research that purports to prove the harm of pornography and warns against the continuing use of censorship by politicians and the moral right as well as exposing the dangers of anti porn feminist arguments Contributions from a wide range of women including sex workers and academics remind us that pornography does not have a special place in our oppression and that censorship must still be seen as dangerous enemy of women Bad Girls Dirty Pictures is a much needed antidote to falsehoods shabby thinking and patronising sexism that have fuelled anti pornography campaigns and misled the women s movement
