear and use to suggest how those watching them make decisions about them *Sexuality, Disability, and Aging* Jane Gallop, 2018-12-13 Drawing on her own experiences with late onset disability and its impact on her sex life along with her expertise as a cultural critic Jane Gallop explores how disability and aging work to undermine one's sense of self She challenges common conceptions that equate the decline of bodily potential and ability with a permanent and irretrievable loss arguing that such a loss can be both temporary and positively transformative With *Sexuality Disability and Aging* Gallop explores and celebrates how sexuality transforms and becomes more queer in the lives of the no longer young and the no longer able while at the same time demonstrating how disability can generate new forms of sexual fantasy and erotic possibility

Media Analysis Techniques Arthur Asa Berger, 2017-12-28 This book provides a concise thought provoking and cleverly written introduction to major theories in media analysis and it gives students new perspectives on the media they use Donna Halper Lesley University In the Sixth Edition of *Media Analysis Techniques* author Arthur Asa Berger once again provides students with a clearly written user friendly hands on guide to media criticism The book empowers readers to make their own analyses of the media rather than just accept how others interpret the media *Media Analysis Techniques* begins by examining four basic techniques of media interpretation semiotic theory Marxist theory psychoanalytic theory and sociological theory that Berger considers critical for creative people to acknowledge if they are to understand how their creations translate to the real world Application chapters then link popular culture to these four theories Written in an accessible style that demystifies complex concepts *Media Analysis Techniques* includes learning exercises a glossary study guides and the author's own illustrations New to the Sixth Edition A new chapter on discourse analysis offers students techniques for analyzing the language in texts

New content on psychological impact of social media shows that there are often negative consequences to using social media
