Rankin,2011-06-16 We have all been lied to A great and sinister conspiracy exists to keep us from uncovering the truth about our past Have you ever wondered how Victorians dreamed up all that fantastic futuristic fiction Did it ever occur to you that it might just have been based upon fact That THE WAR OF THE WORLDS was a true account of real events That Captain Nemo s Nautilus even now lies rusting at the bottom of the North Sea That there really was an invisible man And what about the other stuff Did you know that Queen Victoria had a sexual relationship with Dr Watson Or that the elephant man was a product of an E T human hybridisation programme Or that Jack the Ripper was a terminator robot sent from the future Read on and learn how a cabal of Victorian Witches from the Chiswick Townswomen s Guild working with advanced Babbage super computers rewrote 19th Century history and how a 23rd Century boy called Will Starling uncovered the truth about everything **Knock, Knock** William Hartston,2023-05-09 The first mainstream history of humour Hilarious and well researched this book from household name William Hartston a presenter author and journalist makes a perfect gift Of all human qualities humour is perhaps the most puzzling In this very first history of humour author and humourist William Hartston looks at every aspect of the evolution of humour and our attitudes towards it with a view to developing a proper Theory Of Everything Humorous From comedy in ancient Greece and jokes in ancient Rome to laughter in the Bible and the secret of comic delivery from how humour changed following the American civil war to how Mark Twain changed written comedy in the English speaking world William leaves no stone unturned in his quest to understand what makes us chuckle Besides being academically well founded A History of Humour will unlike almost everything else written on the subject be both seriously humorous and humorously serious The Da-Da-De-Da-Da Code Robert Rankin,2011-06-02 Jonny Hooker has

been picked as a WINNER and all he has to do to claim his prize is to solve the Da da de da da Code Jonny knows that beat it always turns up in popular music like Waltzing Matilda or the National Anthem And it has something to do with the Devil s Chord And with Robert Johnson who sold his soul to the Devil whose blues influenced a generation of musicians And it definitely has something to do with Elvis who is still alive and rocking of course And with the Secret Parliament of Five who meet in Gunnersbury Park to dictate world affairs And when he solves the Da da de da da Code Jonny will also discover why all the most famous rock musicians die aged twenty seven the truth about raising an ancient god and the destruction of the world It s all right there in the music All Jonny has to do is to crack that code Before he dies on Monday **The**

nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites *Necrophenia* Robert Rankin,2008-12-01

The Educated Ape and Other Wonders of the Worlds Robert Rankin, 2012-11-15 An epic in four movements this is the third book in Robert Rankin's highly acclaimed meta Victorian series Comparable to Pratchett or Douglas Adams the Father of Far Fetched Fiction has pulled out all of the stops with this riotous tale of wicked women a dangerous detective and Darwin the educated ape Lord Brentford has a dream To create a Grand Exposition that will showcase The Wonders of the Worlds and encourage peace between the inhabited planets of Venus Jupiter and Earth Ernest Rutherford has a dream To construct a time ship powered by the large hadron collider he has built beneath the streets of London Cameron Bell is England's greatest detective and he too has a dream To solve the crime of the century before it takes place without blowing up any more of London's landmarks Darwin is a monkey butler and he also has a dream To end Man's inhumanity to Monkey and bring a little joy into the world Lavinia Dharkstorm has a dream of her own Although hers is more of a nightmare To erase Man and Monkey alike from the face of the Earth and to hasten in the End of Days Then there is the crime fighting superlady all those chickens from the past and the unwelcome arrival of The Antichrist Things are looking rather grim on planet Earth

Rasmus P J Vanston, 2016-11-04 Rasmus is a pitch dark satire and a gloriously cynical swipe at a television industry that perhaps well deserves it As funny as it is disturbing this is an ambitious State of the Nation novel which uses the hyperrealism of exaggerated reality to reflect back at us the often absurd and grotesque horror of 21st century TV and society In this dark tale of wrecked morality a visionary reality TV producer leads the public and his own competition to a point of corruption they never dreamed possible Along the way pets stampede celebrities are eaten and the world erupts in violence The story revolves around three central characters Rasmus the mysterious visionary Minty ambitious TV producer and wannabe first female Director General and Hugo affable but bumbling BBC Head of Vision How these characters interact ultimately determines the course of events and drives the plot towards its shocking conclusion Written in three parts the story is set mainly in London but also travels far and wide Russia China Africa Papua New Guinea and South Wales amongst other exotic locations Rasmus is an imaginative unusual and intelligent work that asks some difficult and pertinent questions about the world in which we live Rasmus is a
